Kaplin, W. A., Lee, B. A., Hutchens, N. H., & Rooksby, J. H. (2020). *The law of higher education: Student version* (6th ed.). Hoboken, NJ: Jossey-Bass.

Course Description

Historical and contemporary legal issues that shape postsecondary institutions.

Student Learning Outcomes

1. Understand basic concepts (e.g., authority, employment issues, faculty issues, student issues, external entities, etc.) associated with higher education law.
2. Understand how to acquire relevant literature that informs the law.
3. Understand how to use the APA style guidelines.
4. Develop autonomy in learning.

The syllabus/schedule are subject to change.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Proficiency using the D2L learning management system, Microsoft Word, and email.

Instructional Methods

This is an entirely online course.

Student Responsibilities or Tips for Success in the Course

Students should access the course minimally every 2-3 days in order to check announcements and read the postings of colleagues. Students should check their TAMUC email daily to ensure timely receipt of messages from the instructor and University.

GRADING

Final grades in this course will be based on the following scale:

A = 90%-100%; B = 80%-89%; C = 70%-79%; D = 60%-69%; F = 59% or Below

Weights of the assessments in the calculation of the final letter grade.

| | |
|---------------------|------------|
| Forum 1 Posting | 5% |
| Scenario Analysis 1 | 10% |
| Forum 2 Posting | 15% |
| Scenario Analysis 2 | 20% |
| Forum 3 Posting | 20% |
| <u>Examination</u> | <u>30%</u> |
| TOTAL | 100% |

Assessments

1. Students should work a *minimum* of 9-12 hours per week in completing course assignments. I encourage you to read approximately 20-30 pages per day of assigned readings to complete all requirements in a manageable manner.
2. The course calendar (which includes due dates for assignments) is at the end of this syllabus.
3. For the graded postings for Forums 1, 2, and 3 do the following:
 - Acquire a legal case mentioned in the assigned reading (*choose one that you think might be interesting; i.e., one that you want to read!*);
 - Read the case; and

The syllabus/schedule are subject to change.

- Write a 250-word posting that discusses a major legal principle from the case and how this principle informs higher education administration. Do not focus exclusively on presenting the details of the case itself; the major purpose of this assignment is to use a major legal principle from a case to form an administrative principle.

The grading rubric for this posting will be 60% content and 40% writing (includes grammar and APA usage). Note that “APA usage” refers to proper in-text citations as well as the format for end-of-posting citations. No other APA requirements are necessary other than those also associated with grammar. I will email each student individual feedback via the D2L portal to your TAMUC email account; thus, please notify me if you do not receive any feedback. Please carefully review my edits and comments in the documents I email you (use the All Markup feature in Word to review them) and learn from my feedback; that is, do not repeat any errors in your future postings.

You are strongly encouraged to respond to your colleagues’ postings. Although ungraded, your responses will facilitate learning via discussion and build a sense of community.

4. For the graded Scenario Analysis you will respond to the instructor’s posted prompt with a 100-word posting (and I truly want a focused posting of approximately 100 words). The grading rubric for this posting will be 60% content and 40% writing (includes grammar and APA usage). Note that “APA usage” refers to proper in-text citations as well as the format for end-of-posting citations. No other APA requirements are necessary. These will be done in the assignment section of D2L.
5. The examination is an open book, open notes, open web assignment and is an individual activity (i.e., working with others will be a violation of academic integrity). You may email the instructor requesting further clarification for specific examination items who may post a response to the entire class in order to help everyone. The instructor will supply the examination at the beginning of Period 13 as an attachment in a D2L course announcement. Do not distribute the examination to anyone outside of this course as it may be reused in future courses; distribution will be a violation of academic integrity. **The completed examination must be emailed to the instructor by the due date/time.**

The syllabus/schedule are subject to change.

6. Alignment of student learning outcomes with assessments:

| Assignments | Student Learning Outcomes | | | |
|----------------|---------------------------|------|------|------|
| | SLO1 | SLO2 | SLO3 | SLO4 |
| Readings | X | | X | X |
| Forum Postings | X | X | X | X |
| Examination | X | X | | X |

Mental Health and Well-Being

The university aims to provide students with essential knowledge and tools to understand and support mental health. As part of our commitment to your well-being, we offer access to Telus Health, a service available 24/7/365 via chat, phone, or webinar. Scan the QR code to download the app and explore the resources available to you for guidance and support whenever you need it.

AI use policy [Draft 2, May 25, 2023]

East Texas A&M University acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course. Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism). Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed. In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.
