Course Description

This course introduces the student to the basic concepts and tools of analysis in microeconomics. It is concerned with the specific economic units or parts that make up an economic system and the relationships between those parts. The focus is on understanding the behavior of individual firms, industries, and households and their interactions. A major concern is how prices of individual goods and services are determined and how prices influence decision-making.

Student Learning Outcomes

Successful students will be able to accomplish these objectives toward understanding the economy:

The syllabus/schedule are subject to change.

1. Explain how choices and trade improve welfare.
2. Be able to use the supply and demand model to describe individual decision makers, an industry, and the economy as a whole.
3. Be able to calculate features of the economy given a simplified dataset.
4. Be able to discuss the limitations and benefits of using each construct to describe the economy.
5. Model the effects on society for changes in macroeconomic variables.

Successful students will be able to accomplish these objectives as critical thinkers:

1. Identify assumptions used in models
2. Identify information and data that is relevant to an economic problem.
3. Be able to identify alternative solutions to an economic problem.
4. Be able to relate and explain economic topics to economic models.
5. Identify the societal and/or civic issues that are relevant to an economic problem or event.
6. Use critical thinking skills (creative thinking, innovation, inquiry and analysis of information) to propose solutions to selected economic problems or events.

COB STUDENT LEARNING OBJECTIVES:

1. Students will demonstrate proficiency in spoken communications by delivering clear and well-structured business presentations.
2. Students will demonstrate proficiency in written communications by creating clear and well-structured business documents.
3. Students will identify and evaluate ethical business issues.
4. Students will identify and evaluate global business challenges.
5. Students will be analytical problem solvers in business environments.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Students will need to be able to maneuver and complete assignments on D2L. Students are also expected to use Microsoft Office 365 and a calculator at a basic level.

Instructional Methods

This course is a face-to-face dual credit course offering through Royse City High School. Students must meet the attendance requirements of the high school. This course relies on the D2L learning system to access materials and assignments. Students are expected to read the assigned chapters in the textbook and review other instructional resources. Students will take weekly open paper note quizzes and

The syllabus/schedule are subject to change.

participate in class discussions to help master the learning objectives. Exams will be proctored and given in class on D2L

Student Responsibilities or Tips for Success in the Course

Students are responsible for making up any missed lectures and discussions and should attend office hours to ask questions. Students should notify the instructor by email when they will be out in order to ensure that they are up to date on the class. There are no makeup exams, so students must contact the instructor before the exam if they will be absent..

GRADING

Final grades in this course will be based on the following scale:

A = 90%-100%
B = 80%-89%
C = 70%-79%
D = 60%-69%
F = 59% or Below

Weights of the assessments in the calculation of the final letter grade.

In class participation	10%
Discussions	10%
Quizzes	10%
Social Responsibility Project	10%
Exam 1	20%
Exam 2 (Cumulative Midterm)	20%
Exam 3 (Cumulative Final Exam)	20%
TOTAL	100%

Assessments

Exams (60% of final grades – 20% each)

There will be three exams in this course and each exam counts 20%. ALL exams will be administered in D2L and will be proctored. Students must notify the instructor if they will be absent for the exam BEFORE day of the exam in order to schedule a makeup time. There are no makeup exams. Exam 2 (midterm) and Exam 3 (final exam) are comprehensive and will cover all course material covered in the semester.

Social Responsibility Assignment (10% of final grade)

Students will explore social responsibility through the lens of economics by first identifying a social issue and the groups impacted, and then researching and evaluating the impact of an economic solution.

The syllabus/schedule are subject to change.

In Class Participation

Students will be ready to and willing to discuss concepts with the instructor and other classmates during the lecture.

Discussions

Students will participate with high quality answers in small group discussions over the weekly concepts. If absent for a discussion, students will need to attend office hours to complete the discussions in person with the instructor. Students may only use handwritten notes to assist in the discussion.

Quizzes

Students will take multiple choice quizzes over the concepts of the week before in D2L. They may use handwritten notes to aid in the quizzes. The quizzes are independent work and will be proctored.

Late assignments will not be accepted without an extension being arranged for ahead of time with the instructor or there are exceptional circumstances.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

Late assignments will not be accepted without an extension being arranged for ahead of time with the instructor or there are exceptional circumstances.

Academic honesty is important to show mastery of the course content. Students may not use outside sources on the Exams. They can use handwritten notes on quizzes and discussions.

Artificial Intelligence (AI) such as Chat GPT should only be used as a tool for study or to assist in formatting and grammar.

If it is believed that the student is using inappropriate outside sources on class assignments, the following actions may be taken:

1. The student will have to retake the assessment or an alternative assessment during office hours
2. The student will receive a zero for the assignment/s
3. The student will be referred to their principal for disciplinary action

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

The syllabus/schedule are subject to change.

AI use policy [Draft 2, May 25, 2023]

East Texas A&M University acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.
