3. Items that address Critical Thinking Skills as they relate to understanding the analysis of hands-on activities and how they relate to each other or to real world situations.
4. Point value for each item will be in parentheses at the end of the section or item. Total value of the Test or EXAM is 100 points.

Attendance Policy:

It is the prerogative of the instructor to drop students from courses in which they have accrued excessive absences (three or more). However, a student wishing to drop the course should do so. Failure to do so may result in a failing grade.

You are expected to attend each class meeting and to arrive on time.
