Student Learning Outcomes

The Learner Will:

1. Demonstrate their understanding of instructional planning and delivery by providing standards-based, data-driven, differentiated instruction that engages students, makes appropriate use of technology, and makes learning relevant for today's learners.
2. Work to ensure high levels of learning, social-emotional development, and achievement outcomes for all students, taking into consideration each student's educational and developmental backgrounds and focusing on each student's needs.

The syllabus/schedule are subject to change.

3. Exhibit a comprehensive understanding of their content, discipline, and related pedagogy as demonstrated through the quality of the design and execution of lessons and their ability to match objectives and activities to relevant state standards.
4. Interact with students in a respectful way at all times, maintaining a physically and emotionally safe, supportive learning environment that is characterized by efficient and effective routines, clear expectations for student behavior, and organization that maximizes student learning.
5. Use formal and informal methods to assess student growth aligned to instructional goals and course objectives and regularly review and analyze multiple sources of data to measure student progress and adjust instructional strategies and content delivery as needed.
6. Consistently hold oneself to a high standard for individual development, pursue leadership opportunities, collaborate with other educational professionals, communicate regularly with stakeholders, maintain professional relationships, comply with all campus and school district policies, and conduct oneself ethically and with integrity.

COURSE REQUIREMENTS

Required Seminar Courses: ELED 443, ELED 452

1. *Attendance*— on time—at **all** scheduled university seminars, school-based class sessions, and school-based meetings.
2. Actively participate and collaborate in seminar and field based settings.
3. Professionalism exemplified by preparation and enthusiasm for all school-based and seminar activities.
4. Reflection of informal observations, reflections, and/or writing-to-learn activities in which teaching strategies, learning strategies, organization/management systems, effective instruction, and the accommodation of diversity are discussed.
5. Three formal classroom lesson observations using the pop cycle that are approved and evaluated by the Field Supervisor.
6. Informal walkthrough observations evaluated by the field supervisor and cooperating teacher.
7. Participate in formal and informal Instructional Leadership Team (ILT) meetings. Performance evaluations at Mid-Term and Final ILT meetings.
8. Must pass required Certification Exams applicable to your certification area to acquire teacher certification.
9. Must pass TExES Certification Exam to enter Residency/Clinical Teaching. **(All sections of the EC-6 CORE exam or 4-8 Content Area passed by the end of the Internship semester)**
10. Check degree evaluation in Degree Works for accuracy.
11. Demonstrate dispositions for teaching as outlined by ETAMU.
12. Upload assignments/artifacts in TK20 by the deadline.

Instructional Methods

This course utilizes a practicum approach such as observations, small group/whole group instruction, co-teaching, and full-time teaching in the field. Seminars will be held bi-monthly and use an integrated approach to connect learning and experiences.

The syllabus/schedule are subject to change.

The purpose of residency within the field-based program is twofold: (1) to demonstrate knowledge about content, pedagogy, technology, classroom management, assessment and evaluation, and the teaching and learning process; and (2) to demonstrate the ability to work with and manage students, plan lessons, and teach students using relevant and meaningful learning experiences in a professional manner. Thus, the assessment and evaluation of residency is also twofold as it addresses performance in both field based and seminar settings.

The ***instructional leadership team*** is the primary decision making team that is coordinated by the cooperating teacher(s) and field supervisor with input from the interns, and principals. Most decisions about the activities and experiences each resident will have are determined by the *ILT* through discussion and consensus. The *ILTs* are usually composed of at least one cooperating teacher, a resident, and field supervisor.

The resident's responsibilities should include:

1. understand the physical and cultural environment of the school, faculty, and staff, and students;
2. learn the students' names and their cultural diversity as soon as possible;
3. demonstrate the ability to respond appropriately to diverse group of learners;
4. understand the cooperating teacher's yearly curricular and instructional goals;
5. become familiar with the content objectives, and curriculum in order to utilize them for planning and instruction;
6. demonstrate a rich knowledge of content areas;
7. demonstrate effective interpersonal communication skills orally and in writing with professionals and students;
8. display the highest standards of professionalism and a commitment to improve the learning environment and the teaching profession;
9. participate in the planning process including attending planning meetings;
10. assist the cooperating teacher in planning, developing, and preparing materials;
11. implement classroom instructional and discipline management plan;
12. supervise student performance and working with individual students;
13. observe and reflect upon curricular and instructional practices and research alternate learner-centered methods of instruction;
14. demonstrate a rich knowledge of pedagogy including effective teaching practices and relevant and meaningful learning experiences for students;
15. use of effective assessment and evaluation strategies to promote student learning;
16. explore and demonstrate knowledge in the use of the technology to enhance instruction and classroom management;
17. exhibit a commitment to teaching, learning, and excellence in the profession;
18. assume other responsibilities based upon *ILT* recommendations.

Professionalism:

Student Learning Outcomes: 1-6 (see Student Learning Outcomes)

Assessment Method: Determined by the Instructional Leadership Team,

Professionalism, self-assessment, and lesson evaluations

The syllabus/schedule are subject to change.

- Attendance and being on time at **ALL** university seminars, assigned campus days, school/university meetings, and field based staff development. You are **required** to contact your field supervisor and cooperating teacher if you will be missing your assigned campus day or seminar. Your grade could be impacted if you are absent or tardy (see performance evaluation for details).
- Professionalism at the highest level to be demonstrated at all school and university functions. An educator demonstrates his/her professionalism in ways such as being on time, participating in, and contributing to class activities, accepting responsibility, and consistently demonstrating professionalism during seminar, on assignments, and in the field (see performance evaluation for details).

Lesson Plans and Evaluation:

Learning Outcomes: 1-6 (see Student Learning Outcomes)

Assessment Method: Documentation through lesson plans, evaluations, observations (Cooperating Teacher/Field Supervisor)

- Teacher Candidates will participate in three full POP Cycle performance assessments – pre-conference, observation, and post-conference. The POP Cycle observation will be evaluated from your field supervisor. Prior to the pre-conference, you will provide your field supervisor with the lesson plan at least 48 hours in advance. You will discuss the components of the lesson plan with your field supervisor at the pre-conference. At the post conference with your field supervisor you will share your reflections and receive feedback from your field supervisor.
- Teacher Candidates will create a pre-assessment, collect and analyze data prior to the lesson observation and plan for support and extension activities based on data. Teacher candidates will review post assessment data after the lesson implementation and plan for a re-teach or support for students that did not meet the objective.
- Informal walkthrough observations evaluated by the field supervisor and cooperating teacher.
- Midterm Evaluation covering experiences from field and seminar as completed by the ILT. (see performance evaluation for details)
- Final Evaluation covering experiences in the field and seminar as completed by the ILT. (see performance evaluation for details)

Student Responsibilities or Tips for Success in the Course

The syllabus/schedule are subject to change.

Teacher Candidates are expected to:

- Report to their assigned school for teaching responsibilities. During the resident semester, EC-6 and 4-8 Teacher Candidates will participate in residency for a total of five days per week. Teacher Candidates will be in the field for the contract hours for teachers in that district. Teacher Candidates are expected to follow the check in procedures of the school.
- Participate in all activities in the school and the district, and to take part in after-school programs, special programs, PTA meetings, faculty meetings, and any other activities of the school as much as the Teacher Candidates are able.
- Follow the academic calendar of the assigned public-school district. Any changes or exceptions to this will be noted by the Center Coordinator.
- It is expected that Teacher Candidates will be present and on time to their assigned campus except in cases of serious illness or other extenuating circumstances. In those instances, the Teacher Candidate must contact the Cooperating Teacher and Field Supervisor no later than the morning of the necessary absence AND prior to the required arrival time at the campus.
- Excessive absences that interfere with the successful completion of residency may require you to be placed on a growth plan and/or dismissed from the program. Decisions regarding extenuating circumstances will be made in coordination between the TC, Cooperating Teacher, Field-Supervisor and Center Coordinator on a case-by-case basis.
- Notify your Field Supervisor anytime there is a change in plans due to early dismissal, assembly program, PTA meetings, unscheduled holidays, or any unforeseen event. Field Supervisors occasionally stop by unannounced and must always know where Teacher Candidates will be.

GRADING

Grading will reflect a combination of seminar and field work. ***Field focus: prior preparation, strength and delivery of lessons, knowledge of subject matter, utilization of lesson design, and assessment of student progress.***

The following holistic scoring will be utilized:

A (90 – 100%) = Commendable. Well above average in initiative, thought, organization, reflection, and implementing professional choices. Evidences extensive control of own decision-making and learning processes. Monitors, adjusts, and manages independently. Excellent attitude, attendance, participation and completion of assignments by due date

B (80 – 89%) = Developing. Functional, but in need of instruction regarding initiative, thought, organization, reflection, and implementing professional choices. Evidences some control of own decision-making and learning processes. Monitors, adjusts, and manages--but requires intervention. Good attitude, attendance, participation and completion of assignments by due date

C (70 – 79%) = Needs Improvement. Some lack of initiative, thought, organization, reflection, and responsibility. Evidences little to no control of own decision-making and learning processes. Does not adequately monitor, adjust, and manage. Sometimes exhibits poor attitude, attendance, participation and completion of assignments by due date.

D (less than 70%) = Not recommended for teacher certification

Assessments Performance Evaluations & ILT meetings

The syllabus/schedule are subject to change.

Final assessed grade will then be translated into courses for clinical teaching semester II.

Final assessed grade will then be translated into courses for internship:
