Course Information

Course Description:

Prerequisite: Admission to the EPP and all coursework successfully completed.

An experiential component in which future public school teachers design and implement curriculum and model the use of a variety of classroom assessment techniques. The clinical teachers will use technologies for both creating and assessing lessons. Special attention will center on the alignment of curriculum, instruction, testing, and classroom management. Regular seminar sessions will focus on the situations, questions, and concerns that arise directly from the clinical teachers' experiences in secondary public-school classrooms.

Student Learning Outcomes

By the conclusion of the course, the student will demonstrate an ability to apply the Pedagogy and Professional Responsibilities (PPR) competencies:

- Competency 001: The teacher understands human developmental processes and applies this knowledge to plan instruction and ongoing assessment that motivate students and are responsive to their developmental characteristics and needs.
- Competency 002: The teacher understands student diversity and knows how to plan learning experiences and design assessments that are responsive to differences among students and that promote all students' learning.
- Competency 003: The teacher understands procedures for designing effective and coherent instruction and assessment based on appropriate learning goals and objectives.

- Competency 004: The teacher understands the learning processes and factors that impact student learning and demonstrates this knowledge by planning effective engaging instruction, and appropriate assessments.
- Competency 005: The teacher knows how to establish a classroom climate that fosters learning, equity and excellence and uses this knowledge to create a physical and emotional environment that is safe and productive.
- Competency 006: The teacher understands strategies for creating an organized and productive learning environment and for managing student behavior.
- Competency 007: The teacher understands and applies principal and strategies for communicating effectively in varied teaching and learning contexts
- Competency 008: The teacher provides appropriate instruction that actively engages students in the learning process.
- Competency 009: The teacher incorporates the effective use of technology to plan, organize, deliver, and evaluate instruction for all students.
- Competency 010: The teacher monitors student performance and achievement; provides students with timely, high-quality feedback; and responds flexibly to promote learning for all students.
- Competency 011: The teacher understands the importance of family involvement in children's education and knows how to interact and communicate effectively with families.
- Competency 012: The teacher enhances professional knowledge and skills by effectively interacting with other members of the educational community and participating in various types of professional activities.
- Competency 013: The teacher understands and adheres to legal and ethical requirements for educators and is knowledgeable of the structure of education in Texas.

The clinical teacher will demonstrate application of the PPR competencies by:

- constructing, implementing, and assessing developmentally appropriate lessons that meet the state mandated Texas Essential Knowledge and Skills.
- associating TExES PPR competencies with field experiences.
- being an active and engaged participant, and by analyzing and evaluating information presented from external readings and resources, field experiences, and seminar discussion.
- utilizing technology in communication, the preparation and delivery of lessons, assessment, and actively engaging public school students in the application of technology.
- implementing a variety of instructional strategies, modeling and appropriately delivering effective teaching and learning activities.
- designing and implementing instruction and assessment to promote student learning in a least restrictive environment with special consideration for learners with special needs (special education, gifted and talented, Emergent Bilingual Learners, etc.).

- demonstrating the ability to be a reflective teacher.
- applying the five state adopted proficiencies to the field-based setting and using these for self-evaluation of performance in the field.
- adhering to legal and ethical enforceable standards for educators.

Texas Educator Preparation Program (EPP): This course meets various TEA standards and objectives. For a full list of standards addressed in this course, visit the Standards and Objectives module of the ETAMU ***Music Education Program*** D2L Shell.

Required Software:

- 1) TK-20: For all prior, current, and upcoming courses that relate to state licensure, you are required to purchase TK-20. This documents that you have met certain criteria for the University to recommend you for licensure. The cost is \$139+tax / fee (corrected) for a one-time subscription that you will use in all future education courses. Link:
<https://tamuc.tk20.com/campustoolshighered/start.do>
- 2) CERTIFYTEACHER: Prospective student teachers are strongly encouraged to pass the Music Content Test before beginning the residency semester. Certify Teacher is an online service that provides substantive test material preparation for our undergraduate students. Candidates must complete the music practice test in CertifyTeacher with 80% accuracy in every domain to be approved to take the actual test. The cost to access each exam is \$35 which provides access for three years. Steps to purchase:
 - Go to <http://www.certifyteacher.com>
 - Select the Interactive Practice Test you wish to purchase – make sure to select the online version option. Access is granted until you receive a passing grade from the state or three years, whichever comes first.
 - Click Login under the Apply Promo Code option in the My Shopping Cart page.
 - Click Sign In under “I Don’t Have an Account Yet” to create your account – make sure to use your university email address when creating the account – the promo code will not work for any other email.

- Enter the Promo Code TEXES4728 when prompted. The price will drop to the discount price after that.
- Select Accept in the Six Clock-Hours Requirement window for your promo code to be validated.
- Complete the purchase transaction by providing your credit card information. You will be able to access your online readiness review solution seconds after the purchase transaction is complete.

Music Education D2L Shell: Upon enrollment in MUS 222, all music education majors have access to a D2L shell titled ***Music Education Program***. In this shell you can keep track of your non-curricular program requirements (instructions for completing the Application for Admission to the Educator Preparation Program, Field Based Experience (FBE) Packet, Application for Student Teaching, etc.). This shell also contains music education policies, procedures and other important information.

Field Based Experience (FBE) Packet: The FBE packet is available in the Music Education D2L Shell. This document describes the requirements and processes to complete the field based experience hours in each class where hours are required.

Instructional Methods

The purpose of the residency semester is (1) to demonstrate knowledge about content, pedagogy, technology, classroom management, assessment and evaluation, and the teaching and learning process; and (2) to demonstrate the ability to work with and manage students, plan lessons, and teach students using relevant and meaningful learning experiences in a professional manner. Thus, the assessment and evaluation of clinical teachers is also twofold as it addresses performance in both field based and seminar settings.

The field-based teacher education program has been designed to provide each student with opportunities to learn about students' learning and teaching in the best possible environment--the real public-school classroom and apply the knowledge gained. Therefore, the clinical teacher's responsibilities should include:

- demonstrate a rich knowledge base of pedagogy, technology and effective instructional and management strategies
- demonstrate a rich knowledge of the typical stages of cognitive, social, physical and emotional development of your students by developing lessons appropriate for the children you are teaching
- demonstrate a rich knowledge of teaching and learning to provide relevant and meaningful learning experiences for students
- demonstrate an understanding, sensitivity, and the ability to respond appropriately to diverse groups of learners
- demonstrate a rich knowledge of curriculum, content, objectives and essential elements
- demonstrate the ability to plan instruction for individuals, small groups, and large groups
- demonstrate the ability to teach and manage individuals, small groups, and large groups using relevant and meaningful learning experiences for students
- demonstrate the ability to reflect and assess planning, teaching, and learning using

technological and other resources

- demonstrate knowledge and use of effective assessment and evaluation strategies to promote student learning
- demonstrate knowledge in the use of the technology to enhance instruction and classroom management
- demonstrate the ability to observe, reflect, assimilate, and incorporate effective teaching, learning and management strategies
- demonstrate sensitivity and effective interpersonal communication skills orally and in writing with other professionals and students
- display the highest standards of professionalism, professional growth, and a commitment to improve the learning environment and the teaching profession
- exhibit a commitment to teaching, learning, and excellence in the profession
- assume other responsibilities based upon ILT recommendations
- enhance instructional environment for public school students

Student Responsibilities or Tips for Success in the Course

1. Demonstrate professionalism with your students, your University Field Supervisor, your Cooperating Teacher, and the faculty at your campus in the field.
2. Read and implement the suggestions for ways to be involved in your Clinical Teacher Reference Guide.
3. Work with your CT to follow the schedule to take on more and more responsibility of your field-based class.
4. Turn in your assignments on time.
5. Read your emails every day and respond promptly.
6. Apply the lessons from seminar in your work in the field classroom.
7. Show appreciation to your CT, FS, and instructors. We are all here to help you become the best teacher possible, and your success is our success.
