Student Learning Outcomes (Should be measurable; observable; use action verbs)

1. Student will read research papers and demonstrate ability to synthesize information therein
2. Student will demonstrate ability to organize and present weekly progress to instructor
3. Student will conduct original research giving a concrete result by the end of semester
4. Student will be able to display results graphically as professional quality plots
5. Student will write a research style paper using appropriate language and presentation
6. Student will display a reasonable level of independence in achieving the above outcomes

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Programming skills in Python.

The syllabus/schedule are subject to change.

Instructional Methods

Student will meet weekly with instructor where they demonstrate their progress from the previous week. Problems will be discussed during these meetings and solved collaboratively. Based on these discussions, tasks for the next week will be set.

Student Responsibilities or Tips for Success in the Course

Student will attend weekly meetings with instructor, come fully prepared to present past week's results, and will make regular progress each week.

GRADING

Final grades in this course will be based on the following scale:

A = 11-12

B = 9-10

C = 7-8

D = 6

F = 5 or below

Assessments

Each of the learning outcomes above (1-6) will be given a score 0,1 or 2:

0: student demonstrated no improvement in the skill, or did not achieve objective

1: student showed moderate improvement in the skill or progress toward objective,

2: student achieved objective or showed significant improvement in skill

The grade is then out of a total of 12 points.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

Student Conduct

The syllabus/schedule are subject to change.

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The [Code of Student Conduct](#) is described in detail online in the [Student Guidebook](#).

Students should also consult the [Rules of Netiquette Webpage](#) for more information regarding how to interact with students in an online forum.

ETAMU Attendance

For more information about the attendance policy, please view the [Attendance Webpage](#) and the [Class Attendance Policy](#)

Academic Integrity

Students at East Texas A&M University are expected to maintain high standards of integrity and honesty in all their scholastic work. For more details and the definition of academic dishonesty see the following procedures:

[Undergraduate Academic Dishonesty University Procedure 13.99.99.R0.03](#)

Use of Artificial Intelligence

East Texas A&M University acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources

Students with Disabilities-- ADA Statement

The syllabus/schedule are subject to change.

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:
