COURSE DESCRIPTION

Course Description

This advanced generalist field practicum allows students to integrate knowledge and theories with advanced generalist practice skills.

Students participate in an educationally directed field experience under supervision in an approved social services agency. They must complete 500 or 600 clock hours over two semesters (6 credit hours).

Prerequisites:

Students must have completed all MSW foundation curriculum requirements, been admitted to the MSW Program, have completed 12 semester hours in coursework, and be in good standing in the MSW program.

STUDENT LEARNING OUTCOMES

The Council on Social Work Education (CSWE) requires a competency-based approach to identifying and assessing what students demonstrate in practice. In social work, this approach involves assessing students' ability to demonstrate the competencies identified in the educational policy. Listed below are the competencies and associated knowledge, skills, values, and cognitive and affective processes that comprise the expected outcomes for this course.

| | Activity/Assessment | Dimension |

COURSE REQUIREMENTS

MINIMAL TECHNICAL SKILLS NEEDED

In this course, you will utilize the Learning Management System (LMS) D2L for instructional and learning opportunities, submitting your assignments, participating in online synchronous and asynchronous discussions, accessing resources, and completing quizzes/tests—additionally, knowledge and skills in using Microsoft Word, PowerPoint, and Outlook Email. If you have any issues with using the various systems or software, you must contact support services and notify the Instructor of the problem.

INSTRUCTIONAL METHODS

This course will be delivered via synchronous and asynchronous sessions via D2L. It will consist of live class sessions, pre-recorded lectures, group engagement activities, and various assignments, some of which include experiential learning and practical application of the content areas. In addition, small lectures, discussion activities, and workshops may be utilized to provide instruction during this course.

STUDENT RESPONSIBILITIES OR TIPS FOR SUCCESS IN THE COURSE

Field Liaison Role and Seminar

The field liaison faculty member assigns the final grade for the student in the field practicum. Each faculty field liaison member is expected to visit electronically with the student and the student's field practicum agency at least twice during the semester, or as needed on problematic issues.

All students enrolled in the field practicum must meet with the faculty field liaison and other students in a weekly field seminar meeting and/or complete the weekly seminar assignment. The format of the seminars is left to the faculty field liaison, within the following guidelines:

- Field seminar meetings and/or assignments are scheduled every week
- Students should be able to access live Zoom sessions and/or recordings as scheduled.
- Seminars are scheduled to last at least one hour.

The purpose of the seminar includes:

- Orientation to the field practicum
- Updates on field practicum expectations, requirements, or conditions.
- Opportunity for students to ask questions, express concerns, provide peer consultation, and share ideas and experiences regarding the field practicum & assignments
- Students will have the opportunity to familiarize themselves with their agency services, population, and referral processes, as well as their peers and field liaisons.

The syllabus/schedule are subject to change.

Student Responsibilities and Tips for Success in the Course

As a student in this course, you are responsible for engaging in active learning and reaching out to the Instructor if problems or challenges interfere with optimal learning. Communication is vital when engaged in a fully online, virtual environment.

Expectations for success include:

1. Always demonstrate professional behavior, including respect for the Instructor and peers; being open to feedback and guidance throughout this class and the program.
2. Adhered to the School of Social Work, the University's student code of conduct, and the NASW Code of Ethics.
3. Begin reading the assigned text and supplemental readings as soon as possible, focusing on completing all readings before engagement with the Instructor or peers.
4. Prepare to engage in live class sessions, discussions, and other activities so you can contribute and receive knowledge and skills.
5. Actively participate in engagement activities, including live virtual class sessions, online discussions, and interactive learning opportunities, as this is vital for learning and success in both this course and the program.
6. Work ahead when possible—completing assignments before the due date so you are prepared to submit on the due date.
7. Sign in to the D2L course shell multiple times weekly to access updated announcements or posted resources.
8. Check your university email daily. This is the university, department, and Instructor's official method of communication.
9. Be open and focused on the "process" and not the "product," as earning this degree requires time, effort, work, growth in knowledge, skills, and abilities, along with personal and professional attributes.

GRADING

Final grades in this course will be based on the following scale:

A = 90%-100% of total points

B = 80%-89%

C = 70%-79%

D = 60%-69%

F = 59% or below

ASSESSMENTS

See Appendix A: TK20 Desk Review

1. Field Learning Contract/Plan

The student and the field instructor should outline and sign a learning plan/agreement for the student based on course objectives. In addition, the plan is reviewed and signed by the faculty liaison. This plan becomes the guide for the practicum experience and the agency visits by the faculty liaison.

2. Students' Weekly Logs/Timesheets

Students keep a numerical record of their activities and a narrative account of their experiences in the agency. This report is submitted to the faculty liaison weekly in Tk20 and may be part of the online seminar class discussion.

3. Final Student Field Placement Evaluation

The final evaluation is a written report of the student's agency experience. The student and field instructor use a rating scale to evaluate the students' performance. The suggested process for the final evaluation parallels that of the mid-term review, whereby the student and field instructor complete the report independently and then, in conference, share and discuss their perceptions and observations. The final evaluation is forwarded to the faculty liaison by the field instructor in Tk20.

4. Final Review / Evaluation

The final review will evaluate the student's learning assignments, strengths, challenges, and learning experiences. It is suggested that the student and field instructor review the student's performance and then, in a conference, share and discuss their perceptions and observations. The final review should reflect the ideas of the field instructor and the student and will be reviewed during the virtual field visit with the field liaison three weeks before the end of class. The results of the student's performance will be adjusted/ updated in the evaluation section of the TK20 database system, listed as the Field Experience Form (Field Instructor-MSW Acknowledgement of Learning Contract, the Field Instructor-MSW Field Learning Evaluation, and the Field Instructor-Evaluation Input). The student's final grade is based on the final review/recommendation of the field practicum instructor (the agency-based field instructor) as well as the direct observations of the faculty field liaison.

5. Discussions

There are (5) discussion opportunities for students to interact with their peers aside from Zoom Meet Ups. These discussions occur on the off week of the Zoom Meet ups. The student is encouraged to

The syllabus/schedule are subject to change.

respond to the prompt and then to TWO peers, preferably to those who may share a differing opinion in order to navigate the importance of understanding diversity and the importance of having constructive difficult conversations.
