Legal Issues in College Student Affairs. Three semester hours. Provides information about the legal issues common to college student affairs administrators, Includes student university relationship, risk management techniques, civil rights, contracts, and federal regulations.

**General Course Information**

Legal Issues in College Student Affairs is a piece of the master's degree program in the Department of Counseling. Although the structure of the course will be commonly encountered in graduate studies, the teaching philosophy of the instructor is invitational. The pursuit of a

degree in counseling means different things to different people. In the opinion of the instructor, even those who do not intend to work specifically with students in legal issues, it is still important to be aware. As a graduate of a CACREP accredited program, the professional community and the public will expect you to have basic knowledge of legal issues pertaining to this field.

3. Complete all assignments by the deadline.
4. Adhere to the university student code of conduct.
5. Participate.

8. Begin your readings as soon as possible. Sometimes it may take more than one attempt to digest the material.
9. Deadlines are the last possible moment something is due—not the first moment to start. Work ahead. I realize this may not always be possible; however, when you can, do so.
10. Be open to the process. This degree takes time, work, effort, and growth.
