COURSE INFORMATION

There are no textbooks required for this course. Course materials will be provided via D2L or open resource sites. An optional textbook for the course is *Livestock Feeds and Feeding* by Kellems and Church, 6th edition.

Course Description

Chemical composition of feedstuffs, requirements of domestic animals, utilization of nutrients, formulating and balancing rations.

Student Learning Outcomes

1. Explain the various differences in gastrointestinal tracts of livestock species.
2. Understand and describe the basic nutrient components and categories of feedstuffs.
3. Communicate effectively with terminology used by the feed industry to purchase and utilize feedstuffs.
4. Comprehend the use of nutrient composition in formulation of rations for various livestock species.

COURSE REQUIREMENTS

Access to a computer or laptop with internet is required. Additionally, please bring a paper and writing utensil to every class.

The syllabus/schedule are subject to change.

Instructional Methods

The course will be taught utilizing traditional lecture style of instruction as well as collaborative activities during lecture and laboratory times. During lecture time, in-class activities and participation will be utilized to award points. Points will also be awarded based on correct completion of labs, a midterm project, knowledge check quizzes, two hourly exams, and a cumulative final.

Student Responsibilities or Tips for Success in the Course

Attendance is extremely beneficial in this course to help you succeed!

Late Assignments, Absences and Bonus Points

Two late assignments will be allowed throughout the semester. The first late assignment will be graded at 75% of the total points. The second late assignment will be graded at 50% of the total points. After two, no more late assignments will be accepted.

Students are expected to attend all classes and arrive on time. If absences are to occur, students must work with the professor to complete necessary tasks to make up for information covered during absence. For excused absences, students must notify the instructor prior to the absence via email. If arrangements are not made prior to absence, points missed may not be eligible for the opportunity to be made up. If an absence is to occur during an exam, the student must give the professor 24 hr notice via e-mail at minimum for arrangements to be made.

Bonus points or changes to points on the syllabus are subject to change at the discretion of the advisor.

GRADING

Final grades in this course will be based on the following scale:

A = 90%-100%

B = 80%-89%

C = 70%-79%

D = 60%-69%

F = 59% or Below

The grade percentage will be calculated based on points earned out of the total points available in the class (825 points). Breakdown of the points include: 60 points from classwork and participation, 240 points from lab, 100 points from quizzes, 200 points from hourly exams, 75 points from midterm project, and 150 points from final.

Course Outline/Calendar

Subject to change

Use of Artificial Intelligence

The syllabus/schedule are subject to change.

East Texas A&M University acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources

Students with Disabilities-- ADA Statement

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:
