COURSE COMMUNICATION: Students are required to check their e-mail at least once a day for class information. The primary mode of communication in this class will be e-mail messaging. You should also check the D2L platform for announcements, to access the course documents via Doc Sharing, post comments on the discussion board, and to check your grades. All the audio and video files will be uploaded to D2L.

EXAMS: There will be two (two) exams. The exams will include multiple-choice and True/False type questions. Each student is required to use a computer.

INDIVIDUAL CASE: These assignments involve students in reading, analyzing, preparing a plan, and submitting individual written cases. Two will be assigned during the semester. The purpose is to apply your business knowledge from a variety of functional areas (such as finance, marketing, management) to solve a real business strategic issue. There may be several questions to guide the discussion. Generally cases follow this format: (1) a summary of the relevant situation in the case, (2) Internal analysis of the firm, including current corporate and business level strategies, (3) external analysis, (4) SWOT analysis culminating in identification of a problem (which may be in fact an opportunity), (5) proposal of two or more alternative courses of action that will help solve the problem or exploit the opportunity, (6) evaluation of all alternatives, (7) recommendation of best alternative and (8) implementation issues that need to be considered.

CORE COMPETENCY EXAM (CCE): The Core Competency Exam (CCE) is designed to measure your comprehension of the core business courses. The College of Business requires all students to take the CCE in their final semester, and uses the results to evaluate our programs. Additionally, faculty may consider your CCE results, in addition to your coursework, when they recommend you for jobs or additional academic programs. The CCE is administered through enrollment in this course (the capstone strategy course). The CCE will be administered in Week 14 (details will be provided). During that week, your requirements for this course will be minimal to allow you to focus on the CCE. More information will be provided later.

DISCUSSION/PARTICIPATION: There are four (4) discussion topics. I expect each student to be an active participant. The discussions may be about a specific case in the book or a general business topic. ***Students are required to post an original post and reply to, at least, four (4) other classmates' posts. These Replies/comments should be meaningful and must add to the topic. Original post is worth 50% of the discussion grade. Each mandatory comment is worth 12.25%. The original post must be posted by Friday, 11:59 pm of the respective week.***

GROUP PROJECT: Students will perform a detailed strategic analysis of a public company provided by the instructor.
