### COURSE INFORMATION

Welcome to Sculpture I!

We meet on Tuesdays and Thursdays, 8 – 10:50 a.m., in the Sculpture Lab (ASL 119).

There are no textbooks required for this course. Any reading materials or video links will be shared in class or distributed online through D2L, as needed, throughout the semester.

Materials: Students will need the following set of basic materials, as well as other materials as needed and specified for each assignment. Each assignment will be given one-at-a-time.

**For the first class day (Tuesday, August 27th), please bring a pencil or pen and a sketchbook or notebook to write in.** Also, please make sure to **wear comfortable closed-toe shoes that you can safely and comfortably work in (tennis shoes or comfortable boots).** You will not need other items on the first day. I will go over all of

Glue gun and glue gun sticks (mini or regular)  
Loctite Super Glue Gel  
Scotch Magic Tape  
Blue painter's tape and masking tape  
Scissors (adult sized)  
Small brushes  
Safety goggles  
Measuring tape  
Needle, thread, pins and pin cushion

Other necessities:

Ambition and drive  
Enthusiasm and appreciation – especially when it comes to the unfamiliar and unknown, as well as identifying and overcoming obstacles – both large and small.  
Curiosity  
Creativity  
Sense of wonder and adventure  
Kindness and empathy  
Dreams and goals – large and small, both personal and community-based.

In addition to basic supplies, students are required to gather and purchase their own materials for each project. Materials for demonstrations will be provided. Again, there are no required textbooks for this course. Any assigned essays will be available via web link or distributed in class. Materials will. Readings will also be made available through D2L.

## **Course Description**

This course focuses on material, technical, practical, conceptual and creative problem solving with attention to material choice, construction, installation, technical ability and advancement. Art history, the relationship, interaction and importance of surface,

structure, space, movement and color, realism and abstraction, and the power of metaphor will be discussed and explored.

Each creative, more conceptually driven project will be introduced with a more specific, material and technically-based, short-term project (exercise). This helps students gain skill sets necessary to bring their creative project ideas to fruition using solid material and technical problem-solving knowledge.

## **Course Objectives / Student Learning Outcomes**

- Gain technical and problem solving skills as they apply to creating objects, multi-media and multi-format work, as needed, with attention to formal and conceptual decisions.
- Advance visual, physical and conceptual problem solving abilities.
- Understand how sculpture, in particular, sewing, woodworking and casting, is utilized in a variety of disciplines. During this semester, we will focus on a variety of flexible mold making and casting projects.
- Understand the importance of craftsmanship and installation strategies, while learning how formal decisions impact the meaning of the work.
- Understand that art functions as a vehicle for meaning and expression, with the possibility of initiating introspection, conversation, awareness and change.
- Adopt creative and ambitious thought processes and work habits.
- Be familiar with a variety of contemporary artists whose works relates to the current assignments.

## **COURSE REQUIREMENTS**

Students must be able to use Word, work and communicate in-person, as well as online through D2L and zoom when needed. In addition to meeting at the scheduled class

times, each student will need to dedicate a minimum of six additional hours outside of class each week to pass this course.

All other technical skills required (material, tool and construction) will be taught throughout the class, as they apply to each assignment.

### **Instructional Methods**

Please come to class wearing closed-toe shoes (tennis shoes or boots) and comfortable clothes (not fancy dress clothes) that you can work in.

### **Student Responsibilities or Tips for Success in the Course**

Come to class prepared to work on your projects, and work regularly and thoughtfully in and outside of class. Be engaged and fully participate in critiques. Should you have any questions or concerns, please let me, as well as my GA, Vinusha, know.

### **GRADING**

Final grades in this course will be based on the following scale:

- A = 90%-100%
- B = 80%-89%
- C = 70%-79%
- D = 60%-69%
- F = 59% or Below

Weights of the assessments in the calculation of the final letter grade.

Studio Assignments 1 and 2	20%
Studio Assignments 2 and 3	20%
Studio Assignments 3 and 4	20%
Final project (individual artist websites with documentation of each project)	20%
Class participation, including critiques, preparedness, safety, teamwork and class cleanup	20%
<b>TOTAL</b>	<b>100%</b>

### **Assessments**

*The syllabus/schedule are subject to change.*

Studio assignments will be graded on craftsmanship, creativity, conceptual strength, presentation, effort, work ethic and consistency of work ethic, attention to detail, problem solving methods, resourcefulness and level of difficulty.

Students are expected to have a positive attitude, communicate regularly and thoughtfully, come prepared with materials, observe lab rules and safety protocol, as well as work diligently and regularly both inside and outside of class. Cell phone use is not prohibited during class. Should you need to be reached in an emergency, please tell family and/or friends to call the art office at 903.886.5208 during your class time.
