STUDENT LEARNING OUTCOMES

The Council on Social Work Education (CSWE) requires a competency-based approach to identify and assess what students demonstrate in practice. In social work, this approach involves assessing students' ability to demonstrate the competencies identified in the educational policy. Listed below are the competencies and associated knowledge, skills, values, and cognitive and affective processes that comprise the expected outcomes for this course.

	Assignment/Assessment	Dimension
Competency 5: Engage in Policy Practice		
Identify social policy at the local, state, and federal level that impacts well-being, service delivery, and access to social services within rural/urban settings	Community Intervention and Community Presentation & Community Presentation	Knowledge, Skills, Values and Cognitive and Affective
Apply critical thinking to analyze, formulate, and advocate for policies that advance human rights and social, economic, and environmental justice across the rural/urban landscape.	Community Intervention and Community Presentation & Community Presentation	Knowledge, Skills, Values and Cognitive and Affective
Competency 6: Engage with Individuals, Families, Groups, Organizations and Communities		
Apply knowledge of human behavior and the social environment, person-in-environment, and other multidisciplinary theoretical frameworks to engage with clients and constituencies across urban and rural settings and at the complex intersection of these two	Grass Roots Community Building Initiative	Knowledge, Skills, Values and Cognitive and Affective
Discern the most appropriate engagement strategy according to each practice context.	Grass Roots Community Building Initiative Petition for Change	Knowledge, Skills, Values and Cognitive and Affective
Competency 7: Assess individuals, Families, Groups, Organizations and Communities		
Collect and organize client-driven data, and skillfully apply critical thinking to interpret information from both rural and urban clients and constituencies; and those who are at the intersection of the two environments	Community Intervention and Community Presentation & Community Presentation	Knowledge, Skills, Values and Cognitive and Affective

	Assignment/Assessment	Dimension
Develop mutually agreed-on intervention goals and objectives based on the critical assessment of strengths, needs, and challenges within clients and constituencies reflective of their environment whether rural, urban or at the intersection of both.	Community Intervention and Community Presentation & Community Presentation	Knowledge, Skills, Values and Cognitive and Affective

COURSE REQUIREMENTS

Minimal Technical Skills Needed

In this course, you will utilize the Learning Management Systems (LMS) D2L for instructional and learning opportunities, submitting assignments, participating in online synchronous and asynchronous discussions, accessing resources, and completing quizzes/tests. Additionally, you will need the knowledge and skills to use Microsoft Word, PowerPoint, and Outlook Email. If you have any issues with using the various systems or software, you must contact support services and notify the Instructor of the technical issue.

Instructional Methods

This course will be delivered via synchronous and asynchronous sessions via D2L. It will consist of live class sessions, pre-recorded lectures, group engagement activities, and various assignments, including experiential learning and practical application of the content areas. In addition, small lectures, discussion activities, and workshops may provide instruction during this course.

Student Responsibilities and Tips for Success in the Course

As a student in this course, you are responsible for engaging in active learning and reaching out to the Instructor if problems or challenges interfere with optimal learning. Communication is vital when engaged in a fully online, virtual environment.

Expectations for success include:

1. Always demonstrate professional behavior, including respect for the Instructor and peers; being open to feedback and guidance throughout this class and the program.
2. Adhered to the School of Social Work and University student code of conduct and NASW Code of Ethics.
3. Begin reading the assigned text and supplemental readings as soon as possible, focusing on completing all readings prior to engagement with the Instructor or peers.
4. Prepare to engage in live class sessions, discussions, and other activities so you can be a contributor as well as a receiver of knowledge and skills.
5. Actively participate in engagement activities, including live virtual class sessions, online discussions, and interactive learning opportunities -as this is vital for learning and success in both this course and the program.
6. Work ahead when possible. Completing assignments ahead of the due date so you are prepared to submit on the due date.
7. Sign in to the D2L course shell multiple times weekly to access updated announcements or posted resources.
8. Check your university email daily. This is the university, department, and Instructor's official method of communication.
9. Be open and focused on the "process" and not the "product," as earning this degree requires time, effort, work, growth in knowledge, skills, and abilities, along with personal and professional attributes.

GRADING

Final grades in this course will be based on the following scale:

- A = 90%-100% of total points
- B = 80%-89%
- C = 70%-79%
- D = 60%-69%
- F = 59% or Below

Evaluation for the course grade is according to the following formula:

Assessments	Value
Community Intervention Paper (75 pts.) & Community Presentation (25 pts.)	100 pts.
Petition for Change	50 pts.
Grass Roots vs. Nonprofit Organization Paper	50 pts.
Midterm Exam	50 pts
Final Exam	50pts
TOTAL	300 pts.

Assessments **DO NOT USE AI TO WRITE YOUR PAPERS**

1. COMMUNITY INTERVENTION PAPER (75 points) & COMMUNITY PRESENTATION (25 points) See Rubric: APPENDIX A

This assignment involves writing a 6–8-page paper that proposes a community intervention to a significant LOCAL community problem. Specify and describe the chosen community classification as being rural, urban or an intersection of both using information from the book or peer reviewed sources. This paper should reflect the content from all applicable assigned readings. The paper must be correctly referenced using American Psychological Association (APA) guidelines. Special attention should be given to the **correct style of referencing**. Papers need to be original and typed, with clear and lucid analyses and excellent grammar.

Please note that this is a graduate-level course, and the expectations are considerably higher than those at an undergraduate level. This research paper is intended to demonstrate your ability to **apply a macro-level model of intervention to a real problem situation**. The paper should be written in a formal, scholarly format.

In addition to reflected problem analysis, planned intervention and proposed change efforts consider issues related to economics, social policies, political influences, and involvement of various levels of systems (individuals, families, groups, organizations, and communities). Papers will be graded on quality of analysis, creativity, incorporation of theories and knowledge, and quality of writing.

Your selected problem should target **one specific community (rural, urban or an**

intersection of both) or regional area and the content related to community assessment and resources should be specific to that community. **Be sure to use APA format and the headings provided in the paper's outline and rubric. Use at least 8-10 peer reviewed resources including your textbook.**

Presentation– You will be expected to present your identified problem, assessment data, and proposed solution to a body of LOCAL POLICY DECISION-MAKERS (such as city council, county commissioners, local school board, Council of Governments, public hearing on a particular issue, etc.). All communities have decision-making bodies that are open to public comment and input. However, you will need to find out the parameters of such input **AHEAD OF TIME**. Sometimes there is a time limit and advance request for permission to speak. Failure to present before an appropriate group will result in point deductions. You will need to include documentation (including a contact person) that can verify your presentation.

2. PETITION FOR CHANGE SEE RUBRIC (50 points)

See Rubric: APPENDIX B

Students are to work with their assigned group and decide on a social or community problem and strategy to enhance social justice and quality of life. Students are to write a petition to be submitted through Change Communications (www.change.org). Each group should submit ONE draft of the petition. Groups are encouraged to get approval from their instructor on their selection of the problem. One member of the group shall then submit the petition online after receiving instructor approval incorporating any changes recommended/required by the instructor. This assignment is intended to have 2 purposes: one is to require students to use group skills and the other is to allow students to actively engage in community change and impact a social problem using an electronic venue. Points awarded for this assignment will include the instructor's assessment of the "group process", meaningful and constructive contributions, group member feedback directly to the instructor, AND the number of votes that the petition generates in the week following the posting (use your Facebook or other means to encourage others to sign your petition!)

3. Grass Roots Organizations vs. Non-Profit Organizations (50 pts)

See Rubric: APPENDIX C

Students are to write a 4-5 page paper over one grassroots organization and one nonprofit organization. The Paper should cover the following:

An introduction which provides an overview of each organization including the founder or executive directors and close this section with the purpose of your paper.

Comparison of similarities and differences between a grassroot organization and a nonprofit organization. Summarize each organization (using information from website and other research) including its history, target population, services provided, grassroots initiatives, funding sources role and relationship of clients in the operations of the program.

Relate what you learned about the grassroot and nonprofit organization to content from your readings. **Be sure to use APA format and the headings provided in the paper's outline and rubric.**

Due Date Policy

No Late work will be accepted; thus, you will need to submit assignments within the designated timeframe.

School of Social Work & Council on Social Work Education-Specific Policies

Course Engagement

Final Evaluation and Grade Depends on both Classroom attendance and Participation:

Inadequate participation or lack of required time commitment in each class significantly affects students' grades. No matter the course venue, students must engage in a comparable amount of time. Expectations of both Face-to-Face classes and those with Online components include time spent reading and studying course material.

To earn a level of competency within a specific course, students must demonstrate both mastery of content and active engagement.

Mastery of content areas is evidenced by successful completion of course assignments such as written papers, group project deliverables, tests/quizzes, and other tangible products designed by instructors to evaluate knowledge and skills.

Additionally, the Social Work Profession is built upon human interactions and building human relationships – which is defined as engagement. Engagement is defined as meaningful involvement in interactions with the Instructor, peers, and outside stakeholders as appropriate (such as contacting a social worker to interview for a required assignment). Within the classroom setting, whether virtual or F2F, students must actively participate in 80% of engagement activities as outlined by individual instructors. These activities may include but are not limited to, participation in live, synchronous virtual classes, attending a Face-to-Face course when appropriate, interacting with peers in posted discussions, and collaborating in group interactive projects.

Students must meet standards for content mastery on tangible assignments and meet the threshold of active engagement of the time set during a semester by the Instructor.

Instructors are experts in each course content area and set the standards for students to meet to successfully complete the course.

Student Conduct

Students preparing to become professional social workers must adhere to the *University Code*

of Conduct, Department Code of Conduct and the National Association of Social Workers (NASW) Code of Ethics.

Department Code of Conduct

The Academic and Professional Issues Committee (API) hearing is the formal path of due process for a student in regard to the concern being expressed. A student will be referred to the School of Social Work's API by faculty, field instructors, or faculty field liaisons when a concern arises regarding academic and student conduct and/or professional preparation. When "a student who fails to meet the professional expectation of the field for which he/she is preparing may be suspended from further study in that program by the department administering that program" as demonstrated through ethical and/or legal violations; aberrant disregard for School of Social Work Code of Conduct or other concerns as determined by the [Academic and Professional Issues Committee](#).

Graduate Students have the right to appeal to the Graduate Dean according to [University Procedure 13.99.99.R0.39](#).

Undergraduate Students have the right to appeal to the Dean of the College of Education and Human Services according to [University Procedure 13.99.99.R0.41](#).
