Course Description

Student Learning Outcomes

- 1. Communicate in a manner appropriate to audience and occasion, with an evident message and organizational structure, in written, oral, and/or visual modes.
- 2. Interpret, test, and demonstrate principles revealed in empirical data and/or observable facts.
- 3. Analyze, evaluate, or solve problems when given a set of circumstances, data, texts, or art.
- 4. Find, evaluate, organize, use, and communicate information in multiple modes and with different technologies to make decisions and solve problems.

Instructional Methods

Instruction will consist of lecture, instructor-mediated discussion, and both individual collaborative assignments. For the purposes of this class, students will be encouraged to bring class content to bear on their day-to-day experience as first semester college students. Instructors will provide "just in time" instruction with topics being scheduled to roughly coincide with related moments of challenge experienced by students their first semester.

Student Responsibilities or Tips for Success in the Course

Students should attend class, come prepared to participate, and be open to the contributions of the instructor and other students. Students should keep the instructor appraised of their progress in this and other courses. Students should utilize email and office hours to connect with their instructors, seeking advice and support for their journeys. Students should come to class knowing that all questions are good questions.

GRADING

Final grades in this course will be based on the following scale:

A = 90%-100% B = 80%-89% C = 70%-79% D = 60%-69% F = 59% or Below

Total points corresponding to the final letter grades.

A = 451-500 Points B = 401-450 Points C = 351-400 Points D = 301-350 Points F = 300 & > Points

Weights of the assessments in the calculation of the final letter grade. Example:

10% (50 points total)
15% (75 points total)
30% (150 points total)
45% (225 points total)
100% (500 total points possible)

Assessments

Attendance and Participation: Students receive credit toward their final grade by attending and participating in class. Participation can range from in-class discussions, completion of in-class work, and participating in course activities. Students that are late to class may not receive attendance points for that day.

Peer Mentor Meetings: Students will attend three meetings with their assigned course Peer Mentor. Students will be provided with a range of dates for each of these meetings and will need to schedule their chosen date and time with their Peer Mentor using EAB. Meetings will be 30 minutes in length and graded on an attendance basis. Each meeting will count for 1/3 of the overall grade.

Learning Showcase Assignment: Students will be assigned to groups and complete an assignment and presentation at the end of this course as the final exam. This will be presented at the Learning Showcase and will be a culmination of skills that students will learn throughout the semester. The instructor will determine the format of these presentations and students will be provided with a list of topics to choose from for their presentation topic. This grade will be derived from multiple in-class checkpoints, topic selection, individual contribution to group work and a grade for the overall presentation. Attending the learning showcase event at the end of the semester is also required, unless you have a university approved absence; not attending will result in a significant reduction in your overall grade for this project.

Assignments: Throughout the semester, assignments will be provided both in and out of class for completion. Each assignment will be worth a specified number of points, totaling 225 points for the entire semester.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

Attendance

Roll is taken each class day and students are expected to attend all scheduled class periods. Each section of the course is scheduled for 15 weeks of three meetings weekly of 50 minutes each. Students should plan to be in class on time and to stay until the class is dismissed. **Attendance is part of your grade.**

Excused absences: For students with excused absences, which include participation in a University sponsored event, illness accompanied by a doctor's note, death in the student's immediate family, a verifiable court appearance or any other similar circumstance in the view of the instructor, written documentation must be turned in to the instructor immediately upon return to class. If it is not given upon return to class, you will be counted as unexcused. Students will be allotted two unexcused absences during the semester. Points will also be deducted from the daily participation grade for each tardy, at the instructor's discretion.

Late Work

All activities must be submitted by the date listed in the course outline/calendar or as announced in class. Late assignments and activities will not be accepted unless in emergencies. If you are absent for any reason (excused or unexcused) on a day that a written assignment is due, you must discuss with the instructor ways to submit prior to the assignment deadline, if possible. All assignments are due within the first 10 minutes of the scheduled class day, unless otherwise announced.

Assignment Submission

All assignments must be submitted via D2L, unless otherwise stated. While you are welcome to email me any questions that you may have, please understand that under normal circumstances, I cannot accept emailed student work at this time. If you do not own a printer, Waters Library offers printing services for a small fee – please plan accordingly.

Essay Formatting, Presentation Guidelines & Spelling / Grammar

We will use MLA formatting for all papers in this course. For detailed information regarding what MLA is, there are numerous resources online or in the library. There is also an on-campus resources called the Writing Center you can visit for assistance. General paper guidelines are:

• typed, doubled spaced, 1" margins, and 12-point font.

Professionals throughout your lifetime will critique you on spelling and grammar so use this class as an opportunity to begin practicing these skills. Sentence structure, spelling and grammar will be examined when determining a grade for any written assignment in this class.

Classroom Etiquette

This course meets face-to-face each week. We should aim to be respectful at all times during our class time. Cell phones and all other electronic devices must be turned off and out of sight when we are in class- if you have an emergency situation where you need to have your phone on, please let me know at the start of the class or via email prior to class time.
