**Textbook(s) Required:** There is no required textbook. Readings provided throughout the course.

**Readings will be posted on Perusall**

#### **Course Description**

##### **University Catalogue Description**

Learning theory and teaching practices for science learning assistants. Topics include questioning strategies, conceptual development, formative assessment, argumentation, metacognition, and nature of science.

##### **Additional Course Description**

This course will provide you with support and community to improve your experience as a learning assistant. You will have the opportunity to reflect on your teaching experience, discuss with other learning assistants, and read relevant science education literature that will inform your teaching.

*The syllabus/schedule are subject to change.*

## **Student Learning Outcomes**

1. Students will be able to reflect on their teaching practice.
2. Students will be able to explain findings from science education literature.
3. Students will be able to apply findings from science education literature to their teaching.

## **COURSE REQUIREMENTS**

### **Minimal Technical Skills Needed**

Students should be able to use myLeo Online and Microsoft Word.

### **Instructional Methods**

Readings and brief lectures introduce topics. Students are encouraged to ask questions during the lecture. The primary instructional method for this course will be discussion, both live and asynchronously using Perusall. Students will reflect on their experiences through prompted writing assignments and class discussion.

### **Student Responsibilities or Tips for Success in the Course**

Students are expected to read assigned articles, participate in all discussions (virtual meetings and discussion boards), and complete all homework assignments. Students are to be aware of all deadlines and ask questions when directions are unclear.

## **GRADING**

Final grades in this course based on the following scale:

A = 90%-100%

B = 80%-89%

C = 70%-79%

D = 60%-69%

F = 59% or Below

Grades will be based on 3 components:

Teaching reflections            40%

Reading reflections            40%

Discussion participation       20%

### **Assessments**

Teaching reflections: 4 teaching reflections will be assigned throughout the semester.

Reading reflections: 4 reading reflections will be assigned throughout the semester on Persuall.

Discussion participation: Group and/or whole class discussions will take place in class, every week.

*The syllabus/schedule are subject to change.*

Guidelines for the teaching reflections, reading reflections, and discussion participation grading are provided in a separate document.

\*\*\*Note: The assignments and points are subject to change due to the needs of the course

## TECHNOLOGY REQUIREMENTS

### LMS

All course sections offered by East Texas A&M University have a corresponding course shell in the myLeo Online Learning Management System (LMS). Below are technical requirements

LMS Requirements:

LMS Browser Support:

[https://documentation.brightspace.com/EN/brightspace/requirements/all/browser\\_support.htm](https://documentation.brightspace.com/EN/brightspace/requirements/all/browser_support.htm)

## ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or [helpdesk@etamu.edu](mailto:helpdesk@etamu.edu)

**Note:** Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a ETAMU campus open computer lab, etc.

## COMMUNICATION AND SUPPORT

If you have any questions or are having difficulties with the course material, please contact your instructor.

### **AI use policy [Draft 2, May 25, 2023]**

East Texas A&M University acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.
