- <https://www.tmea.org/membership/>
- <https://nafme.org/>

ETAMU students with NAfME membership are automatically members of the ETAMU Collegiate Chapter. The ETAMU chapter sponsors workshops and other events for the benefit of pre-service and in-service music educators.

COURSE DESCRIPTION

The purpose of this course is to prepare students to teach elementary music for students in Pre-Kindergarten through second grade. Accordingly, the course will introduce pedagogical strategies that combine movement and music and examine music-specific topics such as the development of the child's singing voice, appropriate sequencing, classroom management, etc. This course bridges theory with practicality through studying the theoretical basis of different teaching approaches, observing demonstrations, actively participating in lessons, and then creating and teaching lessons for use in an elementary classroom setting.

This course content is aligned with the standards established by the Texas Education Code, covering areas such as Music, the Commissioner's Rules, Pedagogy and Professional Responsibilities, Technology, and English Language Proficiency. To review these standards, please visit the Music Education Program D2L Shell and select "Standards and Objectives."

STUDENT LEARNING OUTCOMES

Graduating students will develop and apply effective pedagogical strategies in individual and/or classroom settings and at appropriate musical and developmental levels. At the conclusion of the course, the students will be able to:

- articulate the differences and similarities between the major approaches to music education, including Orff Schulwerk, the Kodály Method, Music Learning Theory, and Dalcroze Eurhythmics.
- demonstrate skills in singing, sight-singing, playing instruments, creative movement, and dancing.
- successfully engage children in Pre-Kindergarten through third grade in playing instruments, listening, chanting, singing, moving, and reading notation.
- apply an understanding of individual differences among children, including Emergent Bilingual Learners, and be able to create music lessons that cater to these differences.
- view themselves as engaged citizens within an interconnected and diverse world through experiences with music and dance from a variety of cultures.
- create original lessons for grades PK-2.
- describe how general music contributes to a school's educational program and construct and present lessons that integrate music with other disciplines.
- evaluate student achievement through the use of appropriate tests and performance measures.
- teach elementary music to children with disabilities using appropriate methods and materials.
- create visual aids for use in teaching music and movement concepts to elementary children, including aids created through the use of technology.
- implement procedures for classroom management.

ADDITIONAL COURSE OUTCOMES FOR GRADUATE CREDIT

A student taking this course for graduate credit must demonstrate the above competencies to a higher level of aptitude. Additionally, a graduate student will be able to:

- play songs on a dulcimer while reading notation,
- sing songs with up to three chords while accompanying on the 'ukulele,
- demonstrate the ability to arrange poetry and folk material for children's voices and Orff instruments,
- develop and teach engaging lessons using a variety of media,
- Research primary folk song and dance materials and craft master copies and song analyses.

Please refer to the document titled Additional Assignments for Graduate Credit.

INSTRUCTIONAL METHODS

This course will be blended. Students will be expected to come to the classroom twice each week for face-to-face instruction and complete weekly assignments in D2L.

SYLLABUS CHANGE POLICY

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in class and via D2L.

TAKING THE TExES EXAM

The TExES Exam has two parts:

1. the Music Content Exam (MCT)
2. the Pedagogy and Professional Responsibilities Exam (PPR)

You must take and pass both the MCT and the PPR to apply for certification to teach in the state of Texas. We work very hard to prepare you for these requirements and are proud of the university's very high success rate.

Beginning with the graduating class of May 2027, all music education students must PASS both the Music Content Test and the PPR to be approved for clinical teaching. Over the next few semesters, we are gradually working toward this end. Tentative schedule:

If your Graduation Date is...	Your task for the Penultimate Semester	Your task for the Clinical Teaching Semester
May 2026	Fall 2025 – You must PASS the Music practice test (CertifyTeacher) with 80% accuracy in every domain to be approved for clinical teaching.	Spring 2026 – You must PASS the Music Content Test (TExES) to graduate. You must PASS the practice PPR (CertifyTeacher) with 80% accuracy in every domain to graduate.
Dec 2026	Spring 2026 – You must PASS the Music Content Test (TExES) to be approved for clinical teaching. You must PASS the practice PPR (CertifyTeacher) with 80% accuracy in every domain to be approved for clinical teaching.	Fall 2026 – You must PASS the PPR Test (TExES) to graduate.
May 2027	Fall 2026 – You must PASS the Music Content Test (TExES) to be approved for clinical teaching. You must PASS the PPR Test (TExES) to be approved for clinical teaching.	

Music Content Test

Take the Music Content Test MCT first. You will need School of Music approval to take the MCT. To earn this approval, you must pass the **practice** test from CertifyTeacher (see instructions below) with a score of **80% or better in EVERY DOMAIN**.

To get approval to take the MCT, complete this Laserfische form: <https://dms.tamuc.edu/Forms/TExES-Certification-Program>. You will be asked to submit your scores from the practice test.

Once you submit it, it will first be sent to Dr. Meek. Her approval will be sent to the Department of Educator Certification. Ms. Bryan in Educator Certification will then contact you with instructions. Please contact Ms. Bryan directly if you have difficulties registering for the exam.

PPR

After you pass the MCT, follow the same process to receive authorization to take the PPR for the PPR. You will receive an email from the Educator Certification office with instructions on how to register for your PPR exam.

How do I prepare for the tests?

The East Texas A&M University Testing Center offers practice exams for the TExES certification exams:

- The East Texas A&M Assessment Office offers numerous TExES Representative Forms (official practice tests) for \$20
- All versions of the PPR are available.
- The tests are five hours long.
- You must have your instructor's approval before you are allowed to register. Your instructor will then contact the Assessment Office.

How do I register to take the test?

Visit the Texas Educator Certification Examination Program website here: <http://www.tx.nesinc.com/> Information about specific testing times can be found on this website. Choose the location to determine what dates are available for that particular testing site. TExES exams have different times/dates according to the location site chosen.

What if I do not pass the MCT or PPR?

If you do not pass one of the two exams on the first try, you will have to wait 30 days before retaking the exam. You will need to be authorized to register for any additional retakes. Requirements for reauthorization will be determined on an individual student basis. It is important to remember that you have up to **5 attempts** to pass each exam.

If you are unsuccessful on the Music Content Test or PPR, access the **Study Plan Tracker**. This embedded program within Certify Teacher will help you address the areas of concern based on your completed Exam Mode 0. This “remediation” plan will generate assignments based on the domains/competencies below 80%. Study Plan Tracker must show 100% complete on ALL areas prior to submitting.

Use the same laserfish link <https://dms.tamuc.edu/Forms/TExES-Certification-Program> to get approval to retake the test. You will be asked to submit your Study Plan Tracker scores.

Course Structure

In D2L, you will find that this course has been organized into fifteen (15) weeks. In each module, you will find an agenda which will show you the topics to be discussed in class. I have also included the PowerPoint lecture/demonstration for each week and all lesson plans so that you can review them as needed.

Every week, your tasks will include materials to practice, a reflection prompt, and an assignment. Some of the assignments and readings have multiple parts. Read the agenda carefully on Monday, determine how much time it will take you to complete your tasks for the week, and block out that amount of time in your weekly calendar.

You have from Monday through the following Sunday to complete your tasks for the week. **The workload for this course is intense.** Get into the habit of beginning your tasks on Monday so that you can pace yourself.

Attendance, Engagement and Civility Policy

It is expected that, as future teachers, education students model professional and courteous behavior by attending every class and arriving to class on time. **Unexcused absences are unprofessional and unacceptable**, and they will not be allowed when you are a clinical teacher or a professional educator in the field.

Excused absences include illness with a doctor's note, jury duty, or the death of an immediate family member. **If you must miss class for any reason, including last-minute issues such as sudden illness or car trouble (for commuters only), you are expected to communicate with the instructor via text or email before class begins.**

Absent students will, by default, earn a grade of zero for that day's work until proof of excused absence is provided. Failure to provide a physician's note, jury summons, or other proof confirming the legitimacy of the absence will result in the classification of that absence as unexcused. Students who are absent are expected to carefully review the lecture PowerPoint in D2L so that they do not fall behind. Due to its performance nature, face-to-face class attendance cannot be made up.

The instructor reserves the right to drop any student who misses more than four in-person, face-to-face classes, regardless of the reason. If absences are accumulated after the drop date, the student will receive a failing grade. This cushion is intended for students who experience a profound hardship. Outside of legitimate excused absences that are communicated with the instructor, **all students are expected to attend every class.**

Take care to note any required university-sponsored events, tour dates, or other activities that may cause you to miss class and communicate this to the instructor **by January 23**. These will be considered on a case-by-case basis. They are **not** automatically excused. Final classification of absences will at the sole discretion of the instructor. Do not schedule any personal obligations during class time.

Each class period, students are expected to sign in on the attendance sheet. Failing to sign in may result in a grade of zero for that day's work. Tardiness or leaving early will affect the daily classwork grade. The instructor reserves the right to lock the classroom door after class has begun. Latecomers will be counted absent.

If a test is missed because of an **excused** absence, the test must be completed within **two days**. It is the student's responsibility to reschedule a test. If you miss an in-class teaching assignment due to an **excused** absence, you must teach it the very next class period to the entire class. YOU must remind me before and during class—I will not seek you out. Plan to teach your assignment immediately following the daily welcome song. If a student misses a teaching assignment because of an **unexcused** absence,

the student will not be allowed to teach the following class period and the student will receive a zero for that assignment.

For more information about the University attendance policy please visit the Attendance webpage:
<https://inside.tamuc.edu/admissions/registrar/generallnformation/attendance.aspx>

Student Handbook:

[https://inside.tamuc.edu/academics/colleges/humanitiessocialsciencesarts/departments/music/UndergraduateStudentHandbook/default.aspx](https://inside.tamuc.edu/academics/colleges/humanitiessocialsciencesarts/departments/music/Undergradu ateStudentHandbook/default.aspx)

Students are expected to remain fully engaged in class activities during class time. Any student who disengages from class (texts, checks social media, works on assignments for other classes) will be asked to leave the classroom and an unexcused absence will be recorded in D2L.

Classroom Expectations

VIRTUAL LEARNING EXPECTATIONS

The following expectations are provided should virtual synchronous events be utilized for any reason (such as class, convocation, or a workshop):

- Students should maintain a professional appearance as would be expected in the classroom.
- Students attending synchronous classes should have their video turned on and be attentive throughout the class. Please position your camera in a well-lit professional environment so that your face is displayed.
- Virtual attendance will be taken for any class that is met virtually. The camera must remain on and the student must actively participate to receive credit for the class or workshop.
- Consult the Rules of Netiquette for more information regarding how to interact with others in an online forum: <https://www.britannica.com/topic/netiquette>

STUDENT RESPONSIBILITIES OR TIPS FOR SUCCESS IN THE COURSE

- Consider this course to be a study guide for the Music Content portion of the TExES test.
- Download any materials that are not in the course pack from D2L and organize them in an orderly fashion in your notebook.
- Attend every class and perform to the best of your ability.
- Prepare all assignments and reflections thoroughly and completely. Plan on spending at least two hours outside of class time to complete each assignment and at least one hour per reflection. This is the standard for 3-credit-hour courses.
- Practice skills (sight-singing, recorder) daily outside of class.
- Refer to MyLeo Online/D2L Brightspace for assignment instructions.
- Contact the instructor with any questions.

All students are expected to follow the Tenets of Common Decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the Student Guidebook: <https://www.etamu.edu/student-code-of-conduct>. The tenets apply to all communication to the instructor and your classmates.

Demonstrate commitment to your course of study by contributing thoughtfully to class discussions, turning in assignments in a timely manner, being prompt and dependable, supporting your peers and the instructor, and accepting critiques graciously. Be open-minded about other's opinions and thoughts, encouraging them to stretch their boundaries and take risks, and listen attentively to their performances.

Cell phones should be turned off before class begins and concealed from view throughout the duration of the class period. Please take care of any necessities (food, drink, restroom) before coming to class so that we may proceed without interruption. If you need to bring a bottle of water, please take care to keep the cap secured. Dispose of all food and chewing gum before class begins. No food, chewing gum, or drinks other than water are allowed in the classroom.

In this course, you will be very active—singing, moving, playing instruments, dancing, improvising, and more. All students are to be actively participating in each lesson just as your students will be when you are teaching in a public or private school. Please wear comfortable but modest clothing in which you can move around easily.

Please be careful with our classroom materials and use them only when instructed. **Failure to bring class materials (including, but not limited to, your recorder and your course pack) will result in a loss of 50 points.**

Be open-minded about other's opinions and thoughts, encouraging them to stretch their boundaries and take risks, and listen attentively to their performances. Failure to conform to these expectations of behavior will result in a lowered grade. Engagement/Performance grades will be given according to the instructor's discretion:

- An A will be earned by the student who arrives early with all materials, exhibits superior attentiveness, is fully prepared for class, participates with enthusiasm, and is a leader and role model to others.
- A B will be earned by the student who exhibits excellent attentiveness, is prepared for class, participates with enthusiasm, and is a valued asset to others.
- A C will be earned by the student who exhibits average attentiveness, preparation, and class participation.
- A D will be earned by the student who exhibits little attentiveness, preparation, and participation.
- An F will be earned by the student who exhibits no attentiveness, preparation, or participation. This student will be instructed to drop the course.

Notebook Organization

For this course, you will have access to a collection of songs and other activities for children. This collection is available as a course pack on Marketplace. **You will organize these resources into a three-ring binder with 37 dividers.** This will be a valuable resource for you as you begin teaching, one that you will continue through your career. This will also be very helpful as you study for the Music Content Test.

Weekly Tasks

ASSIGNMENTS

You will have from Monday until the following Sunday at 11:59 p.m. to complete the tasks for the week. All assignments MUST be uploaded into the appropriate places in D2L. If a document is uploaded to the incorrect place, credit will not be given.

All assignments and reflections must be TYPED. Please use university-level spelling, punctuation, and grammar. Papers should be double-spaced with 1" margins and 12-point type. The heading should be single-spaced and include your name, the date, and the assignment number. Include any citations in APA style as endnotes. Assignments that require music notation must be produced with notation software.

Take care when using Google docs that your method of sharing does not require me to ask for permission to view your document. Click SHARE – GET LINK – ANYONE WITH THE LINK. A grade of zero will be entered as a placeholder if I am unable to view your assignment. I will not contact you about this issue—you are expected to ensure that I can access your work.

WORKING WITH PARTNERS AND IN GROUPS

You will have the opportunity to work with a partner on selected assignments—ones that are related to lesson planning and teaching (weeks 2, 7, 8, 9). I will be very clear which assignments are to be completed with a partner.

The intention of this is that the two of you will sit down in a room and complete the task together. It is NOT intended for the two of you to divide up responsibilities to complete on your own. This defeats the purpose of the “two minds are better than one” idea. I am expecting to read excellent work from the two of you. “As you use steel to sharpen steel, one friend sharpens another.”

You are expected to clearly and frequently communicate with your partner. If an issue arises, I will not mediate. You are expected to work out any difficulty on your own. Of course, you have the option to withdraw from the partnership and complete the assignment entirely on your own; however, I expect you to be professional and inform your partner if you intend to do this, WELL IN ADVANCE.

REFLECTIONS

Each week, you will complete a reflection, either for a reading, a video, or a teaching activity. Reflections should be thoroughly prepared and show evidence of deep thought. **Firstly, discuss 2-3 important things you learned from the article, video, etc.** Make connections with your own prior knowledge and with the class lectures. You might describe how you have seen the ideas work in your own personal experience or how you foresee the ideas working in your future classroom. Describe any questions you have that arise from the reading, video, or activity.

Requirements:

- Use university-level spelling, punctuation, and grammar.
- Use formal, scholarly language.
- Papers should be at the very least one full page (approximately 320 words) and double-spaced with 1" margins and 12-point type. When the Learning Partnership begins, your reflection assignments will be completed in a Field Based Experience (FBE) Packet. When using the FBE Packet, you must have 2-4 fully fleshed-out paragraphs (approximately 320 words).
- The heading (if applicable) should be single-spaced and include your name and the reflection number.
- Include citation in APA style as endnotes after your full page of reflection. Failing to include your citation will result in a loss of 10 points.

- You will submit screenshots of your FBE Packet entries (the log sheet and the reflection sheet) and upload them to D2L. A citation is not necessary for the FBE Packet entries.

As often as we can, we will discuss these reflections in class. Avoid simply agreeing with what someone else says. Add something new to the conversation. If you disagree with someone, respectfully provide a different point of view: “I had a different experience...” “On the other hand...” “Have you ever considered...?” “It is also possible that...”

LESSON PLAN ASSIGNMENTS

In many cases, homework assignments will consist of creating short lessons and teaching these lessons in class. You may not teach any lesson I have presented in a class lecture/demonstration. You will write a lesson plan in the correct format using the given template for every lesson you teach.

FIELD BASED EXPERIENCE

All music education majors who are pursuing teaching certification must complete 50 hours of Field Based Experience before student teaching. These hours must be completed in classrooms with teachers who are certified to teach Music in the state of Texas. Before beginning any FBE hours, confirm with the teacher that they meet this certification requirement.

10 of those hours will be completed during this course in an area school. You and a team will provide music instruction to children in a public-school setting. You will develop your lessons using the Weekly Class Outline and PowerPoint templates provided and using lessons from class as models. You will videorecord your lessons so that your colleagues can watch them and learn from your experience.

1. Some of the hours will be **observation** only via video. There are two sources for videos:
 - The ETAMU Music Education YouTube Channel: http://www.youtube.com/playlist?list=PLeO_NArJmV4iqYHH6thIXfrM4_dW8Nz0x
 - The Kodály Today YouTube Channel: https://www.youtube.com/channel/UChi80hm_84B6E-WHjEZRF_w?fbclid=IwAR0UA0MgdWX0aEIYU0tLgy-oiPeBo8qTPHBB0GDBNE8IQqxA9HK4AA4Xu3Q

To earn credit for these hours, you MUST include the title/teacher/district, YouTube link, and exact length of time for every video used. You will only be able to use videos of Texas teachers working in their classrooms with children as FBE hours.

2. Some of the hours will be spent in a public or private school classroom observing a teacher working directly with children. I will place you all into groups and assign you a school/mentor teacher based on your personal schedules.

If for some reason you must be absent (sickness with doctor's note, death in the family, or other excused absence for which you have communicated with the instructor and your group), you may complete the observation hour for that week via video transmission. Please keep the ETAMU Honor Policy in mind as you complete your paperwork.

3. Some of the hours will be **active teaching**. You and your team will provide music instruction to children in a public or private school setting. As a team, you will develop your lessons using the

Weekly Class Outline and PowerPoint templates provided and using lessons from class as models. Upload the WCO, PPT, and reflection to D2L.

You will video record each lesson. Upload these videos, along with your WCOs and PPTs, to our shared Google folder so that your colleagues can watch your lessons and learn from your experience.

Always remember that we are ambassadors of this university. The mentor teachers are trusting that we will keep their students on track with their district's scope and sequence—that their children will leave our care in step with (or ahead of) the other classes of the same grade level. Because we need the mentors to invite us back each semester, your actions impact our future students.

PROFESSIONAL DEVELOPMENT ASSIGNMENTS

There are three different types of professional development requirements this semester: music education convocations, outside workshops, and ETAMU workshops.

1. CONVOCATIONS: You are **required** to attend all Music Education Convocations offered this semester, even if you have completed all your recital responsibilities and/or are not enrolled in a recital course. If you are not able to attend a Music Education Convocation, you will acquire the audio recording, listen to it, and write a reflection that is at least one full page in length double-spaced.
2. OUTSIDE WORKSHOP: Pre-teachers are expected to join and actively participate in professional organizations, just as teachers do. This is where you build your network of future colleagues and learn ideas from other colleagues outside those in your own program. To this end, you are required to attend and actively participate in one of the several area workshops with elementary emphasis for professional educators, such as those provided by the North Texas Chapter of AOSA and the Kodály Educators of Texas. The workshop (or combination of workshops) must total at least **three hours** in length. To earn credit, you must upload the following:
 - the workshop handouts, your personal notes, or the certificate of completion (your choice of these three). *Include some kind of proof of the workshop's length.* Many workshop sites do not offer a certificate of completion, so plan accordingly.
 - a reflection (two pages, double-spaced) of your learnings and how you might be able to use them in the classroom.

SPRING STUDENTS: To use TMEA sessions for this requirement, you must participate in at least THREE **elementary-specific** sessions. I strongly suggest you have your sessions approved before attending. Handouts can be found on the TMEA website. Submit a two-page reflection that sums up your learnings from all three sessions. Submit this and the session handouts to D2L. Concerts do not count toward this requirement.

3. ETAMU WORKSHOP: You are required to attend the ETAMU workshop for area teachers. It will be held at the Dallas campus on a Saturday morning from 9:00-noon with a light breakfast beforehand. No reflection is required for those attending.

Any student engages in academic dishonesty by turning in materials without attending and actively

participating in the sessions - or who uses another student's work as his/her own - may receive an automatic fail for this course and may be recommended for removal from the Undergraduate Field-Based Teacher Certification Program.

NOTE: As Coordinator of Music Education for ETAMU, I will be sending you information about workshops that are available to you about all aspects of music education, including band and choir. However, let me reiterate that the workshops for your Music and Movement classes (and all observations) **MUST** be **general elementary music-based**.

Again, virtual attendance will be taken for any workshop that is met virtually. The camera must remain on for the entire duration of the workshop and the student must actively participate to receive credit for the workshop.

ADDITIONAL ASSIGNMENTS FOR GRADUATE CREDIT

To receive graduate credit for this course, the student will complete additional assignments reflecting rigorous study in the Kodály and Orff Schulwerk approaches. These assignments are detailed in the handout titled ADDITIONAL ASSIGNMENTS FOR GRADUATE CREDIT.

The student will also meet with the instructor each week to assess 'ukulele, dulcimer, and recorder skills.

Assessments

You will need to have excellent musicianship skills as a music educator. During this course, you will work daily on singing and instrument technique.

1. SIGHT-SINGING. Throughout the semester, you will be evaluated on sight-singing with solfège and the Curwen hand signs.

How to practice SIGHT-SINGING:

- You are expected to progress through the exercises (first the Bacon Pentatonic booklet and then the exercises provided in the SIGHT-SINGING EXERCISES module in D2L) on your own, using the practice guide provided every week on the AGENDA.
- The melodies you will encounter in the Bacon booklet are bitonic, tritonic, tetratonic, and pentatonic. Hexatonic and diatonic exercises can be found in the SIGHT-SINGING EXERCISES module in D2L.
- As you can see, the booklet is divided into two parts. The first part is made up of exercises using stick notation. These are helpful because you can sing them in any key. The second part is made up of exercises on the treble staff. These are more challenging because one must sing the exact pitches in the key given.
- You will need to first find the **tonal center** for each exercise. This may require a different thought process than the one you are used to using.
 - A key signature is only ONE indication of the tonal center of a melody. In these exercises, the key signature only tells you which notes, out of all the notes that are included in the melody (the **tone set**), have accidentals.

- Mentally stack the notes of the tone set up from lowest to highest. A pattern should reveal itself, and from this pattern you will usually be able to deduce the tonal center.
- Usually, the last note is a good indicator of the tonal center, but not always. For example, if your piece only includes *mi*, *sol*, and *la*, you will have to figure out where *do* is.
- For your test, I will provide an exercise for you to sing. You will determine the tonal center, play the tonal center, outline the tonic chord, sing your starting pitch, then sing the exercise.

Develop the habit of practicing each day for a short period of time. When you perform your sight-singing assessments, the Curwen hand signs must be placed in the correct position in front of the body:

- *do*: arms above head
- *ti*: hands at forehead
- *la*: hands eye level
- *sol*: hands at chest
- *fa*: hands at diaphragm
- *mi*: hands waist level
- *re*: just below waist
- *do*: arms at abdomen

<i>do</i>	
<i>ti</i>	
<i>la</i>	
<i>sol</i>	
<i>fa</i>	
<i>mi</i>	
<i>re</i>	
<i>do</i>	

2. SINGING. One of the highest priorities of the semester will be developing an excellent singing voice, with good vocal tone, clarity, articulation, and intonation. If singing is not a strength for you, vocal exercises are available so that you can practice daily.

3. SOPRANO RECORDER. You will learn to play the soprano recorder and to develop lessons for teaching recorder to your students. Your recorder skills will be assessed periodically. Develop the habit of practicing each day for a short period of time using your Sweet Pipes book. I expect you to progress through the book on your own, using the practice guide I will provide every week on the AGENDA. The intent is to establish the habit of learning a new skill independently—another habit of a successful educator.

Academic Honesty

It is expected that you will exhibit ethical behavior concerning your work in this class. Students are expected to do their own work, use their own words in papers, and to reference outside sources appropriately. It is not appropriate to use one assignment for two courses. Failure to uphold the standards of academic honesty may result in a zero for the assignment in question, a report of Academic Misconduct sent to the Office of Academic Affairs, an automatic fail for this course, and/or removal from the Undergraduate Field-Based Teacher Certification Program.

For more details and the definition of academic dishonesty, visit the webpage for Academic Integrity: <https://www.etamu.edu/academic-integrity-guide/>

AI Use in Course

ETAMU STATEMENT

East Texas A&M University acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course. Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.

INSTRUCTOR STATEMENT

Communication is important, and AI can be quite helpful for making our communication more accurate, powerful, or elegant. In this course, AI may be used as a thesaurus—for occasionally choosing a word or two (or perhaps a short phrase). However, AI cannot tell me your thoughts, your learnings, your connections with your past experience, or your dreams for your future classroom. I want to read *your words*.

NOTICE!

- Students are encouraged to seek out the instructor for assignment clarification and/or personal assistance.
- Keep in mind that your aptitude in this course may determine if you are approved for clinical teaching. Because clinical teachers are representatives of this university, we will only allow those with excellent teaching skills, musicianship, high standards, and a strong work ethic to move forward. This could determine your graduation date.
