**Prerequisites:** MGT 527 is open to graduate business majors only and should be taken during the semester of graduation. **Students not in their last term of the MBA/MSM program must request permission from the professor or department head by e-mail to take this course.** If you are not certain whether you should be taking this course, please contact me.

**Course Description:** A study of administrative processes and policy determinations at the strategic management level. The course will develop students' capacity to apply knowledge of the numerous issues and functional disciplines inherent to effective strategic management planning and application. The course will move from theory to critical issues and practical project implementation. Lectures, independent research, ongoing discussion, an exam, and a comprehensive strategic audit will be the methodologies used.

#### **Electronic system to use during the course:**

Students will find some course materials in the D2L Brightspace course shell. You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or [helpdesk@tamuc.edu](mailto:helpdesk@tamuc.edu).

I will correspond with you frequently by e-mail using the course roster(s) in D2L. Please check your university e-mail daily. The Zoom function of the D2L Learning Management System will be used for sessions/lectures on Tuesday evenings (6:00 PM CT) beginning **Tuesday, August**

**27<sup>th</sup> and ending on Tuesday December 3<sup>rd</sup>.** Please attend these sessions synchronously if possible. If you cannot, however, the sessions will be recorded so that you can watch at your convenience. In addition, students enrolled in the 01E section will meet with me in person on campus during my Thursday office hours.

## COURSE OBJECTIVES

After successfully completing this course, you will:

- understand the nature of competition and industries at an advanced level
- understand the influence that external forces--social, political/legal, economic, and technological--play in business performance
- understand the sophisticated relationships among the functional areas of business administration, including marketing, analytics, human resources, operations, finance, economics, and accounting
- understand the craft of strategy research, including extensive use of the internet as a research tool
- be able to systematically apply the strategic management model to the analysis of an ongoing enterprise, including industry, environmental, and firm assessments; firm, business, and functional strategic assessments; development and evaluation of strategic alternatives; and strategic implementation and control

<b>Grade Evaluation</b>	<b><u>Points</u></b>
Homework 1 – Broad Environment Analysis	100
Homework 2 – Operating Environment Analysis	100
Porter’s Five Forces Model Application Essay	100
Course Exam	150
Comprehensive Exam	150
Strategic Audit	400

TOTAL	1,000

## Grade Conversion

- A = 900 or greater (90%)
- B = 800 - 899 (80% - 89%)
- C = 700 - 799 (70% - 79%)
- F = 699 or below

## Description of Evaluation Criteria

**Homework** – Two homework assignments will be assigned during the course. These will take the form of analyses of the broad and operating environments, respectively, and assigned during class sessions (100 points each).

**Porter's Five Forces Application Essay** – An essay reviewing five journal articles in which Porter's Five Forces Model was applied to specific industries will be assigned during the course (100 points). This short essay will be used to assess Written Communication (i.e., appropriate content, writing style, grammar, proper citation and references per APA style) for MBA and MS Management. As such, the essay must be written without the aid of ChatGPT or other large language learning models. Instructions will be provided during a class session.

**Course Exam** – The exam is worth 150 points. You must successfully pass the exam (minimum 70%) to successfully complete the course. Instructions will be provided during a class session.

**Comprehensive Exam** - The Comprehensive Exam measures your comprehension of the core business courses. The College of Business requires all students to take the Comprehensive Exam in their final semester and uses the results to evaluate our graduate programs. All students enrolled in MGT 527 must take this exam, which is a part of the course grade (150 points). However, the CCE is administered through enrollment in a separate course shell (MGT 599). All students enrolled in MGT 527 will get access to MGT 599 to take the Comprehensive Exam. The Comprehensive Exam will be administered in around week 13 of the Fall semester. During that week, your requirements for this course will be minimal to allow you to focus on the Comprehensive Exam. More information will be provided during the term.

**Strategic Audit** – 400 points are available based upon the quality of your strategic audit. Based upon an actual corporation, you or your team will prepare a written strategic analysis based on the application of strategic management concepts. This can be an individual or a team project and the firm and industry will be negotiated once the make up of the class is established. The plan will be graded based upon timeliness, specificity, depth and breadth of analyses, and support for your recommendations. See outline and rubric at the end of the syllabus.

**Preferred Way to be Contacted:** E-mail. I check my e-mail often and will get back to you as soon as I can. It would be rare that I don't respond within 24 hours, usually much, much sooner. Never hesitate to contact me. I like students and I love teaching so I'm here for you if you need me. You may certainly also text me if we need to discuss your work.

**Attendance:** Obviously, I want you to attend my Zoom class meetings. I will do my best to motivate you to attend. If you must miss a session, please review the recording at your earliest convenience. You will be responsible for material covered in class.

**Late Work Policy:** I'd prefer for your assignments to not be late. Currency and timeliness are very important to your learning. I will, however, accept late work on an individual basis that will need to be cleared with me prior to the due date.

**Syllabus Change Policy:** The syllabus is a guide. Circumstances and events, such as student progress or current events, may make it necessary/desirable to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

**Student Conduct:** All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the [Student Guidebook](#).

<http://www.tamuc.edu/admissions/registrar/documents/studentGuidebook.pdf>

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: [Netiquette](#)

<http://www.albion.com/netiquette/corerules.html>

**TAMUC Attendance:** For more information about the attendance policy please visit the [Attendance](#) webpage and [Procedure 13.99.99.R0.01](#).

**Empowering Responsible and Ethical Use of AI:** I encourage the use of AI tools, such as ChatGPT, to enhance your learning experience. AI can be a powerful resource for generating ideas, conducting research, and improving analytical skills. However, it is crucial to use these tools responsibly/ethically to maintain the integrity of your work and uphold academic standards.

**Acceptable Use of AI:**

1. **Research and Idea Generation:** Use AI to help brainstorm topics, generate ideas, and gather preliminary information.
2. **Data Analysis Assistance:** Employ AI tools for assistance with data analysis, such as creating graphs and visualizations in Excel.
3. **Improving Writing:** Use AI for proofreading to enhance the clarity, grammar, and structure of your writing.

4. **Learning and Skill Development:** Engage with AI to improve your understanding of course material and develop relevant skills, such as prompt engineering and metrics development.

### **Unacceptable Use of AI:**

1. **Plagiarism:** Submitting AI-generated content as your own without proper attribution is strictly prohibited. All work must be original and reflect your own understanding and effort.
2. **Cheating:** Using AI to complete assignments, quizzes, or exams, undermining the learning process, is not allowed.
3. **Fabrication of Data:** Generating or altering data using AI tools to misrepresent research findings or results is unacceptable.
4. **Misrepresentation:** Presenting AI-generated content or ideas your own is prohibited.

### **Guidelines for Responsible Use:**

1. **Cite AI Sources:** If you use AI tools to gather information or generate content, provide appropriate citations and acknowledge the use of these tools in your work.
2. **Maintain Academic Integrity:** Ensure that your submissions reflect your own understanding, analysis, and synthesis of the material. Use AI as a supplement, not a substitute, for your learning and effort.
3. **Transparency:** Be honest about the extent to which AI has assisted you in your work. When in doubt, consult with the instructor on how to appropriately integrate AI into your assignments.
4. **Learn and Grow:** Use AI as a learning tool to enhance your knowledge and skills. Strive to understand and internalize the concepts rather than relying solely on AI outputs.

**Consequences of Misuse:** Violations of this AI policy will be treated as academic misconduct and will be subject to the university's academic integrity procedures. Penalties may include failing the assignment, failing the course, or further disciplinary action as outlined in the university's academic integrity policy. By adhering to these guidelines, you can effectively harness the power of AI to support your educational journey while maintaining the highest standards of academic integrity and professionalism.

### **Students with Disabilities**

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides reasonable accommodation for their disabilities. If you have a disability requiring an accommodation, please contact:

**Office of Student Disability Resources and Services**  
**Texas A&M University – Commerce**  
**Waters Library, Room 132**  
**Phone (903) 886-5150 or (903) 886-5835**  
**Fax (903) 468-8148**

**Nondiscrimination Notice:** Texas A&M University-Commerce will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation based on race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further, an environment free from discrimination based on sexual orientation, gender identity, or gender expression will be maintained.

**Campus Concealed Carry Statement:** Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in Texas A&M University-Commerce buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and A&M-Commerce Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations.

For a list of locations, please refer to the [Carrying Concealed Handguns On Campus](#) document and/or consult your event organizer.

Web url:

<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/34SafetyOfEmployeesAndStudents/34.06.02.R1.pdf>

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all A&M-Commerce campuses. Report violations to the University Police Department at 903-886-5868 or 9-1-1.
