

BSC 589 Reclamation Field 1 and 2

Instructor: Dr. Lin Guo

Office location: Sci 353

Email: Lin.Guo@tamuc.edu

Office hr: 8-5 online

Semester: Man-Mini 2025

Date: 5/12/25-8/22/25

I. Course Description

This course offers the student an opportunity to apply knowledge learns in the classroom into a real world and explore careers in field reclamation. The experience also helps students to build professional networks and broaden career path.

II. Total hours

Work for field reclamation for more than 130 hours.

III. Course requirements

Complete work requirements set by the mentor in field work; Write report – Upon completion of the field work the student will submit a 2-3 pages final report that reflects the experience. Report contents must include the summary of key work and accomplishments; Strengths/weakness of the field work and advise for future. The report should also be signed by your field work mentor.

Complete the time-sheet and provide supervisor's evaluation results.

IV. Course grade

The course grade will be based on the evaluation given by the internship mentor and by the subsequent internship report.

A = Excellent Performance

D = Marginal performance

B = Good performance

F = Poor performance

C = Acceptable performance

V. Time sheet

Student Name:
