Course Description:

Ear Training I is the first in a four-semester course sequence which examines the aural and singing skills of the notation, structure, and development of Western music.

Student Learning Outcomes:

Upon successful completion of this course, students will be able to accomplish the following in each category:

- Sing diatonic melodies, including the use of solfège
- Be able to identify, correct, and reproduce harmonic and melodic concepts after a few hearings

- Demonstrate the same ability in accurately transcribing tonal music from repeated hearings
- Utilize all these skills to improve performance skills for lessons and ensembles

Course Requirements: Ear Training is a skill-based topic delivered in a lab-based format. Thus, it is imperative that you come to class regularly and participate in all class activities. This material cannot be learned on your own with a book. As with other performance skills, this material requires regular attention and cannot be learned by “cramming.”

Class time will regularly focus on a variety of singing, counting, and listening exercises. Please bring your books to every class. Many daily assignments and some exams will need be completed electronically.

The Rubric used to grade electronically submitted sight singing assignments and tests:

Criteria	Level 4 4 Points	Level 3 3 Points	Level 2 2 Points	Level 1 1 Point	Criterion Score
Pitch	Excellent pitch! In tune; pitch has a strong core	Pitch is in tune overall, except for a few notes	Pitch is OK but out of tune for stretches of notes	The student loses sense of key	/4
Rhythm	Rhythm is excellent! Subdivisions are consistent and tempo is steady throughout	Very good. Some uneven rhythms but the tempo is steady	Student's tempo is unsteady and labored	Student stops singing for a significant time. Student loses the musical line.	/4
Spoken Syllables	Syllables are correct and clear throughout	A few missed syllables	Syllables are missed for significant stretches of notes	Syllables are wrong; sung on 'oo' or 'la'	/4

Many graded assignments will be given over the course of the semester, evenly divided between singing and aural activities. There will also be four exams, totaling 30% of the course grade.

In addition to these assessments, regular assignments will be given using the online resource *InQuizitive*. Written assignments that are completed IN PENCIL, neatly and legibly, will be graded for credit; all others will be returned with a grade of 0%.

Assessment:	Exams:	30%
	Performance Assignments:	20%
	Dictation Assignments:	20%
	InQuizitive:	15%
	Class Participation:	15%

A = 90-100
B = 80-89

C = 70-79
D = 60-69

F = 0-59

Attendance Policy: The University Catalog states, “Students are expected to be present for all class meetings of any course for which they are enrolled.” Sporadic attendance is a waste of your intellectual and financial resources. Unless they are the result of a medical or family emergency, excused absences (as defined by the Catalog) need to be arranged beforehand with the instructor. Each student is allowed up to three unexcused absences over the course of the semester. Additional unexcused absences may result in the lowering of the final grade and, in rare and extreme cases, the student being dropped from the course. Six absences will automatically result in the student failing the course.

Late Work Policy: In order to keep up in this course, and so that your work may be graded in a timely manner, it is essential that you turn assignments in on time. Therefore, while a grace period of 24 hours will generally be offered for assignments not completed in-person, after this time, the earned grade will be lowered by ten grade points per subsequent day and may not be accepted for any credit after one week. Please note that deadlines will not be extended for exams without prior approval by the instructor.

Technology Policy: The use cell phones and computers for non-class purposes is prohibited during class time. During class, all phones should be turned off or silenced and put away from the desk. If a cell phone needs to be used for medical reasons or for an emergency, its use needs to be cleared with the instructor before class. Laptops and tablets may be used to access course materials and complete classroom tasks; however, use of these devices for some reason not related to this class is not permitted. Unauthorized use of a cell phone, laptop, or tablet during class will result in the student receiving a failing grade for that day's attendance.

The following statements are required by either University policy, state, or federal law:
