

MATH 1351.01W, Topics in Mathematics for Elementary Teachers II

COURSE SYLLABUS: Summer I 2026

INSTRUCTOR INFORMATION

Instructor: Laura Beene

Office Location: Frank Young Education North 103

Office Hours: Available online Monday and Wednesday 1pm-3:30pm

Office Phone: 903-886-5946

University Email Address: laura.beene@etamu.edu

Preferred Form of Communication: email

Communication Response Time: 24 hours Monday-Friday, 48 hours on weekends

COURSE INFORMATION

Materials – Textbooks, Readings, Supplementary Readings

Textbook: Students are required to have access to *Mathematics for Elementary School Teachers (7th Edition)* by Bassarear and Moss (ISBN 978-1-337-62996-6). We will discuss chapters 1-4 from the textbook. Homework assignments will be from the textbook.

A variety of supplemental materials will be provided to students throughout this semester. Students will benefit a **three-ring binder** to keep and organize course materials, notes, and graded work. Students will also need a **basic calculator, a ruler (with metric and standard measurement), protractor, scissors, stapler, and colored pencils**. All exams must be completed in pencil.

Course Description

This course will include content and pedagogy for teaching ratio and proportion, percent, probability, statistics, geometry, and measurement. This course will also address applications of the algebraic properties of real numbers with an emphasis on problem solving and critical thinking. Students should already have substantial skills in these areas. Problem solving is interwoven in all of these topics. The course focuses on underlying concepts and multiple techniques of explaining the concepts. Prerequisite: a "C" or better in Math 1350.

The last chapters in the textbook will be discussed (Chapters 10-17). ***You should already know how to do the computations for most of the material. Therefore the goal of this course is NOT to teach simple mathematical computations but to assist you in developing an understanding of mathematics. As a future teacher you must be able to explain mathematics to your students, not just teach rote manipulations of numbers and symbols. You should know and understand more mathematics than what you teach.***

The syllabus/schedule are subject to change.

Student Learning Outcomes

Upon completion of Math 1351, students will be able to:

- Demonstrate their ability to solve problems, particularly those dealing with fractions, decimals, percent, ratio, proportion, probability, statistics, geometry, and measurement;
- Demonstrate a judicious use of technology and manipulatives in the classroom; and
- Explain material to a child through the appropriate use of words, reasoning, drawings, and manipulatives.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Students will need to have internet access (on a regular basis), MS Office, and a basic scientific calculator. A printer will be beneficial, but not required.

Instructional Methods

Each week, students will view videos of lectures, demonstration and models, and activities. Several types of manipulatives will be demonstrated and used to solve problems. All work should be completed in pencil. Students are required to watch all videos and complete all assignments.

Student Responsibilities or Tips for Success in the Course

It is important for you to regularly access the course for you to be successful. In a face-to-face course, you would normally spend at least 8 hours per week IN class, and time outside class on homework and activities. Plan to spend AT LEAST this much time in this course.

GRADING

Final grades in this course will be based on the following scale:

A = 90%-100%

B = 80%-89%

C = 70%-79%

D = 60%-69%

F = 59% or Below

Assessments

Participation, Projects, and Quizzes	5%
Homework, and Activities	15%
Exams	55%
Comprehensive Final Exam	25%

The syllabus/schedule are subject to change.

TECHNOLOGY REQUIREMENTS

LMS

All course sections offered by East Texas A&M University have a corresponding course shell in the myLeo Online Learning Management System (LMS). Below are technical requirements

LMS Requirements:

<https://community.brightspace.com/s/article/Brightspace-Platform-Requirements>

LMS Browser Support:

https://documentation.brightspace.com/EN/brightspace/requirements/all/browser_support.htm

Zoom Video Conferencing Tool

https://inside.tamuc.edu/campuslife/CampusServices/CITESupportCenter/Zoom_Account.aspx?source=universalmenu

ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or helpdesk@tamuc.edu.

Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a ETAMU campus open computer lab, etc.

COMMUNICATION AND SUPPORT

If you have any questions or are having difficulties with the course material, please contact your Instructor.

Technical Support

If you are having technical difficulty with any part of Brightspace, please contact Brightspace Technical Support at 1-877-325-7778. Other support options can be found here:

<https://community.brightspace.com/support/s/contactsupport>

Interaction with Instructor Statement

Students will be expected to interact with the instructor(s) in class, during office hours or via electronic means in an appropriate manner. All instructor contact information is listed on this syllabus and should be used. Please use email to facilitate a quick response.

The syllabus/schedule are subject to change.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

Attendance:

Students will be expected to access the course multiple times throughout the week to watch videos and complete all assignments. The videos will contain important information concerning the subject matter and information about assignments.

Homework:

Homework will be assigned each day. **It is extremely important for students to work all assignments in order to be prepared for the exams. Late work is not typically accepted and will be graded with reduced credits. Assignments that are turned in a week passed the due date will receive a zero for the grade.** Homework will be completed on your own paper at home and then converted to a PDF document and turned in as ONE PDF document.

Quizzes:

Quizzes will be given periodically and the grade will be counted toward students' daily grade. Since regular access to the course is expected, **NO make-up quizzes will be given.** Each quiz will be over material to be emphasized on exams. Quizzes will average into students' daily grade.

Reflections, Activities and Projects:

Reflections, activities or projects will be assigned for students to think about, talk about, and practice the material we are covering in class. This is the replacement for the "group work" you would normally do during class time in a face-to-face class. These activities or projects will vary in their scope and should be completed neatly and punctually. Please follow the instructions for each activity or project closely and turn in quality work that reflects students' future profession as a teacher.

Exams:

There will be two scheduled exams before a comprehensive final exam and will consist of a variety of problems and short answer questions. Partial credit may be given on exams IF all work is neatly shown with clear steps. When pictures are drawn to answer a question, figures need to be clearly labeled and easily understood. All exams must be completed in pencil.

Exams will be taken at a face – to –face testing center at your location. Arrangements will be made for each exam at least ONE WEEK before the date of the exam.

More details about this testing process will be shared with the class through the D2L course and via email as we near the first exam.

Tentative Testing Schedule: Exam #1: 6/10-12, Exam #2 6/24 – 6/26

Final Exam:

The final exam will be a comprehensive exam. The final exam will be taken by **Wednesday July 1st.**

The syllabus/schedule are subject to change.

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

University Specific Procedures

Student Conduct

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the [Student Guidebook](#).

<http://www.tamuc.edu/Admissions/oneStopShop/undergraduateAdmissions/studentGuidebook.aspx>

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: <https://www.britannica.com/topic/netiquette>

ETAMU Attendance

For more information about the attendance policy please visit the [Attendance](#) webpage and [Procedure 13.99.99.R0.01](#).

<http://www.tamuc.edu/admissions/registrar/generalInformation/attendance.aspx>

Academic Integrity

Students at East Texas A&M University are expected to maintain high standards of integrity and honesty in all of their scholastic work. For more details and the definition of academic dishonesty see the following procedures:

[Undergraduate Academic Dishonesty 13.99.99.R0.03](#)

[Undergraduate Student Academic Dishonesty Form](#)

Students with Disabilities-- ADA Statement

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides reasonable accommodation of their disabilities. If students have a disability requiring an accommodation, please contact: Office of Student Disability Resources and Services, East Texas A&M University, Waters Library- Room 162, Phone (903) 886-5150 or (903) 886-5835, Fax (903) 468-8148, Email: StudentDisabilityServices@etamu.edu

Website: [Student Disability Services | East Texas A&M University, ETAMU](#)

Nondiscrimination Notice

East Texas A&M University will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

Campus Concealed Carry Statement

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in East Texas A&M University buildings only by persons who have been issued and are in possession of a Texas License

The syllabus/schedule are subject to change.

to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and East Texas A&M Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations.

For a list of locations, please refer to the [Carrying Concealed Handguns On Campus](#) document and/or consult your event organizer.

Web url:

<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/34SafetyOfEmployeesAndStudents/34.06.02.R1.pdf>

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all East Texas A&M campuses. Report violations to the University Police Department at 903-886-5868 or 9-1-1.

East Texas A&M Supports Students' Mental Health

The Counseling Center at East Texas A&M, located in the Halladay Building, Room 203, offers counseling services, educational programming, and connection to community resources for students. Students have 24/7 access to the Counseling Center's crisis assessment services by calling 903-886-5145. For more information regarding Counseling Center events and confidential services, please visit www.tamuc.edu/counsel

COURSE OUTLINE / CALENDAR

Week- 1 Syllabus, Introduction to Fractions/Fraction Sense, Introduction to Decimals/Terminating and Non-Terminating, Ratio/Proportion,

Week 2 Percents, Visual Data, Probability, Exam #1 Review, Exam #1 **(June 10-12)**

Week 3 Statistics, Measurement, Applications with Geometry,

Week 4 Area and Perimeter, Transformations, Review for Exam 2, & Exam 2 **(June 24 - 26)**

Week 5 Review for Final Exam, FINAL EXAM **Wednesday July 1st**

The syllabus/schedule are subject to change.
