Course Description

This advanced generalist field practicum provides students with experience opportunities designed to integrate knowledge and theories with advanced generalist practice skills.

Students participate in an educationally directed field experience under supervision in an approved social services agency. They must complete 500 or 600 clock hours over the course of two semesters (6 credit hours).

Prerequisites:

Students must have completed all MSW foundation curriculum requirements, been admitted to the MSW Program, have completed 12 semester hours in course work, and be in good standing in the MSW program.

STUDENT LEARNING OUTCOMES

The Council on Social Work Education (CSWE) requires a competency-based approach to identify and assess what students demonstrate in practice. In social work, this approach involves assessing students' ability to demonstrate the competencies identified in the educational policy. Listed below are the competencies and associated knowledge, skills, values and cognitive and affective processes that comprise the expected outcomes for this course.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

In this course you will utilize the Learning Management Systems (LMS) D2L for instructional and learning opportunities, submitting your assignments, participating in online synchronous and asynchronous discussions, accessing resources, and completing quizzes/tests. Additionally, knowledge and skills in using Microsoft Word, PowerPoint and Outlook Email. If you have any issues with using the various systems or software, you must contact support services and notify the Instructor of the problem.

Instructional Methods

This course will be delivered via synchronous and asynchronous sessions via D2L. It will consist of live class sessions, pre-recorded lectures, group engagement activities, and various assignments, some including experiential learning and practical application of the content areas. In addition, small lectures, discussion activities and workshops may be utilized to provide instruction during this course.

Field Liaison Role and Seminar

The field liaison faculty member assigns the final grade for the student in the field practicum. Each faculty field liaison member is expected to visit electronically with the student and the student's field practicum agency a minimum of two times during the semesters, or as needed on problematic issues.

All students enrolled in the field practicum are required to meet with the faculty field liaison and other students in a weekly field seminar meeting and/or complete the weekly seminar assignment. The format of the seminars is left to the faculty field liaison, within the following guidelines:

- Field seminar meetings and/or assignments are scheduled every week
- Students should be able to access live Zoom sessions and/or recordings as scheduled.
- Seminars are scheduled to last at least one hour.

The purpose of the seminar includes:

- Orientation to the field practicum
- Updates on field practicum expectations, requirements or conditions.
- Opportunity for students to ask questions, express concerns, provide peer consultation and share ideas and experiences regarding the field practicum & assignments
- Opportunity for students to familiarize peers and field liaison with their agency services, population and referral processes.

Student Responsibilities and Tips for Success in the Course

As a student in this course, you are responsible for engaging in active learning and reaching out

to the Instructor if problems or challenges interfere with optimal learning. Communication is vital when engaged in a fully online, virtual environment.

Expectations for success include:

- 1. Always demonstrate professional behavior, including respect for the Instructor and peers; being open to feedback and guidance throughout this class and the program.
- 2. Adhered to the School of Social Work and University student code of conduct and NASW Code of Ethics.
- 3. Begin reading the assigned text and supplemental readings as soon as possible, focusing on completing all readings prior to engagement with the Instructor or peers.
- 4. Prepare to engage in live class sessions, discussions, and other activities so you can be a contributor as well as a receiver of knowledge and skills.
- 5. Actively participate in engagement activities, including live virtual class sessions, online discussions, and interactive learning opportunities -as this is vital for learning and success in both this course and the program.
- 6. Work ahead when possible. Completing assignments ahead of the due date so you are prepared to submit on the due date.
- 7. Sign in to the D2L course shell multiple times weekly to access updated announcements or posted resources.
- 8. Check your university email daily. This is the university, department, and Instructor's official method of communication.
- 9. Be open and focused on the "process" and not the "product," as earning this degree requires time, effort, work, growth in knowledge, skills, and abilities, along with personal and professional attributes.

GRADING

Final grades in this course will be based on the following scale:

A = 90%-100% of total points

B = 80%-89%

C = 70%-79%

D = 60%-69%

F = 59% or Below

Assessments

See Appendix A: TK20 Desk Review

1. Field Learning Contract/Plan

The student and the field instructor should outline and sign a learning plan/agreement for the student based on course objectives. In addition, the plan is reviewed and signed by the faculty liaison. This plan becomes the guide for the practicum experience as well as for the agency visits by the faculty liaison.

2. Students' Weekly Logs\Timesheets

Students keep a numerical record of their activities and a narrative account of their experiences in the agency. This report is submitted to the faculty liaison on a weekly basis in Tk20 and may be made part of the online seminar class discussion.

3. Final Student Field Placement Evaluation

The final evaluation is a written report of the student's agency experience. The student and field instructor use a rating scale to evaluate the students' performance. The suggested process for the final evaluation parallels that of the mid-term evaluation, whereby the student and field instructor complete the report independently and then, in conference, share and discuss their perceptions and observations. The completed final evaluation is forwarded to the faculty liaison by the field instructor in Tk20.

4. Final Review / Evaluation

The final review will evaluate the student's learning assignments, strengths, challenges, and learning experiences. It is suggested that the student and field instructor review the student's performance and then, in a conference, share and discuss their perceptions and observations. The final review should reflect the ideas of the field instructor and the student and will be reviewed during the virtual field visit with the field liaison three weeks before the end of class. The results of the student's performance will be adjusted/ updated in the evaluation section of the TK20 database system, listed as the Field Experience Form (Field Instructor-MSW Acknowledgement of Learning Contract, the Field Instructor-MSW Field Learning Evaluation, and the Field Instructor-Evaluation Input). The student's final grade is based on the final review/recommendation of the field practicum instructor (the agency-based field instructor) as well as the direct observations of the faculty field liaison.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may require the Instructor to modify it during the semester. Any changes made to the syllabus will be announced in advance.

University Specific Procedures

Ethical Behavior

The School of Social Work expects all students to conduct themselves in an ethical, professional manner in the classroom and field settings consistent with the <u>NASW Code of Ethics</u>.

University Code of Conduct

East Texas A&M University has established standards of conduct to create and foster an environment that facilitates student learning and development. Students and university student groups are expected to conduct themselves in a manner that demonstrates respect for the rights and property of others and is consistent with the educational goals and mission of the university. This Code of Student Conduct ("Code") focuses on personal responsibility and accountability for students' actions and the impact those actions may have on the greater community. To access student academic and behavioral expectations for students refer to the Student Guidebook.

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: https://www.britannica.com/topic/netiquette

Course Engagement

<u>Final Evaluation and Grade Depends on both Classroom attendance and Participation</u>: Inadequate participation or lack of required time commitment in each class significantly affects students' grades. No matter the course venue, students must engage in a comparable amount of time. Expectations of both Face-to-Face classes and those with Online components include time spent reading and studying course material.

To earn a level of competency within a specific course, students must demonstrate both mastery of content and active engagement.

Mastery of content areas is evidenced by successful completion of course assignments such as written papers, group project deliverables, tests/quizzes, and other tangible products designed by instructors to evaluate knowledge and skills.

Additionally, the Social Work Profession is built upon human interactions and building human relationships – which is defined as engagement. Engagement is defined as meaningful involvement in interactions with the Instructor, peers, and outside stakeholders as appropriate (such as contacting a social worker to interview for a required assignment). Within the classroom setting, whether virtual or F2F, students must actively participate in 80% of engagement activities as outlined by individual instructors. These activities may include but are not limited to, participation in live, synchronous virtual classes, attending a Face-to-Face course when appropriate, interacting with peers in posted discussions, and collaborating in group interactive projects.

Students must meet standards for content mastery on tangible assignments and meet the threshold of active engagement of the time set during a semester by the Instructor.

Instructors are experts in each course content area and set the standards for students to meet to successfully complete the course.

Student Conduct

Students preparing to become professional social workers must adhere to the *University Code* of Conduct, Department Code of Conduct and the National Association of Social Workers (NASW) Code of Ethics.

Department Code of Conduct

The Academic and Professional Issues Committee (API) hearing is the formal path of due process for a student in regard to the concern being expressed. A student will be referred to the School of Social Work's API by faculty, field instructors, or faculty field liaisons when a concern arises regarding academic and student conduct and/or professional preparation. When "a student who fails to meet the professional expectation of the field for which he/she is preparing may be suspended from further study in that program by the department administering that program" as demonstrated through ethical and/or legal violations; aberrant disregard for School of Social Work Code of Conduct or other concerns as determined by the Academic and

Professional Issues Committee.

Graduate Students have the right to appeal to the Graduate Dean according to <u>University Procedure 13.99.99.R0.39</u>.

Undergraduate Students have the right to appeal to the Dean of the College of Education and Human Services according to <u>University Procedure 13.99.99.R0.41</u>.
