Course Description:

Ear Training IV is the last course in a four-semester course sequence which examines the aural and singing skills of the notation, structure, and development of Western Music

Student Learning Outcomes:

Upon successful completion of this course, students will be able to accomplish the following in each category:

- Sing chromatic melodies
- Be able to identify, correct, and reproduce harmonic and melodic concepts after a few hearings

- Demonstrate the same ability in accurately transcribing music from repeated hearings.
- Utilize all these skills so as to improve performance skills for private/ group lesson performance and ensembles.

Course Requirements:

All WRITTEN Homework needs to be

- **Completed in pencil**
- **Use Legible, readable, tidy handwriting**
- **Scanned and uploaded AS A SINGLE PDF**
- **UPLOADED to D2L**
- **By the due date listed in D2L.**

Homework is to be turned in during class on the day on which it is listed as due in D2L.

Late assignments will be accepted for up to one week after the deadline, for a grade of 50%

Homework not meeting the guidelines above will be graded as a zero.

Cheating will result in failure of the course. Often it may be helpful for students to work on homework assignments with a partner, or in groups. When done correctly, this can serve as a proven method for success for students who may be struggling with a particular concept in class. However, take care that the completed assignment reflects your own understanding of the material, and is not merely a copy of a classmate or colleague's work. Doing so will help to ensure that your work efforts in the class are both fruitful (reflecting the very purpose of homework) and intellectually honest.

Several **Sight Singing Exams** will be given during the semester. Anticipate one sight singing exam, one **Inquisitive** and one **dictation** per chapter.

The Sight Singing exams will be a recorded video that you submit on D2L. If the exam structure changes to be in-person, I will let the class know and you will sing live.

Rules for Recorded Sight Singing Exams

- **Completed in a SINGLE VIDEO TAKE**
- **Say the number of you'll be singing in the video**
- **Use moveable do solfege**
- **Prioritize singing musically at a steady tempo**
- **UPLOADED to D2L as a single video file**
- **Turned in by the due date listed in D2L.**

Sight Singing Exams not meeting the guidelines above will be graded as a zero.

Quiz content is assigned and completed online using **Inquisitive**. Anticipate one

inquisitive per chapter of the book.

Failure to do Inquisitive by the due date will result in a zero on the quiz.

Failure to complete Inquisitive is often the number one reason students perform poorly

As a student, you are fully responsible for knowing and finding the content of every class that has been delivered in class by an instructor, no matter what.

Evaluation and Grading:

Course Component	Grade %
Sight Singing Exams	35%
Dictation Homework	35%
Quizzes	20%
Attendance	10%
TOTAL	100%

A = 90 – 100

C = 70 – 79

F = 0 – 59

B = 80 – 89

D = 60 – 69

(NOTE: If you are a music major and earn a course grade of D or lower, the course will need to be taken again. Ear Training IV is a 1-credit hour course.)

TECHNOLOGY REQUIREMENTS

LMS

All course sections offered by East Texas A&M University have a corresponding course shell in the myLeo Online Learning Management System (LMS). Below are technical requirements. **Note that technology will be utilized outside of class time.**

Attendance Policy: The University Catalog states, “Students are expected to be present for all class meetings of any course for which they are enrolled.” Sporadic attendance is a waste of your intellectual and financial resources.

Unless they are the result of a medical or family emergency, excused absences (as defined by the Catalog) need to be arranged beforehand with the instructor. **Each student is allowed up to three unexcused absences over the course of the semester. Additional unexcused absences result in the lowering of the final grade until being dropped from the course due to absences. (6 TOTAL ABSENCES ALLOWED, excused and/or unexcused)**

Cell Phone/Laptop Policy:

No cell phones in class
Cell phones in your bag, on silent.
No computers in class

Why? Academic Research continues to show that, despite the myriad of benefits that technology offers, using your hands to take notes is the best way to facilitate memory, attention, and learning. We will follow this research in the classroom.

Note Bene: The study of ear training is an essential and important component of the developing musician’s education. Far from being just another “required course,” it forms the foundation of nearly all higher-ed courses in music, which is a reason for its placement at the very start of undergraduate music studies. Ear Training, like Theory, is a subject where the concepts are presented sequentially, each leading to the next. As such, it is imperative that you, the student, be proactive if you are having issues with a particular topic. Do not wait in frustration; ask a question in class, seek me out before or after class, or e-mail me to set up a time to meet individually.

The following statements are required by either University policy, state, or federal law:

University Mission Statement:

East Texas A&M University nurtures and educates for success through access to academic research, and service programs of high quality.

School of Music Mission Statement:

The School of Music at East Texas A&M University promotes excellence in music through the rigorous study of music history,

literature, theory, composition, pedagogy, and the preparation of music performance in applied study and ensembles to meet the highest standards of aesthetic expression.

Disability Resources Statement:

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

Non-Discrimination Statement:

East Texas A&M will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

Behavioral Statement:

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment.

Concealed Carry Statement:

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in East Texas A&M University buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and A&M-Commerce Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations. For a list of locations, please refer to <http://www.tamuc.edu/aboutUs/policiesProceduresStandardsState>

[ments/rulesProcedures/34SafetyOfEmployeesAndStudents/34.06.02.R1.pdf](#) and/or consult your event organizer). Pursuant to PC 46.035, the open carrying of handguns is prohibited on all A&M-Commerce campuses. Report violations to the University Police Department at 903-886-5868 or 9-1-1.

AI use policy [Draft 2, May 25, 2023]

East Texas A&M University acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.
