## **RESEARCH, NOTES, EXHIBITIONS & STUDIES**

I will occasionally require research, studies, and/or gallery and museum visits during the semester. These will be completed in your sketchbooks and/or submitted on the LMS/myLeo.

You should attend at least 2 museum/gallery exhibitions a semester and document each one. You are especially encouraged to go to all ETAMU gallery openings.

You will be asked to complete research and preliminary work as needed for assignments.

## **GRADING**

You will receive a final letter grade for this course. Letter grades are based on participation, attendance, assignments, assessments, portfolios, and critiques. Other factors determining grade are effort, neatness in the presentation of studio work, and improvement in course. Keeping a sketchbook and practicing your skills while outside this course will be extremely beneficial. You can redo any of the projects assigned to raise your grade. You must redo the projects within two weeks, and the two grades will be averaged.

All projects must be presented for critique regardless of level of finish and submitted digitally to the online assignment in myLeo/D2L.

Work missing for critiques will receive an automatic 50% grade deduction. Projects will not be graded as products in a vacuum: a work will not receive credit that has not been seen during the process of painting. The grade given for each project will reflect several qualities involved in the course of its production. Grades will be determined by the consistency of student's efforts, quality, and quantity of work, as well as critique participation and class attendance. The student's willingness to take artistic risks will be looked on favorably.

**Final grades in this course will be based on the following scale:**

A = 90%-100%

B = 80%-89%

C = 70%-79%

D = 60%-69%

F = 59% or Below

### **LETTER GRADE DISTRIBUTION**

A = Excellent Work (100-90%)

B = Very Good Work (89-80%)

C = Average Work (79-70%)

D = Poor Work (69-60%)

F = Failing Work (59% or below)

*The syllabus/schedule are subject to change.*

## **GRADING SCALE:**

**A—Excellent Work:** All requirements for the course have been met and many have been exceeded, and the work has been developed beyond previous levels on both an aesthetic and a conceptual basis. Artwork shows excellent intellectual skills and ideas, technical skills and craft, and control of the medium. Critical and conceptual understanding is evidenced through visual and verbal class participation that evidences both scholarship and leadership.

**B—Very Good Work:** The art work, its presentation, and the student's class participation shows competence in skill development, craft, and control of the medium. Completed work shows an understanding of conceptual concerns in the context of contemporary art.

**C—Average Work:** Satisfactory work quality. Requirements for the course have been fulfilled adequately. The student has been present on critique days and for midterms and finals.

**D—Poor Work:** Requirements for the course are not adequately fulfilled

**F—Failure:** Lack of attempt in class and participation. No attempt has been made to fulfill the requirements of the course.

## **CRITERIA AND RUBRIC FOR PROJECTS:**

Technique and Use of Materials 30%

Assignment Objectives 40%

Participation & Effort 10%

Creativity & Risk-Taking 10%

Craftsmanship 10%

## **LATE WORK / MAKE-UP POLICY**

Critiques are so important that even if a work is unfinished, it must be shown during critique. If the work or student is not present for a scheduled critique day, the maximum grade a student may receive is 50%. All major assignments and any late work must be submitted no later than 1 week after the original due date. Late work for non-major assignments (ie: studio work, plans, research, exhibition attendance, sketches, etc.) is not accepted.

Late work for major assignments may be submitted with a penalty of 10% deducted from the assignment's value per day the work is late, unless the student provides proof of an acceptable mitigating circumstance: serious illness, death of a family member, or other circumstance if approved by the instructor. *Please see ETAMU & Department of Art attendance policy for what constitutes an excused absence.*

You can redo any of the projects assigned to raise your grade. You may redo and resubmit any of the assigned projects within two weeks, and the two grades will be averaged.

## **OPTIONAL EXTRA CREDIT OPPORTUNITIES**

During the semester, assignments and opportunities for extra credit will be shared with everyone in the class via myLeo/D2L. These are not required and will not effect a students grade if they choose not to complete them or participate. The instructor will provide all students with the same variety of opportunities. Extra credit is provided at the discretion of the instructor and is not eligible to be applied toward specific assignments or offered to students individually.

*The syllabus/schedule are subject to change.*

## **CRITIQUES**

In addition to completing actual paintings, you will begin to develop a critical voice in regards to your own work and the work of others. We will critique paintings periodically, though not every assignment will require a critique.

Attendance and participation during critiques is essential. If a critique is missed or if your work is not present, the painting will receive a 50% grade deduction. Learning to speak effectively about art will be a critical part of this course. Critiques will be carried out in a professional manner. Persons late for critique will receive a letter grade drop in their assignment. Even if a painting is unfinished, it must be shown during critique. Students will be given an opportunity to finish the painting, but will receive one letter grade drop. In this instance, finished paintings are due submitted online by the end of the week.

## **CRITIQUE DECORUM**

*Critiques are an essential component of this studio course. We will overview critique procedures in class, as well as collaboratively develop guidelines for expectations and goals. Parties may be asked to leave critique if their participation does not meet the expectations or standards of decorum. Art is personal, and the need to discuss personal themes may arise, so as fellow artists we must be considerate and conscientious during critiques (also see note on Course Content). In addition, the artist receiving the critique will be expected to use the advice and criticism. It is expected to keep a sketchbook/notebook during critiques to write and keep notes.*

## **STUDIO EXPECTATIONS, SAFETY & POLICIES**

Students will dispose of all hazardous liquids (thinners, brush cleaners, mediums, etc.) in the hazardous liquids jugs. Dispose of all oily rags and oil-based solids in the red fire bins.

**No paint, acrylic or oil, or solvents should be disposed of in the sink drains.**

Throw all scraped acrylic paint into a trashcan containing a liner. Brushes should be cleaned in the sink, but only after sufficiently rinsing them in your containers.

Wash hands (including under fingernails) after using toxic materials and chemicals even if you wearing gloves.

Wear protective gloves and use plastic drop cloth to contain chemicals, paints, and stains when applying. Artist materials can be messy, wear clothes that you are okay with getting paint on them or **you may want to bring an apron**. Oil paint does not dry for a long time...

There is no smoking, vaping, or eating allowed in the studios.

You are expected to assist in maintaining a studio environment that is safe and conducive to learning. In order to assure that everyone has an opportunity to gain from time spent in class, unless otherwise approved by the instructor, you are prohibited from using cellular phones or laptops, taking photographs, video or audio recordings, checking your email or the internet, updating your social media, eating or drinking in class, making offensive remarks, reading, sleeping or engaging in any other form of distraction. Inappropriate behavior in the classroom shall result in, minimally, a request to leave class, which will be counted as an unexcused absence.

*\*Cell phones and headphones may be used for music in class during painting sessions, but should not be out otherwise. Please put headphones away at the start and end of each class, during all critiques, instructions, demos, etc. Please keep volume to a level that allows you to be aware of your surroundings. If you need to make or accept a phone call, etc. please step out to do so in the hallway.*

*The syllabus/schedule are subject to change.*

## ADMINISTRATIVE DROP POLICY FOR ATTENDANCE

If a student has been absent for 40% or more of the course at the midterm/midpoint of the semester, they will receive an administrative drop from the course and will need to re-take the class when they are better able to attend and successfully complete the course.

### Attendance Policy

*Regular and punctual attendance is expected and required.* Art is a practice-based discipline and the learning process requires active and dedicated participation. Attendance is taken during each class session at the beginning of class and/or after break. Students are expected to be present in each class, for the entire class period.

Students will receive a letter grade deduction for their fourth absence, and each additional absence. Being tardy for class equals 1/2 of an absence. If a student arrives after roll has been taken but within the first 30 minutes, they will be counted tardy. If a student arrives after the first 30 minutes of class it is an absence. Two late arrivals equal one absence.

**Most lectures, demonstrations, and assignments will occur at the beginning of class periods and will not be repeated for those who come in late or for students with an unexcused absence.** If you are late to class, you will need to notify me by the end of the class period to replace an absence with a tardy. In-class assignments missed may only be made up with an official doctor's excuse or note from the office of student affairs excusing the absence for a reason covered under the official ETAMU Policy. Due to the nature of critiques, they may not be made up. When a class is missed, it is your responsibility to find out what was missed and what is expected of you from course peers and the D2L.

*I recommend you share contact information with at least 3 classmates, so that you may reach out to them for anything missed during class. It is your responsibility to source the missed content and information. Please reach out as needed so that I can support your success in the class and program.*

### **END-OF-SEMESTER STUDIO CLEAN-UP**

Students are required to attend and participate in the end-of semester studio clean up on the scheduled class date during class hours. Failure to attend and participate in final clean-up will result in a one-letter-grade drop in your final grade. You are responsible for cleaning your work area, your storage area, any checked out materials, and your hazardous materials area (inside the chemical cabinet). You are to remove all stored work and materials from both storage and your lockers.

**Final day to remove work: Thursday, May 8th.** Any artwork or materials left after this day cannot be stored for you and will be disposed of the following day.

### **STUDIO CARE & CLEANING**

All students are expected to maintain and help clean up the shared studio spaces each class day, including sweeping floors and wiping down sinks and cabinets in addition to their work areas. Not maintaining the studio may result in a class letter grade deduction for the current major assignment for each instance.

*The syllabus/schedule are subject to change.*

### **STUDIO STORAGE & LOCKERS:**

It is suggested that students use a locker in the studios to store supplies. You will need to bring a combination lock and share the code with your instructor. The shelving provided in the canvas storage room may be used to store paintings and artworks currently being worked on, but students should be aware of the potential for damage, vandalism, and theft when storing work in public areas. Please do not leave materials out in the studios, and be aware of the potential for damage, theft, etc. Paintings may not be left on easels or hanging to dry, and should be stored on the shelves or in the large storage closet. Please take work home when completed as storage is limited.

## **Handbook & Safety**

While the online manual covers specific issues related to the Department of Art, Texas A&M University-Commerce policies must also be followed. All users of Department of Art (DOA) classrooms and facilities are required to follow the health and safety guidelines outlined in this manual at all times. Report any safety issues IMMEDIATELY to your instructor(s), Teaching Laboratory Specialist, or to the DOA Health and Safety Liaison. Each course instructor will discuss their area's inherent risks, procedures and policies to provide the student with informed consent. These will be reviewed verbally at the start of each semester. A link to the online Handbook: <http://sites.tamuc.edu/art/resources/healthandsafety/>

Students that meet in face-to-face Department of Art courses must complete the online form for each course they attend.

Online form: <http://sites.tamuc.edu/Forms/ArtLabPolicy>

*\*This must be completed on-campus while using the University wifi or ethernet connections.*

Students enrolled in this course may be exposed to some significant risk factors, but are not likely to suffer serious bodily injury. There are risks and safety practices you should be aware of. Most of the solvents used in oil painting (Turpentine, thinners, mediums, etc.) are toxic. Some paints, like cadmium red, are also toxic. Consult the labeling of solvents and pigments for information. Toxic materials should not be ingested or allowed to touch the skin for prolonged periods. Wear protective gloves when using these materials in order to avoid skin contact. When using solvents, always have good ventilation. You should only be using Gamsol as a solvent in the studio, it is a highly refined Odorless Mineral Spirit designed for studio work. Do not use standard OMS found at hardware stores, etc. or turpentine. When spraying commercially available enamels, lacquers, or fixatives, do so in the spray booth and wear a respirator designed for organic vapor protection. A dust mask or a scarf or t-shirt pulled over your face will not protect you. Furthermore, it is never a good practice to eat or drink while using painting materials. If you intend to use the shop, make certain to observe ALL safety rules. If you decide to use materials not addressed above, read the safety labels and consult with your instructor as to their safe use.
