COURSE REQUIREMENTS

MINIMAL TECHNICAL SKILLS NEEDED

In this course, you will utilize the Learning Management System (LMS) D2L for instructional and learning opportunities, submitting assignments, participating in online synchronous and asynchronous discussions, accessing resources, and completing quizzes/tests. Additionally, you will need the knowledge and skills to use Microsoft Word, PowerPoint, and Outlook Email. If you have any issues with using the various systems or software, you must contact support services and notify the Instructor of the technical issue.

INSTRUCTIONAL METHODS

This course will be delivered via synchronous and asynchronous sessions via D2L. It will consist of live class sessions, pre-recorded lectures, group engagement activities, and various assignments, including experiential learning and practical application of the content areas. In addition, the course may include short lectures, discussion activities, and workshops.

Assignments are designed to help graduate social work students explore how AI can support ethical, strategic leadership in social service agencies. Students will analyze real-world challenges, simulate AI-supported decision-making, and reflect on their growth as leaders.

STUDENT RESPONSIBILITIES OR TIPS FOR SUCCESS IN THE COURSE

As a student in this course, you are responsible for engaging in active learning and reaching out to the Instructor if problems or challenges interfere with optimal learning. Communication is vital when engaged in a fully online, virtual environment.

Expectations for success include:

1. Always demonstrate professional behavior, including respect for the Instructor and peers; being open to feedback and guidance throughout this class and the program.
2. Adhere to the School of Social Work and University student code of conduct and NASW Code of Ethics.
3. Begin reading the assigned text and supplemental readings as soon as possible, focusing on completing all readings before engagement with the Instructor or peers.
4. Prepare to engage in live class sessions, discussions, and other activities so you can be a contributor as well as a receiver of knowledge and skills.
5. Actively participate in engagement activities, including live virtual class sessions, online discussions, and interactive learning opportunities -as this is vital for learning and success in both this course and the program.
6. Work ahead when possible. Completing assignments ahead of the due date so you are prepared to submit on the due date.
7. Sign in to the D2L course shell multiple times weekly to access updated announcements or posted resources.
8. Check your university email daily. This is the university, department, and Instructor's official method of communication.
9. Be open and focused on the "process" and not the "product," as earning this degree requires time, effort, work, growth in knowledge, skills, and abilities, along with personal and professional attributes.

GRADING

Final grades in this course will be based on the following scale:

A = 90%-100%

B = 80%-89%

C = 70%-79%

D = 60%-69%

F = 59% or below

Evaluation for the course grade is according to the following formula:

ASSESSMENTS

Assignment I: Landscape Analysis	100 points (5% of the grade)
Assignment II: AI Simulation and Strategy	100 points (5% of the grade)
Assignment III: Ethical Reflection	100 points (5% of the grade)
Assignment IV: Leadership Growth Plan	100 points (5% of the grade)
Assignment V: AI-Enhanced Strategic Grant Proposal Sections (6 Sections) Needs statement Goals/objectives Implementation plan Budget narrative Evaluation plan Sustainability plan	(5% each; 30% of the grade) 20 points 20 points 10 points 20 points 10 points 20 points = 100 points total
Assignment VI: Complete AI-Enhanced Strategic Grant Proposal	100 points (50%)

Assignment Components:

Landscape Analysis
- Choose one major challenge facing social work leaders today (such as funding, policy shifts, staffing issues, ethical and legal challenges in practice). - Write a 2–3-page summary of current trends, data, and stakeholder perspectives using AI-assisted research (document according to APA guidelines)
AI Simulation and Strategy
- Use an AI assistant to brainstorm leadership responses to your chosen challenge - The student is to assume the position as an MSW professional

- Using AI, create a mock leadership product (e.g., memo, strategic plan excerpt, suggested grant proposal)
- Write a 1-page reflection on how AI shaped your thinking

Example:

To: All Staff

From: Michael Jackson, MSW – Program Director (*the student's name & pseudo position*)

Subject: Supporting Our Team Through Burnout and Renewal

Over the past few months, many of you have shared feelings of exhaustion and emotional strain. Your well-being matters deeply.

We are launching a trauma-informed support initiative including:

- Weekly peer support circles
- Optional wellness check-ins
- Flexible scheduling pilot

This reflects our values of dignity, equity, and compassion. Thank you for your continued dedication.

Ethical Reflection

- Explore how use of AI aligns (or does not align) with Social Work Values
- Write a 2-page reflection addressing risks, safeguards, and ethical considerations

Leadership Growth Plan

- Create a one-page roadmap of goals and strategies for your personal development plan for building tech-integrated leadership skills

AI Enhanced Strategic Grant Proposal

- Develop the needs statement, goals/objectives, implementation plan, budget narrative, evaluation plan, and sustainability plan for an organizational/community intervention.
- The proposal must address an identified **organizational or community need**. Each section should build upon the previous section and demonstrate how the proposed intervention will address the identified need.

1. Needs Statement (3-4 paragraphs)

A needs statement in a grant proposal clearly identifies a significant problem or gap in a community, explaining who is affected, why it's a problem, and how your proposed project will address it. It serves as the foundation of the proposal, convincing funders of a real, urgent need by providing compelling evidence and demonstrating a clear connection between the problem and the funder's mission.

Include:

- The specific need or problem.
- The population or community affected.
- Use an AI tool (Copilot; Elicit; ChatGPT) to revise for clarity, tone, and funder alignment.
- Evidence or data demonstrating the need; 5 peer-reviewed published studies that will provide “evidence to support your proposed project.
- A brief explanation of how the proposed project will address the need.

2. Goals and Objectives (1-2 paragraphs)

Develop the overall goal and measurable objectives for the proposed project.

Include:

- At least **one clear project goal**.
- **SMART objectives** that are Specific, Measurable, Achievable, Relevant, and Time-bound.
- Objectives that directly connect to the identified need.

3. Implementation Plan (3-4 paragraphs)

Explain how the proposed project will be carried out.

Include:

- Major project activities.
- Who will be responsible for each activity?

- A timeline for implementation.
- Resources needed to complete the activities.
- How the activities support the project's goals and objectives.

4. Budget Narrative (2-3 paragraphs)

Explain how grant funds will be used to support the proposed project.

Include:

- Major project expenses.
- A brief justification for each expense.
- How each expense supports the project's activities and objectives.
- Costs that are reasonable and appropriate for the proposed intervention.

5. Evaluation Plan (3-4 paragraphs)

Explain how you will determine whether the project is successful.

Include:

- What outcomes will be measured.
- How data will be collected.
- When evaluation will occur.
- How results will be analyzed.
- How findings will be used to determine whether the project's goals and objectives were achieved.

6. Sustainability Plan (2-3 paragraphs)

Explain how the project can continue after the grant funding ends.

Include:

- Strategies for maintaining the project.
- Potential future funding or resources.
- Organizational and/or community partnerships that could support continuation.
- How successful project activities may be incorporated into ongoing services.

***The Strategic Grant Proposal will be **developed in sections throughout the semester**. Each section will build upon the previous section and become part of the final proposal.

Students will receive opportunities to develop and refine each component before submitting the completed project.

At the end of the semester, combine, revise, and submit all sections as ONE complete Strategic Grant Proposal.

All AI resources must be cited – please use APA guidelines on how to cite Artificial Intelligence as a resource.

USE OF ARTIFICIAL INTELLIGENCE

East Texas A&M University acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.

STUDENTS WITH DISABILITIES-- ADA STATEMENT

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities.
