The course will include, but not be limited to: professionalism, legal and ethical aspects of veterinary practice, regulatory and government bodies, safety, sanitation and waste-disposal protocols, the human-animal bond, animal welfare, animal abuse, breeds of companion animals, professional associations, credentialing, roles of the veterinary team members, and career.

Note: this course is required for entrance into the professional Veterinary Biomedical Technology program.

Student Learning Outcomes (Should be measurable; observable; use action verbs)

1. Understand how the Texas Veterinary Practice Act governs what procedures may be legally performed by each role of the veterinary healthcare team.
2. Discuss veterinary science careers, responsibilities, and professionalism.
3. Understand the legal and ethical context of practice and the Veterinarian-Client-Patient Relationship (VCPR).
4. Work as a team member to deliver service in an ethical, compassionate, high-quality manner, using the knowledge of the human-animal bond and animal welfare.
5. Identify and describe common workplace hazards, including zoonotic diseases in order to comply with occupational health and safety guidelines in veterinary medicine.
6. Identify common breeds of companion animals assess the general characteristics of dog, cat, and exotic breeds and species to help, guide, and recommend owners distinguish or choose what breeds are the best fit for their lifestyle.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

- Using the learning management system (D2L).
- Using Microsoft Word, Microsoft Excel, and Microsoft Power Point.
- Using presentations and graphic programs, etc.

Instructional Methods

- This course will be using the D2L learning platform.
- D2L is how lecture content, assignments, discussions, quizzes, and tests will be delivered.

The syllabus/schedule are subject to change.

Student Responsibilities or Tips for Success in the Course

- Regularly logging into the course website, approximately 2 hours of weekly study and 2 hours of participation time expected. These anticipated times are an estimation and may require more or less.
- The student will be held responsible for being familiar with all material presented in lectures, reading, and classmates' presentations.
- The student is expected to participate in all course activities and complete all assignments, quizzes, and examinations on time.
 - **LATE WORK WILL NOT BE ACCEPTED.**
 - It is the student's responsibility to be aware of posted deadlines and turn in the required work.
 - It is the student's responsibility to reach out via email if there are any extenuating circumstances that may allow for an extension (death of an immediate family member, hospitalization, etc.). These extensions will be given based on the excused absence policy set by the university.
- Any changes in the course schedule, such as examination dates, deadlines, etc. will be announced ahead of time via announcements on D2L or within the modules.
 - It is the student's responsibility to be informed of these changes by logging in to D2L.
- It is the student's responsibility to be informed about deadlines concerning registration (e.g., last day to drop, last day to withdraw, etc.).

Assessments

Participation

- Students are expected to "come to class". This is a web based course, that means students need to log in and participate weekly. It is highly recommended to log in daily to ensure no due dates, quizzes, or assignments are missed.
- Students will need to log in 2-3 times per week to be successful.

Assignments/Worksheets

- There will be a variety of assignments and worksheets throughout the semester.
- Work will be due on a specific date and time and is clearly indicated in the modules.
- It is the student's responsibility to make sure the required format is uploaded correctly.

Discussions

- These posts will need to be well thought out and exhibit critical thinking skills and meet all points listed within the initial discussion prompt to receive full credit.
- All posts and replies need to be professional.
- When instructed, you are expected to respond/comment on a **minimum of 2** fellow classmates original discussion posts. Comments need to provide constructive points and allow for back and forth conversation.

The syllabus/schedule are subject to change.

Quizzes

- There will be quizzes posted in the modules throughout the semester.
- Quizzes will be due on a specific date and time and are clearly indicated in the modules.

Final Exam

- The final exam will be composed of two parts:
 - Part 1: Breed Identification
 - Part 2: Cumulative Exam
- It is the student's responsibility to make notes of the availability timeline for each part of the final exam.
- There will be **NO EXTENSION** on the timeline for either part of the final exam.

Use of Artificial Intelligence

East Texas A&M University acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources

Students with Disabilities-- ADA Statement

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides reasonable accommodation of their disabilities.
