COURSE INFORMATION

Materials – Textbooks, Readings, Supplementary Readings

SED 400:

This course requires an account with TK20.

SED 401, SED 404, SED 405, ELED 452: Materials for these courses have been previously purchased or downloaded in previous courses.

Tk20—Assessment Solutions at Work

- Tk20 is an online data collection assessment tool that houses information/documents/assessments/etc. for our teacher education students. Most residents have purchased and have used Tk20 in SED 300/330 and are familiar with the system. For those that may

not have used Tk20 in the past, they will need to purchase the program and become familiar with the platform

You should have these from your SED 300 class:

- English Language Proficiency Standards.
- <http://ritter.tea.state.tx.us/rules/tac/chapter074/ch074a.html#74.4>
- Texas Essential Knowledge and Skills (TEKS) for one of your teaching fields in one course or grade level <http://www.tea.state.tx.us/index2.aspx?id=6148>
- Texas Examinations of Educator Standards (TExES) Preparation Manual <http://texas.ets.org/texas/prepMaterials/>

COURSE DESCRIPTION

SED 400 – Pedagogy and Classroom Management in Field-Based Environments

An experiential component in which future public school teachers design and implement culturally diverse curriculum and model the use of a variety of classroom management strategies. The resident teachers will use cutting edge technologies for creating curriculum to maximize student engagement. Special attention will center on the synergistic nature of effective management and immersive curriculum. Prospective teachers will achieve knowledge and skill by observing and teaching as a resident in secondary public-school teachers in classroom situations. Prerequisites: SED 300 & PSY 300

SED 401 – Technology Infused Curriculum and Assessment in Field-Based Environments

An experiential component in which future public school teachers design and implement curriculum and model the use of a variety of classroom assessment techniques. The resident teachers will use cutting edge technologies for both creating and assessing lessons. Special attention will center on the alignment of curriculum, instruction, and testing. Prospective teachers will achieve knowledge and skill by observing and assisting middle/secondary public-school teachers in classroom situations.

SED 404 - Secondary Teaching Practicum

Supervised resident teaching experiences in the secondary school classroom. Regular seminar sessions will focus on the situations, questions, and concerns that arise directly from the resident teachers' experiences in secondary public-school classrooms.

SED 405 - Secondary Residency in Teaching

Resident teachers perform all aspects of student teaching in a public-school setting. Working closely with a public-school mentor teacher and under the supervision of a university liaison/field supervisor, the resident teachers learn the process and concepts of teaching in the real-world setting.

ELED 452 – Secondary All – Level Residency in Teaching

Resident teachers perform all aspects of student teaching in a public-school setting. Working closely with a public-school mentor teacher and under the supervision of a university liaison/field supervisor, the resident teachers learn the process and concepts of teaching in the real-world setting.

Student Responsibilities or Tips for Success in the Course

1. Demonstrate professionalism with your students, your mentor, and the faculty at your campus in the field.
2. Read and implement the suggestions for ways to be involved available in your Resident Handbook.
3. Work with your mentor to follow the schedule to take on more and more responsibility of your field-based class.
4. Turn in your assignments on time.
5. Read your emails every day and respond promptly.
6. Apply the lessons from seminar in your work in the field classroom.
7. Show appreciation for your mentors, field supervisors, and instructors. We are all here to help you become the best teacher possible, and your success is our success.

GRADING

A semester letter grade is earned based on the goals set in the Professionalism Rubric (music students excluded).

A = 90 – 100 % B = 80 - 89 % C = 70 - 79 % D = 60-69 % F =59 % or below

Seminar

In order to receive full credit for seminar assignments during residency, the resident must submit on or before the due dates. Due dates will be provided during the first seminar.

Residency Requirements

Attendance Sheet: Each student will have their mentor initial his/her attendance sheet each day.

Observation Documentation and Tk20

Lesson plans for observations must be submitted to your field supervisor (via e-mail) twenty-four hours prior to the observation. Failure to submit the lesson plan prior to the observation will be reflected in Domain IV: Professionalism on your observation and ILT forms, which could lower your overall grade for student teaching.

All documents related to an observation or ILT must be uploaded to TK20 within a week of the observation.

Technology Requirements

Course-Specific Procedures/Policies
--

ATTENDANCE POLICY FOR THE FIELD BASED EXPERIENCE: Both the seminar class meetings (SED 400 / 401) and the residency days in the field (SED 404/405) are considered to be class days.

Seminar Attendance

Please see the Resident Reference Guide for the policy on missed seminars for SED 400 / 401. **Notify your Seminar instructors of your absence immediately by email or text, prior to missing seminar.** Missing more than one seminar and/or continual tardiness can result in a **lowering of your grade, being placed on a growth plan or removal from the program.** You have reached a level of professionalism that no longer tolerates a pattern of absences or tardiness. Please maintain your professional status. You are being observed daily and recommendations for employment will follow.

Please make every effort to be present for all seminar sessions. Seminar learning experience revolves around the interactions with your colleagues and instructors. This crucial component cannot be recreated.

*Please note that all residents who miss a seminar session or a portion of seminar, regardless of the reason, will have that absence reflected on the Attendance/Professionalism rubric. Specifically, a student who misses

an entire seminar session for any unexcused reason will have a zero posted for the Attendance/Professionalism grade.

Residency Attendance

The resident must be on campus all-day, every day during their residency. **Only two excused absences** are allowed during the entire semester during your field-based student teaching (SED 404/405). Any missed day/s in excess of the two (2) absences will need to be made up during the week prior to Commencement in order to receive a passing grade. An excused absence is one for which the Resident has the approval of his or her mentor teacher(s), and the university liaison/field supervisor and follows the attendance policy stated in the college catalog and Resident Handbook. **Approval for absences must be obtained prior to the start of the school day to be missed. If you are ill and will be absent from the field, you must notify your University Field Supervisor, and Cooperating Teacher(s) prior to the start of the school day. TEA requires 70 days of student teaching.**

If the Resident has more than **three absences**, an ILT meeting will be held to determine the Resident's status. **Residents will be immediately removed from the program for any unexcused absences.**

Tardiness is not acceptable in the field. You **MUST** arrive in your classroom on time. Again, your lack of attendance and/or punctuality will result in a poor evaluation, being placed on a growth plan, or removal from the program.

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

University-Specific Procedures/Policies

Student Conduct

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the [Student Guidebook](#).
