

East Texas A&M University

Math 1324.81E COURSE SYLLABUS: Fall 2025 (3 credit hours) T/R

Date: Aug. 25 to Dec. 12, 2025

INSTRUCTOR INFORMATION

Instructor: Dr. KaSai Un

Office Location: Office#2070 (at Dallas Campus) & EDN#111 (at Commerce Campus)

Office Hours: Monday & Wednesday from 1:00 – 2:30 pm in Dallas Office #2070

Tuesday & Thursday from 3:30 to 4:30 pm in Dallas Office #2070

(I will need to travel to Commerce Campus occasionally & a Zoom meeting option for these days for office hours will be provided)

University Email Address: kasai.un@etamu.edu (Subject: Math 1324...)

Preferred Form of Communication: email

Communication Response Time: Within 24 hours M-F, 48 hours over weekends or holidays

COURSE INFORMATION

Materials – Textbooks, Readings, Supplementary Readings

Material Required: Students will need to purchase access to the **MyLab Mastering student access code**. The lowest price will be directly from Pearson at <http://www.coursecompass.com/>. The specific **course ID** needed for class registration in MyLab is **un53734** and will also be posted on D2L.

Please use the MyLab **14-day free trial** to start working on homework if you cannot purchase it right away. The MyLab student access code must be purchased by **the end of the 2nd week of class** to prevent a loss in points.

Textbook is Optional: *College Mathematics for Business, Economics, Life Sciences, and Social Sciences 14th Edition* by Barnett, Ziegler, Byleen, ISBN # 978-0134674148. *** **The MyLab access code includes access to an e-book, so the book is optional, but the MyLab access code is required.** Portions of Chapters 1-5 and 8 in the textbook will be discussed.

Other Materials: Please get a **Binder** to keep and organize all notes and course materials. I will check your notebook during each exam for daily grades.

Technology Requirements: A Texas Instruments (TI-83 or TI-83 Plus) **graphing calculator** for this course is highly recommended. Calculators other than Texas Instruments calculators may be used but classroom instruction on calculators will be given for TI equipment only. **Note: Calculators that solve problems for students, including but not limited to TI-Nspire, TI 89 or higher, Casio Prizm, Casio Touch or higher are **NOT** allowed to be used for this class. ** **Students are also required to clear the memory of graphing calculators before and after each proctored exam.**

Calculator Loan Program: The Mathematics Department has set up a calculator loan program to support students. Students can borrow a calculator for a semester with a fee (\$10 to \$15 for TI-83/84). It is on a first come, first served basis.

Course Description

We will cover chapters 2, 3, 4, 5 and parts of chapters 6 and 8. Topics include functions (linear, quadratic, polynomial, rational, exponential and logarithmic), mathematics of finance (simple and

The syllabus/schedule are subject to change.

compound interest, future and present value of an annuity, etc.), probability and statistics, linear programming, and systems of linear equations and matrices. In order to take this course, students must meet, or exceed the benchmark determined by the state for the TSI assessment or have one of various TSI exemptions, or be concurrently enrolled in MATH 131 in the co-requisite model.

Student Learning Outcomes: Upon successful completion of this course a student will:

- 1) Demonstrate knowledge and understand various compound interest formulas.
- 2) Utilize statistical methods to interpret and predict data.
- 3) Use matrices and other methods to solve systems of equations.
- 4) Understand different types of functions and their graphs, including to but not limited to linear, quadratic, exponential and logarithmic.
- 5) Demonstrate using logarithms to solve problems.
- 6) Demonstrate using inequalities and systems of inequalities to solve business application problems.

Core Objectives:

1. **Students will be able to analyze, evaluate, or solve problems when given a set of circumstances, data, texts, or art.** This common core objective will be assessed in the exams and final exam for all sections of Math 1324.
2. **In written, oral, and/or visual communication, students will communicate in a manner appropriate to audience and occasion, with an evident message and organizational structure.** This common core objective will be assessed using common class activities/projects with class discussion over functions, finance, systems of equations and linear inequalities and how these topics relate to business for all sections of Math 1324.
3. **Students will be able to interpret, exam and demonstrate principles revealed in empirical data and/or observable facts.** This common core objective will be assessed using class activities, homework problems, exams and final exam for all sections of Math 1324.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Students need to check their MyLeo e-mail regularly. Access to MyLab, a computer, a scanner or scanning app, and the internet will be needed for online homework assignments. Access to a printer is also strongly recommended.

Instructional Methods

Instructions will be delivered in class and on D2L through lectures, videos, demonstration and models, and some group work, based on the time available. When written work is required, you will need the ability to scan a document and save it as a .pdf file and upload it to the appropriate submission folder on D2L. There are a few free scanner apps, like CamScanner, that can be used for this purpose.

Attendance

Attendance/Participation: Attendance and participation are a must to be able to do well in this class. I will be taking roll every class day. All students are expected to be present, and attendance will be reflected in your Daily Work grade and will be worth 5% of your overall grade. In addition, students must **participate** in class each day in order to receive full points for this category.

It is expected that students will follow the guidelines set forth by the Class Attendance Policy in the current Undergraduate Catalogue.

If students represent an athletic team for this university, departmental team, scholastic team, choir, or other group and must miss class, notify me in writing with the appropriate documentation within one week of the absence in order not to be counted absent. Arrangements for make-up work will be made at that time.

The syllabus/schedule are subject to change.

Attendance: For more information about the attendance policy please visit the Attendance webpage and Procedure [13.99.99.R0.01](https://etamu.edu/admissions/registrar/generalInformation/attendance.aspx). <https://etamu.edu/admissions/registrar/generalInformation/attendance.aspx>

***** All students should be aware that they are NOT allowed to drop this math course, and that they must be continually enrolled in a college math course until they have successfully completed it. (University Policy).*****

GRADING

Final grades in this course will be based on the following scale:

A = 90%-100% B = 80%-89.9% C = 70%-79.9% D = 60%-69.9% F = 59.9% or Below

GRADES:	Attendance & Daily Work	5%
	HW, Quizzes, Projects, & Tutoring	20%
	Three Exams	50%
	Final Exam:	25%
	Total	100%

Each student's average grade for the course will be posted in your MyLeo account. To access the course, you will go into MyLeo and the "Apps" and look for the app for "MyLeo Online (D2L Brightspace)". You should see directions to choose your course from the course grid that looks like:

Once you have chosen the correct course, you will be able to see your "grades" option.

HOMEWORK: Homework will be completed online through Pearson MyLab, and immediate feedback will be given. You can use various help features within MyLab and try problems you miss again until you get them right and fully understand the topic. **It is my expectation that you should have 100 on each homework assignment because of this.** Online due dates should be observed, and in general, late submissions will not be accepted.

If a student experiences any technical difficulties with MyLab, be sure to use the online help and technical support from the software company. If a student continues to have trouble accessing or navigating the software, please contact the instructor through email or come by his/her office during office hours for some individual help.

QUIZZES: will occasionally be given in class or on D2L over the material presented in the lectures and homework. In general, NO makeup quizzes will be given. All uploaded work should be done in pencil.

PROJECTS: You will have 3 application projects due (3 parts to one bigger global project), in which you will be asked to demonstrate the skills and concepts learned in class in a practical way. Due dates for these projects can be found in the schedule at the end of this syllabus and are subject to change. Accuracy and creativity in these projects will be expected.

TUTORING: Attending tutoring can be added to your daily grade. **Students are recommended to spend at least 10 hours tutoring this semester.** Students can choose to attend tutoring in the Math Skills Center, TRIO, Supplemental Instruction sessions, library walk-in tutoring, university provided online tutoring, and other official tutoring sessions that are offered by the university.

EXAMS: There are three scheduled exams and a comprehensive final exam. **Students will take exams in class with their instructors or at a testing center (with instructor approval).**

Partial credit may be given on exams IF all work is neatly shown for determination of the student's mistakes. While taking exams, **CELL PHONES AND OTHER ELECTRONIC DEVICES MUST BE TURNED OFF AND STORED OUT OF THE STUDENT'S REACH.** The only electronic device allowed during exams and quizzes is a stand-alone calculator (such as a TI-34, TI-83, TI-84, etc.), and only with the instructor's permission. All exams must be completed in pencil.

The syllabus/schedule are subject to change.

No make-up exams will be given without prior notice of a university excused absence*. We realize that at times throughout the semester, emergency situations may arise that affect a student's performance on an exam or even prevent a student from attending on an exam day. **I will replace the lowest exam grade with the student's grade on the corresponding portion of the final exam, provided the final exam score is higher.** This provision will only be applied to **ONE** exam, so students should make every effort to be present and well-prepared for all exams.

A Practice exam and answer key will be available prior to each exam. Be sure to take advantage of this valuable resource!!

* University Authorized Excuses: 1) Participation in a required/authorized university activity; 2) Verified illness; 3) Death in a student's immediate family; 4) Obligation of a student at legal proceedings in fulfilling responsibility as a citizen; and others determined by individual faculty to be excusable (e.g., elective University activities, etc.)

FINAL EXAM: The mandatory comprehensive final will be given on **Tues, Dec. 9 between 1:15 to 3:15 pm.**

GLOBAL COURSE: This course has been selected as a Global Course – tied to the Quality Enhancement Plan (QEP). East Texas A&M University QEP seeks to prepare students for an interconnected world. In relation to the QEP, students completing this course will be able to demonstrate knowledge of the interconnectedness of global dynamics (issues, trends, processes, and systems), apply knowledge of the interconnectedness of global dynamics, and view themselves as engaged citizens within an interconnected and diverse world. This course will provide activities, experiences, and opportunities to reach all of the QEP learning outcomes. One of the class projects in this course will be utilized to assess the QEP student learning outcomes for each student.

Getting Help Outside of Office Hours:

Free tutoring is available for students who need help with their math courses.

The **Math Skills Center** offers Math tutoring, and their location and hours can be found here <https://www.etamu.edu/mathservices>.

The **Academic Success Center** offers tutoring in the library, as well as Supplemental Instruction. Their hours can be found on the university web site. Also, each student has tutoring hours available through the online tutoring service, tutor.com. Additional details can be found here: <https://www.etamu.edu/undergraduate-tutoring/>.

Online Tutoring: Each student receives 3 free hours from <https://leo.tutor.com/auth/login> . **Use your MyLeo Log in and Password to access this.** You can contact the instructor if you need additional free tutoring hours.

In addition, **Mach III/TRIO Services**, located in the Halladay Student Services building, Room 300, is available to students who meet certain criteria, such as being a first-generation college student, etc. Contact TRIO at 903-886-5833.

GRADE REPORTING FOR FIRST YEAR STUDENTS: Grades for students in freshmen level classes will be reported to the Registrar's Office at the end of the fifth week of class during the fall and spring semesters. The Registrar's Office will report grades to students, Advising Services, Academic Departments (faculty advisors) and mentors. This procedure will allow students to be knowledgeable about their academic progress early in the semester. The university, through Advising Services, faculty advisors and mentors, will take steps to assist students who may be experiencing difficulty to focus on improvement and course completion. Early intervention for freshman students is designed to communicate to students the University's interest in their success and willingness to participate fully to help students accomplish their objectives.

TECHNOLOGY REQUIREMENTS

Students need to **check their MyLeo e-mail regularly** for class announcements.

Access to a computer, the internet, **MyLeo, D2L, and MyLab** will be needed for online homework assignments.

A computer or tablet with stable internet access is essential for the success of students.

A scanner or a cell phone with a free scan app (CamScanner or Adobe Scan is recommended) that allows you to scan worked out steps to a single .pdf file is recommended for any work submitted to D2L.

The syllabus/schedule are subject to change.

Access to a printer will be helpful if you would like to print out class handouts or an exam.

The **TI 83/TI 84 graphing calculator** or equivalent will be highly recommended. Calculators other than Texas Instruments calculators may be used but classroom instruction on calculators will be given for TI equipment only. ****Note:** Calculators that solve problems for students, including but not limited to TI-Nspire, TI 89 or higher, Casio Prizm, Casio Touch or higher are **NOT** allowed to be used for this class.

**** Students are also required to clear the memory of graphing calculators before and after each exam.**

LMS

All course sections offered by East Texas A&M University have a corresponding course shell in the myLeo Online Learning Management System (LMS). Below are technical requirements

LMS Requirements:

<https://community.brightspace.com/s/article/Brightspace-Platform-Requirements>

LMS Browser Support:

https://documentation.brightspace.com/EN/brightspace/requirements/all/browser_support.htm

ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903-468-6000 or helpdesk@etamu.edu.

Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a campus open computer lab, etc.

COMMUNICATION AND SUPPORT

If you have any questions or are having difficulties with the course material, please contact your instructor.

Technical Support

If you are having technical difficulty with any part of Brightspace, please contact Brightspace Technical Support at 1-877-325-7778. Other support options can be found here:

<https://community.brightspace.com/support/s/contactsupport>

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

University Specific Procedures

Student Conduct

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the Student Guidebook. <https://www.etamu.edu/student-code-of-conduct/>

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: <https://www.britannica.com/topic/netiquette>

Academic Integrity

Academic Integrity: To ensure fairness and high academic standards, any actions which violate the principles of academic integrity through dishonesty or cheating are given serious consideration. In order to understand what

The syllabus/schedule are subject to change.

constitutes a violation of academic integrity and the consequences of such behavior, the university's policies may be reviewed at: [Undergraduate Academic Dishonesty 13.99.99.R0.03](#)

In particular, awareness of the following definitions is essential in order to know what represents academic dishonesty (pages 6 – 7):

“Cheating: Intentionally using or attempting to use unauthorized materials, information, notes, study aids or other devices or materials in any academic exercise. Unauthorized materials may include anything or anyone that gives a student assistance and has not been specifically approved in advance by the instructor.”

“Complicity: Intentionally or knowingly helping, or an attempting to help, another to commit an act of academic dishonesty.”

“Plagiarism: The appropriation of another person's ideas, processes, results, or words without giving appropriate credit.”

Furthermore, cheating in this course is defined as the following:

- Giving or receiving answers during an exam or quiz.
- Viewing the exam or quiz answers of classmates.
- Having notes/practice work available during exams.
- Possession or access to exam items before the exam is given.
- Deception in getting an excused absence to obtain the undeserved opportunity to make-up work.
- Use of cell phones (other than if the camera is needed for proctoring) or text messaging technology during exams or quizzes (**such as iPods, Apple Watch, etc.**). **IF ONE OF THESE DEVICES IS AVAILABLE, IN ANY WAY, DURING AN EXAM, THE STUDENT WILL NOT BE ALLOWED TO PROCEED WITH THE EXAM OR QUIZ AND MAY BE SUBJECT TO PENALTIES ON THEIR GRADE.**
- Improper citations in written works or using another person's ideas and words as students own without giving proper credit.
- **Any** method, no matter how well rationalized or accepted, which improves a person's grade by any means other than study and skillful performances on exams and/or other assignments.

There is a NO TOLERANCE policy for academic dishonesty, and if a student is caught cheating, the event is subject to reporting and placement on the student's academic record. No grade will be received for any assignments for which cheating occurs.

In summary, students found guilty of an act of academic dishonesty in this course will be subject to the disciplinary actions listed in the university policies. This includes several possible penalties depending on the severity and number of the incidents, which will be taken into account when specifying disciplinary actions.

Students with Disabilities-- ADA Statement

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides reasonable accommodation of their disabilities. If you have a disability requiring accommodation, please contact:

Office of Student Disability Resources and Services

East Texas A&M University

Velma K. Waters Library - Room 162

Phone (903) 886-5150 or (903) 886-5835

Fax (903) 468-8148

Email: StudentDisabilityServices@etamu.edu

Website: [Student Disability Services | East Texas A&M University, ETAMU](#)

Nondiscrimination Notice

East Texas A&M University will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability,

The syllabus/schedule are subject to change.

age, genetic information or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

Campus Concealed Carry Statement

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in East Texas A&M University buildings only by people who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and East A&M University Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations.

For a list of locations, please refer to the [Carrying Concealed Handguns On Campus](#) document and/or consult your event organizer.

Web url:

<https://etamu.edu/aboutus/policiesProceduresStandardsStatements/rulesProcedures/34SafetyOfEmployeesAndStudents/34.06.02.R1.pdf>

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all East TX A&M campuses. Report violations to the University Police Department at 903-886-5868 or 9-1-1.

East Texas A&M Supports Students' Mental Health-Counseling Services

The Counseling Center at East A&M University, located in the Halladay Building, Room 203, offers counseling services, educational programming, and connections to community resources for students. Students have 24/7 access to the Counseling Center's crisis assessment services by calling 903-886-5145. For more information regarding Counseling Center events and confidential services, please visit <https://www.etamu.edu/counseling-center/>.

AI use policy

East Texas A&M University acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.

13.99.99.R0.10 Graduate Student Academic Dishonesty

Please see the next page for the Tentative Weekly Schedule for the Course

The syllabus/schedule are subject to change.

Math 1324 Face to Face Tentative Schedule (Fall 2025) For Students

WK	Dates	Topics
1	Aug. 25 – 29	Syllabus, Review of Basic Skills, Intro of MyLab/D2L & Mean, Median, Mode and applications
2	Sept. 1 – 5	8.1, 8.2 & 8.3
3	Sept. 8 – 12	8.5 & 1.2
4	Sept. 15 – 19	2.1 & 2.2
5	Sept. 22 – 26	Review for Exam 1 & Exam 1 (Thurs.)
6	Sept. 29 – Oct. 3	2.3 & 2.4
7	Oct. 6 – 10	2.4 Continued, 4.1 & 4.2 (Global Project Part 1 Due)
8	Oct. 13 – 17	4.2 Cont., 4.3, 5.1 & 5.2
9	Oct. 20 – 24	5.2 Cont., 5.3 & Review for Exam 2
10	Oct. 27 – 31	Exam 2 (Tues.) & 2.5
11	Nov. 3 – 7	2.6 & 3.1
12	Nov. 10 – 14	3.2 & 3.3
13	Nov. 17 – 21	3.4 & Review for Exam 3
14	Nov. 24 – 28	Exam 3 (Tues) & Thanksgiving Holiday (NO CLASS on Thurs.) (Global Project Part 2 Due)
15	Dec. 1 – 5	Review for Final Exam (Global Project Part 3 Due)
16	Dec. 9 (Tues)	MANDATORY FINAL EXAM: Tues Dec. 9 between 1:15 to 3:15 pm Note the Special Time!

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

***** By Remaining Enrolled In This Course, All Students Agree to Abide by The Policies Of This Class, As Stated In The Syllabus *****

The syllabus/schedule are subject to change.
