COURSE DESCRIPTION

This class is designed to be an introduction to nursing concepts and specific skills necessary for small animals. Students learn how to properly restrain cats and dogs, administer parenteral injections, take a patient history, complete medical records, conduct a physical examination, and perform clinical procedures related to primary patient care. Topics include, but not be limited to: including wound care and bandaging, diagnostic procedures for the ears and eyes, parenteral injection techniques, and administering medications. Prerequisites: Current enrollment in the second year of the professional Veterinary Biomedical Technology program.

STUDENT LEARNING OUTCOMES

1. Restrain dogs and cats for examination and medical procedures.
2. Demonstrate the ability to perform intramuscular and subcutaneous injections on dogs and cats.
3. Gather subjective and objective patient information efficiently. This includes the obtaining of vital signs, use of thermometer, stethoscope, otoscope and ophthalmoscope.
4. Administer medications to dogs and cats including oral, topical and auricle.
5. Outline nursing procedures such as basic patient care and grooming, bandaging, sample collection, and administering medications and treatments.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Using the learning management system, using Microsoft Word and PowerPoint, using presentation and graphics programs, etc.

INSTRUCTIONAL METHODS

This class is designed such that you may learn at a faster pace should you choose to work ahead in class.

Each week consists of reading assigned from the textbook, review exercises, reading and responding to a case study, and a quiz to evaluate your comprehension of the material.

STUDENT RESPONSIBILITIES & TIPS FOR SUCCESS IN THE COURSE

Examples include: Regularly logging into the course website, approximately 2 hours of weekly study and 2 hours of participation time expected. These anticipated times are an estimation and may require more or less.

- The student will be held responsible for being familiar with all material presented in lectures, readings, and classmates' presentations.
- The student is expected to participate in all course activities and complete all examinations and course assignments on time.
- Any changes in the course schedule, such as examination dates, deadlines, etc., will be announced ahead of time via email and on the **d2L website**.

The syllabus/schedule are subject to change.

- It is the student's responsibility to be informed of these changes. It is the student's responsibility to be informed about deadlines concerning registration (e.g., last day for withdrawal).
- Communication: The instructor will communicate with students through email and D2L

GRADING

• Attendance

- Students are expected to be present for all class meetings of any course for which they are enrolled.
 - 100 points
 - 2 excused absences – no deduction
 - 10 points deduction for each unexcused absence after.
- Role will be taken daily via TAMUC EAB.
- Students are responsible for requesting makeup work when they are absent.
 - They student will be permitted to make up work for absences which are considered by the faculty member to be excusable.
 - The method of making up this work shall be determined by the faculty member.
- The student is responsible for providing the faculty member reason(s) for his/her absence. The faculty member then determines the validity of the reason(s) for the absence and whether the student is to be excused for the absence.
- **Live labs: lab absences will not be available for makeup. Missing a live lab will automatically result in a zero.**

• Assignments/ Worksheets

- **Late submissions:** Assignments will be due at a specific date and time. Any time after the due date, the homework is considered late and will receive an automatic 30% reduction in the final score and a 10% reduction each day beyond the due date.

• Professionalism

- Students will be evaluated in two categories for professionalism: Punctuality and Attendance, and Attitude and Ethics.
- Punctuality and Attendance:
 - The student must attend class at the scheduled date and time.
 - The student must be on time to minimize any additional distractions to fellow students
 - **The student must be on time for ALL Live Labs**
- Attitude and Ethics:
 - If the student is caught cheating, this will automatically cut this category in half (and the student will receive a zero for that assignment/quiz/exam).
 - Attitude is evaluated each time the student communicates with course instructor(s).
 - Are the emails in a professional manner?
 - Are you disagreeing in a respectful way?
 - it is ok to say disagree with something, but there is a right and wrong way
 - And are you looking for resources or answers first before asking for help?
 - Is the student addressing the instructor using the correct title (ie. Dr. Mrs. Prof.)

The syllabus/schedule are subject to change.

- **Final Exam:**

- The final exam will be comprehensive/cumulative and will be given in class on:
 - Time and Location TBA
- The final Lab Practical Exam will be comprehensive/cumulative and will be given in class on:
 - Time and Location TBA
- The final exam format may include T/F, matching, multiple choice, and short answer. No smart phones/cell phones/tablets will allowed to use on the exam.
