Course Description

This advanced generalist field practicum allows students to integrate knowledge and theories with advanced generalist practice skills.

Students participate in an educationally directed field experience under supervision in an approved social services agency. They must complete 500 or 600 clock hours over two semesters (6 credit hours).

The syllabus/schedule is subject to change.

Prerequisites:

Students must have completed all MSW foundation curriculum requirements, been admitted to the MSW Program, have completed 12 semester hours in coursework, and be in good standing in the MSW program.

STUDENT LEARNING OUTCOMES

The Council on Social Work Education (CSWE) requires a competency-based approach to identifying and assessing what students demonstrate in practice. In social work, this approach involves assessing students' ability to demonstrate the competencies identified in the educational policy. Listed below are the competencies and associated knowledge, skills, values, and cognitive and affective processes that comprise the expected outcomes for this course.

	Activity/Assessment	Dimension
Competency 1: Demonstrate Ethical and Professional Behavior		
Make ethical decisions by applying the standard of the NASW Code of Ethics, relevant laws and regulations, models for ethical decision-making, ethical conduct of research, and additional codes of ethics as appropriate to rural and urban contexts and at the intersection of the two.	As demonstrated by active attendance at weekly field seminar discussion engagements Zoom meetings with Guest Speakers/Discussions revolve around discussions of the importance of licensure and making ethical decisions by applying the standards of the NASW Code of Ethics, relevant laws and regulations, models for ethical decision-making, ethical conduct of research, and additional codes of ethics as appropriate to context; as well as the use reflection and self-regulation to manage personal values and maintain professionalism in practice situations, demonstrating professional demeanor in behavior; appearance; and oral, written, and electronic communication; the use of technology ethically and appropriately to facilitate practice outcomes; and the importance of the use of	Knowledge, skills, values, and cognitive and affective processes

Knowledge, skills, values, and cognitive and affective processes
Use supervision and consultation to guide professional judgment and behavior in both urban and rural settings and at the intersection of the two environments.	This is demonstrated by the active attendance of weekly field seminar discussion engagements and 2 hours of supervision per week with the field supervisor to discuss any questions/concerns of the student.	Knowledge, skills, values, and cognitive and affective processes

The syllabus/schedule is subject to change.

Design and engage in effective self-care strategies to reduce the likelihood of compassion fatigue and burnout.	As demonstrated by active attendance at weekly field seminar discussion engagements	Knowledge, skills, values, and cognitive and affective processes
Competency 2: Engage in Diversity and Difference in Practice		
Apply and communicate the importance of diversity and difference in shaping life experiences in practice at the micro, mezzo, and macro levels within urban and rural settings.	as demonstrated by active attendance at weekly field seminar discussion engagements Zoom meetings with Guest Speakers/Discussions revolve around discussions applying and communicating an understanding of the importance of diversity and difference in shaping life experiences in practice at the micro, mezzo, and macro levels. Also, guest speakers and discussions assist students as learners and engage clients and constituencies as experts in their experiences. Students also learn to apply self-awareness and self-regulation to manage the influence of personal biases and values in working with diverse clients and constituencies through guest speakers and discussions via Zoom and online. Additionally, students learn of the importance of licensure and making ethical decisions by applying the standards of the NASW Code of Ethics, relevant laws and regulations, models for ethical decision-making, ethical conduct of research, and additional codes of ethics as appropriate to context; as well as the use reflection and self-regulation to manage personal values and maintain professionalism in practice situations, demonstrating professional demeanor in	Knowledge, skills, values, and cognitive and affective processes

COURSE REQUIREMENTS

Minimal Technical Skills Needed

In this course, you will utilize the Learning Management System (LMS) D2L for instructional and learning opportunities, submitting your assignments, participating in online synchronous and asynchronous discussions, accessing resources, and completing quizzes/tests—additionally, knowledge and skills in using Microsoft Word, PowerPoint, and Outlook Email. If you have any issues with using the various systems or software, you must contact support services and notify the Instructor of the problem.

Instructional Methods

This course will be delivered via synchronous and asynchronous sessions via D2L. It will consist of live class sessions, pre-recorded lectures, group engagement activities, and various assignments, some of which include experiential learning and practical application of the content areas. In addition, small lectures, discussion activities, and workshops may be utilized to provide instruction during this course.

Field Liaison Role and Seminar

The field liaison faculty member assigns the final grade for the student in the field practicum. Each faculty field liaison member is expected to visit electronically with the student and the student's field practicum agency at least twice during the semester, or as needed on problematic issues.

All students enrolled in the field practicum must meet with the faculty field liaison and other students in a weekly field seminar meeting and/or complete the weekly seminar assignment. The format of the seminars is left to the faculty field liaison, within the following guidelines:

- Field seminar meetings and/or assignments are scheduled every week
- Students should be able to access live Zoom sessions and/or recordings as scheduled.
- Seminars are scheduled to last at least one hour.

The purpose of the seminar includes:

- Orientation to the field practicum
- Updates on field practicum expectations, requirements, or conditions.
- Opportunity for students to ask questions, express concerns, provide peer consultation, and share ideas and experiences regarding the field practicum & assignments
- Students will have the opportunity to familiarize themselves with their agency services, population, and referral processes, as well as their peers and field liaisons.

Student Responsibilities and Tips for Success in the Course

As a student in this course, you are responsible for engaging in active learning and reaching out

The syllabus/schedule is subject to change.

to the Instructor if problems or challenges interfere with optimal learning. Communication is vital when engaged in a fully online, virtual environment.

Expectations for success include:

1. Always demonstrate professional behavior, including respect for the Instructor and peers; being open to feedback and guidance throughout this class and the program.
2. Adhered to the School of Social Work, the University's student code of conduct, and the NASW Code of Ethics.
3. Begin reading the assigned text and supplemental readings as soon as possible, focusing on completing all readings before engagement with the Instructor or peers.
4. Prepare to engage in live class sessions, discussions, and other activities so you can contribute and receive knowledge and skills.
5. Actively participate in engagement activities, including live virtual class sessions, online discussions, and interactive learning opportunities, as this is vital for learning and success in both this course and the program.
6. Work ahead when possible—completing assignments before the due date so you are prepared to submit on the due date.
7. Sign in to the D2L course shell multiple times weekly to access updated announcements or posted resources.
8. Check your university email daily. This is the university, department, and Instructor's official method of communication.
9. Be open and focused on the "process" and not the "product," as earning this degree requires time, effort, work, growth in knowledge, skills, and abilities, along with personal and professional attributes.

GRADING

Final grades in this course will be based on the following scale:

A = 90%-100% of total points

B = 80%-89%

C = 70%-79%

D = 60%-69%

F = 59% or below

Criteria for Grading	Percentage of Final Grade

Assessments

See Appendix A: TK20 Desk Review

1. Field Learning Contract/Plan

The student and the field instructor should outline and sign a learning plan/agreement for the student based on course objectives. In addition, the plan is reviewed and signed by the faculty liaison. This plan becomes the guide for the practicum experience and the agency visits by the faculty liaison. **All students are expected to meet deadlines/due dates in order to receive the points associated with the assignments. Not completing assignments as specified will impact a student's grade.**

2. Students' Weekly Logs/Timesheets

Students keep a numerical record of their activities and a narrative account of their experiences in the agency. This report is submitted to the faculty liaison weekly in Tk20 and may be part of the online seminar class discussion. This section also includes completion in TK20 of the following documents: Agency Contact Form, MSW Schedule, Confidentiality Agreement, and Field Safety Plan. **All students are expected to meet deadlines/due dates in order to receive the points associated with the assignments. Not completing assignments as specified will impact a student's grade.**

3. Final Student Field Placement Evaluation

The final evaluation is a written report of the student's agency experience. The student and field instructor use a rating scale to evaluate the students' performance. The suggested process for the final evaluation parallels that of the mid-term review, whereby the student and field instructor complete the report independently and then, in conference, share and discuss their perceptions and observations. The final evaluation is forwarded to the faculty liaison by the field instructor in Tk20. **All students are expected to meet deadlines/due dates in order to receive the points associated with the assignments. Not completing assignments as specified will impact a student's grade.**

4. Final Review / Evaluation by Field Instructor

The final review will evaluate the student's learning assignments, strengths, challenges, and learning experiences. It is suggested that the student and field instructor review the student's performance and then, in a conference, share and discuss their perceptions and observations. The final review should reflect the ideas of the field instructor and the student and will be reviewed during the virtual field visit with the field liaison three weeks before the end of class. The results of the student's performance will be adjusted/ updated in the evaluation section of

The syllabus/schedule is subject to change.

the TK20 database system, listed as the Field Experience Form (Field Instructor-MSW Acknowledgement of Learning Contract, the Field Instructor-MSW Field Learning Evaluation, and the Field Instructor-ETAMU Field Program Evaluation). The student's final grade is based on the final review/recommendation of the field practicum instructor (the agency-based field instructor) as well as the direct observations of the faculty field liaison.

5. FIVE Reflection Questions: D2L:

Students will be expected to complete the FIVE Reflection Questions located in D2L by the dates indicated on the course Calendar and within the D2L assignments. Further information will be discussed and located within the course with regards to due dates, expectations, content, and objectives for the questions. This is a part of the learning experience within the seminar and therefore all students are expected to participate and meet deadlines in order to receive the points associated with the assignments. Not completing assignments as specified will impact a student's grade.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may require the Instructor to modify it during the semester. Any changes made to the syllabus will be announced in advance.

University Specific Procedures

Ethical Behavior

The School of Social Work expects all students to conduct themselves in an ethical, professional manner in the classroom and field settings consistent with the [NASW Code of Ethics](#).

University Code of Conduct

Texas A&M University-Commerce has established standards of conduct to create and foster an environment that facilitates student learning and development. Students and university student groups are expected to conduct themselves in a manner that demonstrates respect for the rights and property of others and is consistent with the educational goals and mission of the university. This Code of Student Conduct ("Code") focuses on personal responsibility and accountability for students' actions and the impact those actions may have on the greater community. To access student academic and behavioral expectations for students refer to the [Student Guidebook](#).

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: <https://www.britannica.com/topic/netiquette>

University Rules on Research

Students involved in conducting research and/or scholarly activities at Texas A&M University-Commerce must also adhere to standards set forth in [University Procedure 15.99.03.R1 Ethics in Research, Scholarship, and Creative Work](#).

AI Use Policy

Texas A&M University-Commerce acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that can generate text or suggest replacements for text beyond individual words, as determined by the course instructor.

Any use of such software must be documented. Undocumented use constitutes academic dishonesty (plagiarism).

Individual instructors may disallow the use of such software entirely for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided, the student should assume that the use of such software is disallowed.

Furthermore, for this course, if your work is identified as AI-generated, whether written or paraphrased, I will only grade the portion of the paper that is not identified as AI-generated. For example, if a paper is identified as 75% AI-generated, only 25% of the grade will be awarded.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources. [Draft 2, May 25, 2023]

School of Social Work & Council on Social Work Education-Specific Policies Course Engagement

Final Evaluation and Grade Depends on both Classroom attendance and Participation:

Inadequate participation or lack of required time commitment in each class significantly affects students' grades. No matter the course venue, students must engage in a comparable amount of time. Expectations of both Face-to-Face classes and those with Online components include time spent reading and studying course material.

To earn a level of competency within a specific course, students must demonstrate both mastery of content and active engagement.

Mastery of content areas is evidenced by successful completion of course assignments such as written papers, group project deliverables, tests/quizzes, and other tangible products designed by instructors to evaluate knowledge and skills.

The syllabus/schedule is subject to change.

Additionally, the Social Work Profession is built upon human interactions and building human relationships – which is defined as engagement. Engagement is defined as meaningful involvement in interactions with the Instructor, peers, and outside stakeholders as appropriate (such as contacting a social worker to interview for a required assignment). Within the classroom setting, whether virtual or F2F, students must actively participate in 80% of engagement activities as outlined by individual instructors. These activities may include but are not limited to, participation in live, synchronous virtual classes, attending a Face-to-Face course when appropriate, interacting with peers in posted discussions, and collaborating in group interactive projects.

Students must meet standards for content mastery on tangible assignments and meet the threshold of active engagement of the time set during a semester by the Instructor.

Instructors are experts in each course content area and set the standards for students to meet to successfully complete the course.

Student Conduct

Students preparing to become professional social workers must adhere to the *University Code of Conduct*, *Department Code of Conduct* and the *National Association of Social Workers (NASW) Code of Ethics*.

Department Code of Conduct

The Academic and Professional Issues Committee (API) hearing is the formal path of due process for a student in regard to the concern being expressed. A student will be referred to the School of Social Work's API by faculty, field instructors, or faculty field liaisons when a concern arises regarding academic and student conduct and/or professional preparation. When “a student who fails to meet the professional expectation of the field for which he/she is preparing may be suspended from further study in that program by the department administering that program” as demonstrated through ethical and/or legal violations; aberrant disregard for School of Social Work Code of Conduct or other concerns as determined by the [Academic and Professional Issues Committee](#).

Graduate Students have the right to appeal to the Graduate Dean according to [University Procedure 13.99.99.R0.39](#).

Undergraduate Students have the right to appeal to the Dean of the College of Education and Human Services according to [University Procedure 13.99.99.R0.41](#).
