It is your responsibility to submit all required quizzes, assignments, and discussion posts by the due date and time listed for each section.

Students submitting late work will receive an automatic 20% reduction in grade if the late work is submitted within a week of being due. Assignments submitted between one week and two weeks late will receive an automatic 30% deduction. Assignments submitted later than two weeks after the due date will receive a zero.

I believe in being fair to all students and I simply cannot justify a student who misses the opportunity to complete activities earning the same grade as a student who finishes every class assignment on time.
