COURSE DESCRIPTION

This course is intended to be taken at the end of a student's college career and uses design thinking to address the 'wicked problem' of designing your life and career. The course employs a design thinking approach to help students from any major develop a constructive and effective approach to finding and designing their vocation after A&M Commerce and prepares students to articulate their marketable skills to future employers. Topics include the integration of work and worldviews, the realities of engaging the workplace, and practices that support vocation formation throughout your life. The capstone assignment is the creation of an action plan following your A&M – Commerce graduation and draws upon skills, knowledge, and key assignments.

STUDENT LEARNING OUTCOMES

Completion of this course provides the student with the knowledge to:

- Understand Design Thinking and appropriate mindsets/dispositions and how it differs from traditional thinking
- Understand the principles of design thinking, and be able to explain how they can use this

- technique to better understand the challenges their work faces due to technological disruption
- Design a plan that will guide their career and academic decision making
- Evaluate how to design their lives in the changing landscape of work
- Uncover the importance of skill development throughout their well-designed lives and the need to continue lifelong learning
- Use design thinking to demonstrate a growth mindset that is an essential foundation for life design.
- Practice the skills of self-management and wayfinding to chart a personal life and career path.
- Integrate educational and career planning strategies to design a successful post-A&M Commerce life
- Apply proven story-telling techniques to persuade and influence others

Regular and Substantive Course Interaction

As a general guide, students enrolled in a three semester hour course should spend one hour engaged in instructional activities and two to three hours on out-of-class work per week in a semester.

Educational activities in this course are designed to ensure regular and substantive interaction between students and faculty.

COURSE REQUIREMENTS

Minimal Technical Skills Needed: Students will need reliable computer and internet access for this course. Students must be able to effectively use myLeo email, myLeo Online D2L, and Microsoft Office.

Instructional Methods: This course is an online course. To be successful in this course, all content and course modules should be read and reviewed. All assignments and quizzes (both graded and not graded) must be completed. Please contact the instructor by email for any assistance.

Student Responsibilities or Tips for Success in the Course: To be successful in this course, all content and course modules should be read and reviewed. All assignments and quizzes (both graded and not graded) should be completed. Please contact the instructor by email for any assistance.

ASSESSMENT

- Participation (10%)
- Life Design Activities (20%)
- Career Research Activities (20%)
- Odyssey Plan and Presentation (20%)
- Career Capstone Project (30%)

Participation (10%): Your active, informed participation is essential for doing well in this course and designing your life. Essentially, your perspective is essential to the conversation. Therefore, your preparation and participation in each week's assignments is important, specifically, completing assigned readings before the class and completing weekly journal prompts. For full participation credit, students should complete the initial introduction post, mid semester check in post, the wrap up discussion post in week 16, and complete thoughtful journal entries (weekly prompts in D2L).

Life Design Activities (20%): Students will complete a variety of life design activities throughout the semester – detailed instructions and worksheets are available in D2L.

- Worldview/Workview (10%): Students will create a Worldview and a Workview. Students will be challenged to recognize that connecting the dots between who you are, what you do, and what you believe, increases coherence and meaning making.

- Energy Management Worksheet (10%): Students will experience a shift in mindset from time management to energy management. There is worksheet and exercise to be completed to evaluate energy and determine themes for actionable change.

Career Research Activities (20%): Research is an invaluable step in the career development process. To determine if a profession is right for you, begin by learning about it and how it fits YOU. You are strongly encouraged to utilize your career coach and the resources available in the career center for guidance. If you are unsure who your career coach is, email the instructor.

Details for each assignment are in D2L.

- Complete My Next Move/O*Net Profiler Assessments (10%) This information will not only help you succeed in this class, but will also serve as a tool to get to know yourself, verbalizing your strengths and weaknesses, and help you make informed career decisions.
- Complete an informational interview & reflection (10%): Identify someone in a career of interest to you or pursuing a version of life that interests you. This could be someone who has built a life around a value you admire (service, family, travel) and you will ask them how they "got" there. Or, you can choose to interview someone in your current or future line of work to learn more about what working in that field "looks" like. You may use your personal network, LinkedIn, or contact your professor to locate this person. This should be brainstormed and scheduled during the fifth week of the semester, after you have completed your MyNext Move assessment and not before. **It is very important that you schedule this appointment in advance so you have time to complete the interview.**

Odyssey Plan & Presentation (20%): Students will create three alternative five-year plans using the worksheets provided in class. Students will be required to provide each alternative a descriptive six-word title and write down three questions that arise out of each version of the student. On the worksheet, student will complete a gauge on the dashboard – ranking each alternative for resources, likability, confidence, and coherence. Once you complete the worksheet, you will record and submit a 3-5 minute video presentation to D2L explaining your odyssey plan. To get full credit, you must submit the completed PDF and submit a link to your video uploaded to YouTube. Do not upload a video, it will be too large to download – you must share a YouTube link.

Career Capstone Project (30%): The Career Capstone Project is a comprehensive presentation that synthesizes key insights from your Life Design Odyssey Plan, Career Research Activities, and Life Design Activities, **showcasing your next steps and future plans**. You will reflect on the course content and connect your learnings to the principles from *Designing Your Life*. This project can be presented as a presentation with voiceover or a video, and creativity is highly encouraged. Your submission should demonstrate thorough research, personal reflection, and a clear, organized plan for your post-graduation journey. The project is due on December 6 by 11:59pm and will be evaluated based on clarity, depth, personal insight, and presentation quality. The assignment has a rubric with it, please follow it carefully to ensure your highest possible grade on the assignment.

Please note: The Odyssey Plan & Career Capstone Project are required assignments, and you will not receive a passing grade for the course if you do not submit and receive a C or above on these two assignments.

All emails from students should include:

- Course name and subject in the subject line (ex. ORGL 3322 – Posttest)
- Salutation
- Proper email etiquette (no “text” emails – use proper grammar and punctuation)
- Student name and CWID after the body of the email

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

Student Conduct

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail online in the [Student Guidebook](#).

Students should also consult the [Rules of Netiquette Webpage](#) for more information regarding how to interact with students in an online forum.

TAMUC Attendance

For more information about the attendance policy, please view the [Attendance Webpage](#) and the [Class Attendance Policy](#)

Academic Integrity

Students at Texas A&M University-Commerce are expected to maintain high standards of integrity and honesty in all their scholastic work. For more details and the definition of academic dishonesty see the following procedures:

[Undergraduate Academic Dishonesty 13.99.99.R0.03](#)

[Undergraduate Student Academic Dishonesty Form](#)

[Graduate Student Academic Dishonesty Form](#)

CID Policy on Academic Integrity

Academic dishonesty includes cheating, complicity in cheating, multiple submissions (or substantial portions) of the same work for credit without authorization, submitting another's work, plagiarism, submitting algorithmically (AI) plagiarized work, and other acts that may reasonably be called academic dishonesty.

- Students who commit academic dishonesty will receive a grade of 0 for the assignment in the course and be issued a Written Warning that is reported to the CID Assistant Dean's office and listed in a database.
- If the student does NOT have a previous Written Warning for academic dishonesty reported in CID courses and has additional attempts available for the assignment, the student may resubmit the assignment (this applies to CBE courses only).
- If the student has a Written Warning of academic dishonesty reported in CID courses, the student may NOT resubmit the assignment, and the instructor will follow the procedure detailed in [Policy 13.99.99.R0.03](#) for Undergraduate Academic Dishonesty and report the incident to the Provost Office.

Students with Disabilities-- ADA Statement

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:
