

East Texas A&M University

**Spring 2026 Course Syllabus  
Math 1325.04E**

**TR 12:30-1:45 PM Classroom: BA 345**

Instructor: Dr. R. Cavender Campbell

Office Location: EDN 105

University Email Address: robert.campbell@etamu.edu

Math Office Phone: 903-886-5157

Office Hours: MTWR 10:30-11:30 AM, MW 1:00-2:00 PM, or by appointment (Zoom available)

Preferred Form of Communication: **Email**

Communication Response Time: Same or Next Business Day

<b>COURSE INFORMATION</b>
---------------------------

“All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment.”

(Student’s Guide Handbook, Policies and Procedures, Conduct.)

Rude and/or disruptive behavior will not be tolerated.

No electronic devices (except calculators) are allowed during class time.

**SOFTWARE (REQUIRED):** Students must purchase a copy of **MyMathLab/MyLab & Mastering student access code** from either of the campus bookstores or directly from Pearson at <http://www.coursecompass.com/>. The specific course code needed for class registration in MyMathLab will be posted on D2L and shared on the 1<sup>st</sup> day of class.

**TEXT (OPTIONAL):** College Mathematics for Business, Economics, Life Sciences, and Social Sciences 14<sup>th</sup> Edition by Barnett, Ziegler, Byleen, ISBN # 978-0134674148. The text is **OPTIONAL**, but MyMathLab access is **REQUIRED**. **Note: If a student purchased a MyMathLab access code for Math 1324 or 1325 since Fall 2025, a new code purchase may not be required.** Portions of Chapters 9-14 in the textbook will be discussed.

**Please use the MyMathLab 14 day free trial to start working on homework if students cannot purchase it right away. The MyMathLab student access code must be purchased by the end of 2nd week of class to prevent a loss in points.**

**REQUIRED MATERIALS:** Note taking materials, MyMathLab access, and a TI 83 or 84 calculator (see below). You can not succeed in the course without these things.

**TECHNOLOGY REQUIREMENTS:** The graphing calculator of TI 83/TI 84 or equivalent will be highly recommended. Calculators other than Texas Instruments calculators may be used but classroom instruction on calculators will be given for TI equipment only. **\*\*Note:** Calculators that solve problems for students, including but not limited to TI-Nspire, TI 89 or higher, Casio Prizm, Casio Touch or higher are **NOT** allowed to be used for this class. **\*\* Students are also required to clear the memory of graphing calculators before and after each proctored exam.**

**Calculator Loan Program:** The Mathematics Department has set up a calculator loan program to support students. Students can borrow a calculator for a semester with a fee (\$15 to \$20 for TI-83/84). It is on a first come, first served basis.

**COURSE DESCRIPTION AND OBJECTIVES:** We will cover portions of chapters 9, 10, 11, 12, 13 & 14. Topics include limits, continuity, derivatives, and integration.

**CORE OBJECTIVES:**

1) *Students will be able to analyze, evaluate, or solve problems when given a set of circumstances, data, texts, or art.*

This common core objective will be assessed in the exams and final exam for all sections of Math 1325.

2) *In written, oral, and/or visual communication, East Teas A&M students will communicate in a manner appropriate to audience and occasion, with an evident message and organizational structure.*

This common core objective will be assessed using common class activities with class discussion over limits, continuity, derivatives and integrals and how these topics relate to the field of business for all sections of Math 1325.

3) *Students will be able to interpret, test and demonstrate principles revealed in empirical data and/or observable facts.* This common core objective will be assessed using class activities, homework problems, exams and final exam for all sections of Math 1325.

**STUDENT OUTCOMES:** Upon successful completion of this course a student will:

- 1) Demonstrate knowledge and understanding of topics including, but not limited to limits, continuity, derivatives and integration and apply these topics in various fields of business.
- 2) Demonstrate problem-solving skills in the solving of complex business word problems.
- 3) Understand functions and their graphs.

## COURSE REQUIREMENTS

### Minimal Technical Skills Needed

Students need to check their e-mail regularly with the address that they have provided to the instructor for class announcements. Access to MyMathLab, a computer, a scanner or scanning app, and the internet will be needed for online homework assignments and submission of in-class assignments.

### Instructional Methods

Instruction will be delivered in class, and occasionally on D2L through in-person lectures, video lectures, demonstration and models, and some group work, based on time available. When written work is required, you will need the ability to scan a document and save it as a .pdf file and upload to the appropriate submission folder on D2L. There are a number of free scanner apps, like CamScanner, that can be used for this purpose.

## Attendance/Participation

**Attendance and participation are a must to be able to do well in this class.** I will be taking roll every class day. All students are expected to be present, and attendance will be reflected in your Daily Work grade and will be worth 5% of your overall grade. In addition, students must participate in class each day in order to receive full points for this category.

It is expected that students follow the guidelines set forth by the Class Attendance Policy in the current Undergraduate Catalog.

If students represent an athletic team for this university, departmental team, scholastic team, choir, or other group and must miss class, notify me in writing with the appropriate documentation within one week of the absence in order not to be counted absent. Arrangements for make-up work will be made at that time.

For more information about the attendance policy please visit the Attendance webpage:  
<https://www.etamu.edu/admissions/registrar/generalInformation/attendance.aspx>

## GRADING

Final grades in this course will be based on the following scale:

**A = 90%-100%**

**B = 80%-89%**

**C = 70%-79%**

**D = 60%-69%**

**F = 59% or Below**

<b>GRADES:</b>	Unit Exams: 50%	Final Exam: 25%
	Homework: 10%	Quizzes: 10%
	Attendance: 5%	

Each student's average for the course will be posted in your MyLeo account. To access the course, you will go into MyLeo and the "Apps" and look for the app for "MyLeo Online (D2L Brightspace)". You should see directions to choose your course from the course grid that looks like:

Once you have chosen the correct course, you will be able to see your "grades" option.

**HOMEWORK:** Homework will be completed online through MyMathLab and immediate feedback will be given. You can use various help features within MyMathLab and try problems you miss again until you get them right and fully understand the topic. **It is my expectation that you should have a 100 on each homework assignment because of this.** Online due dates should be observed, and in general, late submissions will not be accepted.

If a student experiences any technical difficulties with MyMathLab, be sure to use the online help and technical support from the software company. If a student continues to have trouble accessing or navigating the software, please contact instructor through email or come by his/her office during office hours for some individual help.

**QUIZZES:** Quizzes will occasionally be given in class over the material presented in the lectures and homework. Quizzes and tests will have similar problem types, but the shorter format will allow the professor to see the students' progress on individual concepts. Numbered quizzes are closed notes and the dates are marked on the course calendar. Lettered quizzes will be announced at least one class period before and will be open notes. All quizzes count toward the quiz average.

**EXAMS:** There are three scheduled exams and a comprehensive final. **Students will take exams in class with instructors or at the Academic Testing Center on campus (with teacher approval).**

Partial credit may be given on exams IF all work is neatly shown for determination of the student's mistakes. While taking exams, **CELL PHONES AND OTHER ELECTRONIC DEVICES MUST BE TURNED OFF AND STORED OUT OF THE STUDENT'S REACH. The only electronic device allowed during tests and quizzes is a stand-alone calculator (such as a TI-34, TI-83, TI-84, etc.), and only with the instructor's permission. All exams must be completed in pencil.**

**In general, no make-up exams will be given without prior notice of a university excused absence\*.** I realize that at times throughout the semester, emergency situations may arise that affect a student's performance on an exam or even prevent a student from attending on an exam day. **I can replace the lowest exam grade with the student's grade on the corresponding portion of the final exam, provided the final exam score is higher.** This provision will only be applied to **ONE** exam, so students should make every effort to be present and well-prepared for all exams.

**A review and answer key will be available prior to each exam.  
Be sure to take advantage of this valuable resource!!**

**See the class schedule on the last page for planned test dates. These dates are tentative and are subject to change if course needs require but you should expect tests on those days.**

\* University Authorized Excuses: 1) Participation in a required/authorized university activity; 2) Verified illness; 3) Death in a student's immediate family; 4) Obligation of a student at legal proceedings in fulfilling responsibility as a citizen; and others determined by individual faculty to be excusable (e.g., elective University activities, etc.)

**Final Exam:** Comprehensive Final Exam will be given on **Thursday, May 7, 10:30am-12:30pm.** See the university final exam schedule for more info.

### **Getting Help Outside of Office Hours:**

Free tutoring is available for students who need help with their math courses.

The **Math Skills Center**, located in the library 3<sup>rd</sup> floor and is open: Mon & Wed: 10am – 8pm; Tues & Thurs 10am – 6pm; & Fri 10am – 2pm.

The **Academic Success Center** offers tutoring in the library, as well as Supplemental Instruction. Their hours can be found on the university web site. Also, each student has available tutoring hours through the online tutoring service, tutor.com. Additional details can be found here:

<https://www.etamu.edu/campusLife/campusServices/academicSuccessCenter/tutorInfo/default.aspx>

**Online Tutoring:** Each student receives 3 free hours from [www.tutor.com/tamuc](http://www.tutor.com/tamuc). Use your MyLeo Log in and Password to access this. You can contact your instructor if you need additional free online tutoring hours.

The **Mach III/TRIO Program** is available for students who qualify for additional resources, such as private tutoring. In order to qualify, students must meet certain conditions, such as being a first-generation college student. For more information, contact TRIO at 903-886-5833 or in the Halladay Student Services building, Room 300.

**GRADE REPORTING FOR FIRST YEAR STUDENTS:** Grades for students in freshmen level classes will be reported to the Registrar's Office at the end of the fifth week of class during the fall and spring semesters. The Registrar's Office will report grades to students, Advising Services, Academic Departments (faculty advisors) and mentors. This procedure will allow students to be knowledgeable about their academic progress early in the semester. The university, through Advising Services, faculty advisors and mentors, will take steps to assist students who may be experiencing difficulty to focus on improvement and course completion. Early intervention for freshman students is designed to communicate to students the University's interest in their success and willingness to participate fully to help students accomplish their objectives.

## TECHNOLOGY REQUIREMENTS

Students need to **check their MyLeo e-mail regularly** for class announcements.

Access to a computer, the internet, **MyLeo, D2L, and MyMathLab** will be needed for online homework assignments.

**A computer or tablet with stable internet** access is essential for the success of students.

**A scanner or a cell phone with a free scanner app** (CamScanner or Adobe Scan is recommended) that allows you to scan worked out steps to a single .pdf file.

**Access to a printer** will be helpful if you would like to print out class handouts or an exam.

The **TI 83/TI 84** graphing calculator or equivalent will be highly recommended. Calculators other than Texas Instruments calculators may be used but classroom instruction on calculators will be given for TI equipment only. **\*\*Note:** Calculators that solve problems for students, including but not limited to TI-Nspire, TI 89 or higher, Casio Prizm, Casio Touch or higher are **NOT** allowed to be used for this class.

**\*\* Students are also required to clear the memory of graphing calculators before and after each exam.**

## LMS

All course sections offered by East Texas A&M University have a corresponding course shell in the myLeo Online Learning Management System (LMS). Below are technical requirements

LMS Requirements:

<https://community.brightspace.com/s/article/Brightspace-Platform-Requirements>

LMS Browser Support:

[https://documentation.brightspace.com/EN/brightspace/requirements/all/browser\\_support.htm](https://documentation.brightspace.com/EN/brightspace/requirements/all/browser_support.htm)

## ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or [helpdesk@etamu.edu](mailto:helpdesk@etamu.edu).

## COMMUNICATION AND SUPPORT

If you have any questions or are having difficulties with the course material, please contact your Instructor.

Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a ETAMU campus open computer lab, etc.

The main thing is you must communicate with the instructor and be an active participant during classes. There is no substitute for attending class, hearing from, and talking with your professor.

### Technical Support

If you are having technical difficulty with any part of Brightspace, please contact Brightspace Technical Support at 1-877-325-7778. Other support options can be found here:

<https://community.brightspace.com/support/s/contactsupport>

## COURSE AND UNIVERSITY PROCEDURES/POLICIES

### Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

### University Specific Procedures

### Student Conduct

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the Student Guidebook at: <https://www.etamu.edu/student-code-of-conduct/>

## Academic Integrity

**Academic Integrity:** In order to ensure fairness and high academic standards, any actions that violate the principles of academic integrity through dishonesty or cheating, are given serious consideration. In order to understand what constitutes a violation of academic integrity and the consequences of such behavior, the university's policies may be reviewed at:

<https://www.etamu.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/undergraduates/13.99.99.R0.03UndergraduateAcademicDishonesty.pdf>.

In particular, awareness of the following definitions is essential in order to know what represents academic dishonesty (pages 6 – 7):

**“Cheating:** Intentionally using or attempting to use unauthorized materials, information, notes, study aids or other devices or materials in any academic exercise. Unauthorized materials may include anything or anyone that gives a student assistance and has not been specifically approved in advance by the instructor.”

**“Complicity:** Intentionally or knowingly helping, or an attempting to help, another to commit an act of academic dishonesty.”

**“Plagiarism:** The appropriation of another person's ideas, processes, results, or words without giving appropriate credit.”

Furthermore, cheating in this course is defined as the following:

- Giving or receiving answers during an exam or quiz.
- Viewing the exam or quiz answers of classmates.
- Having notes/practice work available during tests.
- Possession or access to test items before the test is given.
- Deception in getting an excused absence to obtain the undeserved opportunity to make-up work.
- Use of cell phones (other than if the camera is needed for proctoring) or text messaging technology during exams or quizzes (**such as iPods, Apple Watch, etc.**). **IF ONE OF THESE DEVICES IS AVAILABLE, IN ANY WAY, DURING AN EXAM, THE STUDENT WILL NOT BE ALLOWED TO PROCEED WITH THE EXAM OR QUIZ AND MAY BE SUBJECT TO PENALTIES ON THEIR GRADE.**
- Improper citations in written works or using another person's ideas and words as students own without giving proper credit.
- **Any** method, no matter how well rationalized or accepted, which improves a person's grade by any means other than study and skillful performances on exams and/or other assignments.

While majority of students are honest in doing their schoolwork, due to recent cheating events, action must be taken to protect the academic integrity of online classrooms. **There is a NO TOLERANCE policy for academic dishonesty, and if a student is caught cheating, the event is subject to reporting and placement on the student's academic record. No grade will be received for any assignments in which cheating occurs.**

In summary, students found guilty of an act of academic dishonesty in this course will be subject to the disciplinary actions listed in the university policies. This includes several possible penalties depending on the severity and number of the incidents, which will be taken into account when specifying disciplinary actions.

*Mission for College of Science and Engineering: Innovation and Discovery  
Mission for the Department of Mathematics: Discovering the Keys to Success*

## Students with Disabilities-- ADA Statement

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

### Office of Student Disability Resources and Services

East Texas A&M University

Gee Library- Room 162

Phone (903) 886-5150 or (903) 886-5835

Fax (903) 468-8148

Email: [studentdisabilityservices@etamu.edu](mailto:studentdisabilityservices@etamu.edu)

Website: <https://www.etamu.edu/student-disability-services/>

## Nondiscrimination Notice

East Texas A&M University will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

## Campus Concealed Carry Statement

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in East Texas A&M University buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and East Texas A&M Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations.

For a list of locations, please refer to the [Carrying Concealed Handguns On Campus](#) document and/or consult your event organizer.

Web url:

<https://inside.etamu.edu/aboutus/policiesProceduresStandardsStatements/rulesProcedures/34SafetyOfEmployeesAndStudents/34.06.02.R1.pdf>

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all East Texas A&M campuses. Report violations to the University Police Department at 903-886-5868 or 9-1-1.

## Counseling Services

The Counseling Center at East Texas A&M, located in the Halladay Building, Room 203, offers counseling services, educational programming, and connection to community resources for students. Students have 24/7 access to the Counseling Center's crisis assessment services by calling 903-886-5145. For more information regarding Counseling Center events and confidential services, please visit [www.etamu.edu/counsel](http://www.etamu.edu/counsel)

### Spring 2026 MATH 1325 Tentative Schedule

Week	Dates	Topics
1	Jan. 12 – 16	Syllabus, Review Factoring, Exponent Rules, Log Rules, Intro of MyMathLab & D2L, & 9.1
2	Jan. 20 – 23	9.2 & 9.3 <span style="float: right;">Jan. 19 MLK Day</span>
3	Jan. 26 – 30	9.4 & 9.5 – Quiz 1 (Tuesday Jan. 27)
4	Feb. 2 – 6	9.7 & 10.2 – Quiz 2 (Tuesday Feb. 3)
5	Feb. 9 – 13	10.3 & Review for Exam 1
6	Feb. 16 – 20	<b>Exam 1 (Tuesday Feb. 17) &amp; 10.4</b>
7	Feb. 23 – 27	10.7 & 11.1 – Quiz 3 (Thursday Feb. 26)
8	Mar. 2 – 6	11.2 & 11.4 – Quiz 4 (Thursday Mar. 5)
	Mar. 9 – 13	<b>SPRING BREAK</b>
9	Mar. 16 – 20	11.5 & 11.6
10	Mar. 23 – 27	Review for Exam 2 & <b>Exam 2 (Thursday Mar. 26)</b>
11	Mar. 30 – Apr. 3	12.1 & 12.2
12	Apr. 6 – 10	12.4 & 12.5 – Quiz 5 (Tuesday Apr. 9)
13	Apr. 13 – 17	13.2 & 14.2 – Quiz 6 (Tuesday Apr. 16)
14	Apr. 20 – 24	Review for Exam 3 & <b>Exam 3 (Thursday Apr. 23)</b>
15	Apr. 27 – May 1	Remaining Topics & Review for Final Exam
16	May 4 – 8	<b>MANDATORY FINAL EXAM:</b> May 7, 10:30am-12:30pm (Thursday)

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

**\*\*\* By Remaining Enrolled In This Course, All Students Agree To Abide By The Policies Of This Class, As Stated In The Syllabus \*\*\***
