Course Information

Course Textbook - None

Course Description:

Course catalog description: This course, required for Wildlife and Conservation Science Majors, provides the opportunity for students to gain hands-on experience in preparation for careers in wildlife conservation and management and wildlife or ecological research. Assignments will be at an approved work situation under supervision of a designated faculty member. Ten to twenty hours per week will be required.

Student Learning Objectives

Through hands-on activities, students will gain experience and proficiency in one or more of the following areas:

1. Wildlife Techniques
2. Statistical Analyses
3. Ecology
4. Soil Chemistry and Characteristics
5. Plant Taxonomy
6. Vertebrate Biology

Course Requirements

Minimal Technical Skills Needed:

1. Must be able to use the learning management system (MyLeo Online)
2. Must willing to conduct the activities required of the supervising individuals
3. Must maintain proper attendance and working hours as designated by the supervising individual.
4. Must be able to communicate via email or other necessary communication platforms.

Instructional Methods

This is a practical training course. The times and activities required to fulfill the internship requirements will be established by the supervising individuals. Ten to twenty hours per week of hands-on activities will be required.

Student Responsibilities or Tips for Success in the Course

You are responsible for ensuring that you complete all of the activities established in the internship proposal and by your internship supervisor in a timely manner. Be punctual, courteous, and show ambition. Ask pertinent and relevant questions in an engaging and constructive manner. Ask to do additional work if possible.

Grading and Course Content

Course content will vary with the type and nature of the internship. This will be established by the internship supervisor at the start of the internship based on the internship proposal (paragraphs 3, 4, 5). Interns must keep a daily log of activities which will be turned in at the end of the semester, but before finals week.

Likewise, the intern's supervisor will complete an Internship Survey which will also be turned in during the final week of classes and before finals week. The internship survey will rank the intern's ability to understand and apply one or more of the six areas described above under learning objectives. Grading based on internship surveys are as follows:

Average rank: 4=90%, 3=80%, 2=70%, <2=60%

The final grade will be based on the following:

Internship Log: 75%

Exit Survey: 30%

Grading Scheme

F= < 50%, D = 50 - 69%, C = 70 – 79%, B = 80 – 89%, A >90%

Obligatory Statements:

****Disclaimer: The instructor reserves the right to make changes to the schedule of the class. Any alterations will be announced in D2L or via email by the instructor. Students who do not attend class, check D2L or their email assume responsibility for missing adjustments to the course.**

USE OF ARTIFICIAL INTELLIGENCE

East Texas A&M University acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.

STUDENTS WITH DISABILITIES-- ADA STATEMENT

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:
