### COURSE INFORMATION

#### Materials – Textbooks, Readings, Supplementary Readings

There are no required textbooks for this class. However, students will be given appropriate handouts and articles as needed.

### COURSE REQUIREMENTS

#### Instructional Methods, Activities, and Assessments

##### Instructional Methods

This class will be ran as a seminar course with numerous discussions and critical thinking. It will not be a typical lecture course. The skills and concepts you learn in this course shouldn't be merely memorized – they should be put into practice in your daily lives. Those practices require us to discuss your experiences during implementation. We will talk about what concerns, worries, struggles, and stressors you are facing as a college student and as an Honors College student. I want to hear you so I can facilitate your transition into higher education.

All assignments, schedules, and due dates are subject to change.

**Assignments: unless otherwise noted, all assignments are due by your class day and time on that date.**

##### Class Participation and Attendance

As you read above, this course relies upon your participation. Thus, a portion of your grade will rely upon participation. There are numerous elements that go into class participation: (1) Good attendance (according to University rules, students may be dropped from the class for excessive unexcused absences). If you miss a class, you will lose 15 points toward this grade; (2) Frequent, and preferably intelligent, contributions to class discussion; (3) Active participation in group exercises; (4) Polite and civil interactions with all members of the class [“All students enrolled at the University shall follow the tenets of common decency and acceptable

behavior conducive to a positive learning environment.” (See Student’s Guide Handbook, Policies and Procedures, Conduct)].

### **Academic Planner:**

You will use the academic planner you have purchased to plan out the rest of your semester. Take the syllabi from your classes in which you are enrolled (including this one). Put the major due dates from the syllabi in your planner. For example: Plant Assignment will go in the box for whatever day you attend class on the week of Nov. 29. If you have lost a syllabus from a course, you can find it on the current schedule of classes ([www.tamuc.edu/schedule](http://www.tamuc.edu/schedule)). House Bill 2504 mandates that all syllabi must be posted by the first class day, so you will always have access to the information.

### **Plagiarism Certificate**

Plagiarism is a serious offense with lasting consequences. You will visit <https://www.indiana.edu/~istd/> for a tutorial on “How to Recognize Plagiarism”. Visit each section on the left hand side, including IU Definition, Overview, Cases, Examples, and Practice. Once you feel you have mastered the material, take the Certification Test. Your age group is “I’m an undergraduate college student or advanced high school student”. You will need to register an account to take the test, using a valid email address. When you pass the test, your certificate will be emailed to you. Forward the email to your instructor before your class time on the due date.

### **Wellness Activity**

Wellness is your overall state of health that is multi-faceted. Reflect on our Wellness Wheel exercise in class. Identify one area of wellness that you’d like to improve this week. Utilize a campus resource to address or improve that facet of wellness. Some examples can include the Counseling Center, Outdoor Adventure, a campus event, or something else. Respond to and submit the wellness activity journal entry in D2L.

Growth Event Paper - Growth occurs when we are able to develop - in our actions, thoughts, behaviors, or otherwise. All students grow during their first semester of college, sometimes unexpectedly. Undoubtedly, you will experience something that goes against your initial expectations of yourself or others. Write a reflection essay about a time this semester when you experienced growth. This could be relationally, academically, or personally. What situation or event were you confronted with? Did you embrace change initially or were you resistant? How do you feel the outcome of this growth relates to your experience as a college student, and how will it contribute to your success?

Plant Assignment - You will be given a seed and soil on the first day of class. The assignment is to take it home and see what happens. Toward the end of the semester, you will submit a one-page reflection of your experience of the process. How did you start the process? Was it difficult to take care of your plant? Did it grow? Did you find yourself forgetting about it, or did you look forward to it each day? What did you take away from this assignment? How can you relate it to your academic career?

<b>TECHNOLOGY REQUIREMENTS, ACCESS AND NAVIGATION</b>
---

Students will need access to the internet, a computer, a word processor, a webcam, and sound/microphone capabilities to participate in virtual discussions. If you do not have access to any of these items, please discuss with your instructor well ahead of the first day.

## COURSE AND UNIVERSITY PROCEDURES/POLICIES

### **Student Conduct**

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the [Student Guidebook](#).
