Course Description

In this course, we will study accounting principles and procedures used by governmental entities, such as cities and counties; non-profit organizations, such as hospitals and colleges/universities; and the federal government.

Our primary course objectives are to study methods used by managers of governments and not-for-profit organizations to report financial position and operating results, and to demonstrate compliance with legal requirements and agency duties. A secondary course objective is to raise your awareness of public policy, financial and non-financial issues and differences related to government and non-profit accounting.

COB Student Learning Outcomes:

1. Students will demonstrate proficiency in **spoken communications** by delivering clear and well-structured business presentations.
2. Students will demonstrate proficiency in **written communications** by creating clear and well-structured business documents.
3. Students will identify and evaluate **ethical** business issues.
4. Students will identify and evaluate **global** business challenges.
5. Students will be analytical **problem solvers** in business environments.

AI use policy [Draft 2, May 25, 2023]

Texas A&M University-Commerce acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided, the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.
