Instructional Methods

This course will consist of required readings from the textbook, quizzes to test your knowledge and understanding of the material, case studies, and written assignments. More detail into these aspects of the course is provided in the grading section below.

Student Responsibilities or Tips for Success in the Course

It is your responsibility to submit all required quizzes, assignments, and discussion posts by the due date and time listed for each section.

Students submitting late work will receive an automatic 20% reduction in grade if the late work is submitted within a week of being due. Assignments submitted between one week and two weeks late will receive an automatic 30% deduction. Assignments submitted later than two weeks after the due date will receive a zero.

I believe in being fair to all students and I simply cannot justify a student who misses the opportunity to complete activities earning the same grade as a student who finishes every class assignment on time.
