REQUIRED TEXTBOOKS

Sarah Chapelle, *Taylor Swift Style: Fashion Through the Eras*. St. Martin's Griffin, 2024.
ISBN: 1250906156 (please note: the release date for this book is October 8!)

All other readings and videos will be available on D2L.

WORKLOAD:

The rule of thumb for time required for course study and preparation each week for a face-to-face class or an online course during the spring and fall semesters is three times the number of credit hours (or 9 hours per week) for the course. You need to plan accordingly. If you find yourself unable to complete course requirements in a timely manner, refer to the University's withdrawal policy and the appropriate dates. Incomplete grades are only granted for extreme emergencies. Being "overloaded" either from other class assignments or job commitments are not considered to be emergency situations. For this class, you should expect an hour to an hour and a half of work for each class period (so around three hours a week). If you desire, you can work ahead and start the projects early, just remember to follow due dates and engage in conversation in discussion posts!

COURSE REQUIREMENTS:

Engagement: Each person is expected to participate fully in class, by following the guidelines listed below.

- **Preparation:** reviewing readings and material before class
- **Focus:** avoiding distractions during in-person and online activities
- **Presence:** engaged and responsive during all activities
- **Asking Questions:** in class, out of class, online, offline
- **Listening:** hearing what others say, and also what they are not saying
- **Specificity:** referring to specific ideas from reading and discussions
- **Synthesizing:** making connections between reading and discussions

Attendance: Each student in this course is allowed no more than **three** unexcused absences. Each absence after this results in the lowering of the grade by 1/3 of a letter grade. When a student accrues **more than eight unexcused absences** the instructor has the right to drop the student from the course or to give them a failing grade. Unexcused absences require no explanation. For an absence to be considered excused, appropriate documentation must be presented. Excused absences are defined in The Student Guidebook and various university policies, but the policy employed in this class is confined to the following: (1) Participation in pre-approved University activities such as athletic events, sponsored field trips, and travel for specific University-related academic reasons; (2) Verifiable legal proceedings; (3) Documented cases of illness, injury, or emergencies. **All such excuses must be shown to the instructor in original, written, documentary form within 7 days of the absence(s) together with a photocopy for the instructor's records.** (Please understand that this copy is a student's only record of an absence.) In lieu of documentation, absences become unexcused and are counted as such.

Discussion: Each student will write numerous times to the discussion page for the class. There will be clear class prompts, with word counts for you to follow. Discussions are due Tuesdays and Thursdays prior to the start of class. No late posts or make-up posts will be allowed.

Assignments:

Throughout the course, you will have numerous written assignments, including videos and short papers. The assignments must be uploaded on time will NOT be accepted via email, unless specified. This also includes a larger project on gossip, and a reflection paper that addresses your time in the course.

Grade Breakdown:

25% Discussion Posts
 25% Assignments
 30% Gossip Project
 10% Community Service Project
 10% Reflection Paper

Grade Scale:

A = 90%-100%
 B = 80%-89%
 C = 70%-79%
 D = 60%-69%
 F = 59% or Below

Note: Personal computer problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the school or local library, office service companies, an Internet cafe, or a bookstore, such as Barnes & Noble, etc.

DISCUSSION:

Each person will bring their own experiences to this class and should feel comfortable expressing their opinions and vulnerabilities. The classroom is a safe environment, and each student should behave with integrity and treat their peers with respect.

HANDING IN ASSIGNMENTS

Each assignment must be uploaded on time. For each class day late, the grade will be deducted one letter grade. **Assignments will NOT be accepted past the End Date on D2L.**

SYLLABUS CHANGE POLICY

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

NONDISCRIMINATION NOTICE

Texas A&M University-Commerce will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

CLASSROOM POLICIES:

Statement on Student Behavior:

All students enrolled at the University shall follow the tenet of common decency and acceptable behavior conducive to a positive learning environment (See Student's Guide Handbook, Policies and Procedures, Conduct).

All students must show respect toward the instructor and the instructor's syllabus, presentations, assignments, and point of view. Students should respect each others' differences. If the instructor determines that a student is not being respectful towards other students or the instructor, it is the instructor's prerogative to ask the student to leave, to refer the student to the department head, and to consider referring the student to the Dean of Students who may consider requiring the student to drop the course. Please refer to pages 42 – 46 of the Texas A&M University-commerce Student guidebook's Codes of Conduct for details.

Academic Dishonesty: Students at Texas A&M University-Commerce are expected to maintain high standards of integrity and honesty in all of their scholastic work. There is **no tolerance** for any kind of academic dishonesty in this course. This includes, but is not limited to, plagiarism, cheating on exams, theft of instructional material or exams, representing the work of someone else as one's own, and misrepresenting absences. Academic dishonesty is a severe transgression and may result in referral to the Dean of Students, expulsion from class and/or the University, and a failing grade.

It is the student's responsibility to:

1. research and write their own papers
2. give proper credit through documentation when using words or ideas of others
3. rely on their own knowledge when taking tests
4. refuse to give another student the opportunity to be dishonest

Artificial Intelligence (AI): The use of ChatGPT, Copilot, or any other AI platform or tool to generate ideas, write content, or produce any material is strictly prohibited in this course.

This class is designed to develop your writing skills, and if you are using AI, you are not writing or learning. This is because the use of AI diminishes opportunities to learn from our experiences and from each other, to play with our creative freedoms, to problem-solve, and to contribute our ideas in authentic ways. In a nutshell, college is a place for learning, and this AI simply cannot do that learning for us.

Any work written, developed, created, or inspired by generative artificial intelligence does not lend itself to our learning goals and is a breach of ethical engagement and our academic integrity policy. Using AI opens up academic honesty issues, both because it raises the question if the work is "your" work, and also because tools like ChatGPT rely on taking material from uncredited scholars and writers. If discovered that you have used any type of AI for your work, you will face negative consequences, which will include failing the assignment and potentially failing the course and facing discipline from the university.

Please be cautious using tools like Grammarly, which can be very helpful with spell check and grammar help but should be avoiding when they generate content.

TURNITIN

TAMUC uses Turnitin software to help students avoid plagiarism and cheating. Turnitin is a 'text-matching' software which is designed to educate students regarding appropriate citation and referencing techniques. Turnitin is also used to provide TAMUC with confidence in the academic integrity of students work. Turnitin does this by comparing a student submission against an archive of Internet documents, Internet data, a repository of previously submitted papers, and subscription repository of periodicals, journals, and publications. Turnitin then creates an 'Originality Report' which can be viewed by both lecturers and students, which identifies where the text within a student submission has matched another source.

STATEMENT ON ACCOMMODATIONS FOR ADA ELIGIBLE STUDENTS:

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. After contacting the Office of Student Disability Resources and Services, it is the student's responsibility to notify the instructor of what accommodations are needed **IN ADVANCE** of when they are needed (for example, if testing accommodations are necessary, please inform the instructor with appropriate documentation at LEAST one week before the test date).

EMAIL POLICY:

Email is the preferred form of communication, with a general response time of 24 hours during the week (do not expect replies over the weekend). For all emails sent, please **include full name, student ID, and the class** that you are attending. Do not send emails to myself and other professors at once, as each professor has different issues to address. You are allotted three absences for this course; plan accordingly and there is no need to contact me about unexcused absences that are incorporated into this allowance. For excused absences, you need to bring in a hard copy of appropriate documentation of your absence.

GRADE POLICY:

Make-up work will be administered only in instances of excused absences (and acceptable documentation). When an excused absence causes a student to miss work, it is the student's responsibility to inform--or to have someone else notify--the instructor within 4 days of the due date. If permitted, this work must be made up within two weeks of the scheduled date, at a time and place determined by the professor.

Assignments are due at the start of the class on the assigned date. Late work will only be accepted for one week after the due date, and the grade will be penalized. Concerning grade decisions, I will not discuss specific grades on ANY assignment or test the day it is the grade is given. If you have concerns regarding a grade, email me within one week of receiving the assignment back clearly explaining why you think the assignment was addressed incorrectly. After the email is received, we will then set up an appointment to discuss the concern.

*** THERE WILL BE NO EXTRA CREDIT ASSIGNMENTS***
