Title: Financial Markets and Institutions

The syllabus/schedule are subject to change.

Edition: Eighth

ISBN-13: 978-1-259-91971-8

Publisher: McGraw Hill Education

Required for Calculations:

A financial calculator and MS Excel is required for this course. Texas Instruments BA II Plus is a recommended financial calculator. Calculators must manipulate irregular cash flows.

Course Description

This course covers different aspects of financial markets, institutions, and instruments. The course begins with an overview of structure and functions of financial markets and institutions as we consider the role of political, social, legal, and regulatory forces in financial decision making. The course will expose students to changing global financial conditions and ethical consideration in real world.

Course Learning Outcomes

At the conclusion of the course the students will be able to reflect:

1. An understanding of financial markets and the institutions that operate in these financial markets.
2. An understanding of mechanics of operation of the whole financial system.
3. Analyze the impact of global financial conditions and consequences thereof.

Course Learning Outcome 3 addresses COB Student Learning Objective 4: Students will identify and evaluate global business challenges.

GRADING

Final grades in this course will be based on the following scale:

A = 90%-100%

B = 80%-89%

C = 70%-79%

D = 60%-69%

F = 59% or below

ASSESSMENTS

Course Evaluation:

Mid-term Exam	35%
Final Exam	40%
LinkedIn course	5%
Assignments	20%

The syllabus/schedule are subject to change.

Exams

There will be two exams in this course. **There will be NO automatic makeup exams.** Missing exams will receive a grade of zero. If you have a valid excuse for missing either of the tests, you must contact me with a written justification and request for a makeup 10 days **beforehand**. In most cases I will require students to provide me with additional documentation to justify their inability to take the exam. Please note that a simple note indicating that you were seen at the health center the day of the exam **does not** provide sufficient documentation. Excuses will be granted if the student is unable to take the exam because of serious illness or injury, or a significant personal or professional commitment. Excuses will not be granted for trips to sporting events (unless you are representing the university) or any other reason. In all instances, the instructor reserves the right to deny any request for a makeup exam if she considers the reasons provided by the student to be insufficient.

LinkedIn Excel Courses

There will be an excel course assigned on LinkedIn learning. You need to complete the courses and upload the certificate before the deadline. It will constitute 5% of your overall course grade.

Assignments

There will be two assignments, each contributing 10% towards the overall grade. Assignments will be based on the readings assigned in the course, administered through D2L.

Use of Artificial Intelligence (AI)

Texas A&M University-Commerce acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words. Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism). In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.

TECHNOLOGY REQUIREMENTS

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new
