COURSE INFORMATION

Materials – Textbooks, Readings, Supplementary Readings

Textbook(s) Required:

“Introduction to Hydraulics and Hydrology with Applications for Stormwater Management”, John Gribbin, 4th Ed., Delmar Cengage Learning, ISBN 9781133691839.

Course Description:

This course introduces the concepts of surface hydrology, groundwater flow, and hydraulics of closed conduit and open channel flow. You will first learn the concepts of the fluid mechanics and Fundamental of Hydrostatics and Hydrodynamics. You

will then go through hydraulics and flow in open and closed channels. Lastly, you will be introduced to the principles of design criteria for solving problems related to culverts, sanitary sewer, and storm management systems.

Student Learning Outcomes:

Upon successful completion of this course, students will be able to:

1. Understand the concept of fluid mechanics like buoyancy, hydrostatic pressure and the forces on submerged bodies.
2. Analyze components of water resources systems, including natural and manmade waterways.
3. Analyze and design water distribution networks, and stormwater management facilities.

COURSE REQUIREMENTS

Minimal Technical Skills Needed:

Using the learning management system, course website on D2L, and using Microsoft Word and PowerPoint.

Instructional Methods:

This course is an enhanced course. This means course materials and lecture notes will be provided via a course website on the course website on D2L. All announcements will be posted on the course website as well. Assignments will be asked to be submitted in class or on the course website. Students' grades for assignments and exams will be indicated on the submitted papers if available and on the course website.

Student Responsibilities or Tips for Success in the Course:

It is a student's responsibility to log in to the course website on D2L in a timely manner to read announcements, access necessary course materials, submit assignments and answer quiz questions whenever required. Students can set up their course website on D2L account such that they will receive notifications via emails and/or text messages from the course website on D2L when there are new updates on our course website. For more details about how to access the course website, read all the subsections of Section ACCESS AND NAVIGATION of this syllabus.

In this course will be based on the following scale:

- A = 90%-100%
- B = 80%-89.9%
- C = 70%-79.9%
- D = 60%-69.9%
- F = 59.9% or Below

Assessments:

Student's final grade will be assessed based on the following:

1. HomeWorks (20%)
2. Exam-I (30%)
3. Exam-II (30%)
5. Term project (20%)

TECHNOLOGY REQUIREMENTS

All course sections offered by Texas A&M University-Commerce have a corresponding course shell in the myLeo Online Learning Management System (LMS). Below are technical requirements

Interaction with Instructor Statement

In general, discussing your questions and/or concerns during office hours with me is the most efficient way to communicate and to get help you need.

If you cannot visit my office during the office hours, it is preferred for you to send me emails with your questions. Please add “[Course Prefix and #]” in the subject title so that I recognize which course and section you are inquiring about. Please be as specific as possible in describing subjects and/or concepts you need more assistance from me.

As indicated at the beginning of this syllabus, all emails will be responded in the same day including weekends. Feedbacks and grading of your assignments and exams will be provided in a week from the due date/time.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

A&M-Commerce requires the use of face-coverings in all instructional and research classrooms/laboratories. Exceptions may be made by faculty where warranted. Faculty have management over their classrooms. Students not using face-coverings can be required to leave class. Repetitive refusal to comply

can be reported to the Office of Students' Rights and Responsibilities as a violation of the student Code of Conduct.

Students should not attend class when ill or after exposure to anyone with a communicable illness. Communicate such instances directly with your instructor. Faculty will work to support the student getting access to missed content or completing missed assignments.

Class Attendance Requirements

You will not receive a grade deduction for your absences up to three times. If you are absent more than three times, then a grade deduction of 2% per an absence will be applied to your final grade. Note that the attendance and participation is 10% of your final grade.

Assignments and Late Assignments Policy:

1. All assignments should be submitted on time or before.
2. A few problems from an assignment will be selected to be graded for the correctness of procedures and their answers.
3. Remainder of the assignment will be graded for completeness of your solution procedures.
4. Late assignments may be accepted for a partial credit.

Missed Exams and Quizzes Policy

Unless prior arrangements are worked out with the instructor, a zero-grade will be awarded for a missed exam or quiz.

Syllabus Change Policy:

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

University Specific Procedures:

Student Conduct:

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment.
