COURSE INFORMATION

Course Description

This internship and capstone project is designed as a significant demonstration of the student's ability to combine theory and practice in a project that has to be approved by and under the supervision of the certificate program Director. To register for the internship, the student must complete both [HIST 462](#) and a project proposal. Prerequisites: HIST. 462: Introduction to Public History and satisfactory submission of a project proposal. Crosslisted with: [HIST 567](#).

Student Learning Outcomes

Students will leave the course with an understanding of how their current internships fit within the “bigger picture” of Public History and take with them a concrete set of resources for professional and scholarly development.

This is a working document. The syllabus and schedule are subject to change.

COURSE REQUIREMENTS & GRADING

Assessments:

As this course is an *applied internship*, the final grades are calculated using the following percentages:

- Internship/Supervisor Evaluation: 60%
- Bi-Weekly Journal Entries 20%
- Final Internship Reflection Paper 20%

This course is based on the 100-point system. All assignments are worth 100 points.

Final grades are determined on the following scale:

100 –90 = A, 89 –80 = B, 79 –70 = C, 69 –60 = D, 59 and below = F

Journal entries are due every two weeks on Saturday. The entries should be at least two pages in length, 12pt. Times New Roman, and comprise of the activities you participated in during the previous two weeks of your internship. This is a space to keep me apprised of what work you are doing, skills you are acquiring, and the overall impression of your experience for those weeks.

The final reflection paper is a culmination of your internship experience. This paper is not a rehash of your journals, though may contain similar content. This is where you will examine the institution where you interned, its mission, its role in public history, and how you fit into their programming. This is where you will discuss your overall role during your internship, projects you worked on, and how this internship prepared you for a future in a public history career. This paper should be 5-7 pages.

The bulk of your grade comes from evaluation from your supervisor at the internship. These will be solicited by me and sent directly to me.

Interaction with Professor Statement

You are strongly encouraged to interact with me. The more you let me know what is going on with you, the better I can help you. Beyond the classroom, the best way to get in touch with me is through ETAMU email. I am also available during my office hours. If you have a situation arise during the semester that will impede your ability to succeed in the class, COME TALK TO ME SOONER RATHER THAN LATER. I will be better equipped to help you in whatever ways I can the sooner you talk to me. If you wait until the very last minute, my hands will likely be tied and my options will be more limited as far as help is concerned. I can help you get/find the resources you may need on campus or in the community. We can meet in-person or via Zoom.

The syllabus/schedule is subject to change.

COURSE AND UNIVERSITY PROCEDURES/POLICIES**Classroom Behavior**

All students are expected to observe basic tenets of common decency and acceptable behavior conducive to a positive leaning environment (See Student's Guide Handbook, Policies, and Procedures, Conduct). During class time, I expect college-level professionalism & course engagement. This means putting away cell phones, and any other forms of distraction, for the duration of the class period (exceptions will be allowed with advance permission of the professor).

Please come to class on time and plan to stay for the entire period. Coming late and/or disrupting the learning environment shows disrespect for me, your colleagues, and the educational endeavor in which you are engaged. If you must leave early, please let me know at the beginning of class.

I encourage you to come to my office hours, to get to know me, and to keep me informed of any issues you might have that would affect your performance in this class (see above statement on Interaction with Professor).

The syllabus/schedule is subject to change.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.
