COURSE INFORMATION

Textbook(s) Required:

- Effective Succession Planning by William J. Rothwell. Print ISBN-13 : 978-0814449158

Optional

- American Psychological Association. (2020). *Publishing manual of the American Psychological Association* (7th ed.). Washington, DC: Author.

Course Description

Succession planning is the process of pinpointing key needs for intellectual talent throughout the organization over time and preparing individuals for present and future work responsibilities needed by the organization. The purpose of this course is to examine processes and practices of succession planning as a part of talent development strategy.

Student Learning Outcomes

1. Define the definitions of talent development and succession planning
2. Explain the need for succession planning
3. Describe an overarching framework governing succession planning
4. Explain the processes to implement a succession planning in various organizations

The syllabus/schedule are subject to change.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

This is a fully online course. Assignments will be delivered via a Learning/Course Management System. Knowledge of the substantive material covered in the course is of central importance. Grading will include consideration of content as well as grammar, spelling, organization, and explicit use of readings. A serious commitment to mastery of the content and contribution to everyone's learning is expected. An online course inherently requires students to be active, reflective, and contributive learners.

Assigned readings are noted within the module overview as well as on the course schedule. Required module readings will serve as a basis for online discussion. Late submissions, one week past the due date **WILL NOT** be accepted, and each day late will incur 10% score deduction. I do understand that sometimes there are circumstances outside one's control that may impact timely submission of assignments, such as jury duty, hospitalization, or death of a family member. In these instances, a student is expected to notify the instructor **BEFORE** the assignment deadline.

Course Grade

Discussion Boards (6 at 100 points each = 600 points total): Each discussion thread topic will require a "post" and two "replies" to fellow classmate's posts.

Weekly Reflection (6 at 100 points each = 600 points total): Each student is to post a journal entry for each module's reading assignment.

Cumulative Project (800 points): The major project for the class is a group project report and presentation that will be a synthesis and application of the book content as it applies to talent development practices. More details can be found in the course shell.

TECHNOLOGY REQUIREMENTS

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

The syllabus/schedule are subject to change.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
- The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.

Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents for assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.

ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or helpdesk@tamuc.edu.

Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

COMMUNICATION AND SUPPORT
