COURSE FORMAT:

You will find the majority of the information and materials that you will need to complete the course in this syllabus and on the MyLeoOnline course management website.

COURSE SCHEDULE: A course schedule is included at the end of this syllabus. Details are provided in our MyLeoOnline course shell.

SYLLABUS SUBJECT TO CHANGE STATEMENT:

I anticipate that we will follow the schedule I've outlined in this syllabus, but I may make adjustments based on what actually happens in class. I may also change the basis for the course grade (if I need to eliminate an assignment or something of that nature). If I do so, I will inform you in writing. Remaining in the course after reading this syllabus will signal that you accept the possibility of changes and responsibility for being aware of them.

STATEMENT ON ACADEMIC INTEGRITY:

Academic honesty is the foundation of the university community. Cheating, plagiarism, or other acts of academic dishonesty compromise the integrity of the academic process and community and are subject to disciplinary action. For this class, plagiarism will result in automatic failure (final course grade of F).

An academic honesty policy has been posted under the "Doc Sharing" tab. You should read this document, initial it, and submit it to me via its corresponding submission folder.

STATEMENT ON AI USE IN COURSES [MAY 2023]:

ETAMU acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.

SPECIAL NEEDS/REASONABLE ACCOMODATIONS:

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

COURSE POLICIES AND INSTRUCTOR EXPECTATIONS:

Students are required to meet the expectations listed below.

- **Professional Behavior:** It is important that you maintain a professional demeanor at all times, including during “electronic communication”. ETAMU expects this from you, as do current and future employers. Since so much communication in the workplace is “electronic” nowadays, this course will be a good place to practice interacting in a manner appropriate to a professional setting. In particular, take special care when posting and responding to discussion board questions.
- **Regular and Timely Attendance and Participation:** You are expected to attend class and log onto MyLeoOnline regularly. It is the responsibility of each student to keep up with the scheduled readings, discussions, and assignments/exams.
- **Changes to Schedule:** While I plan to stick to the class schedule, there might be occasions to modify the schedule. In these cases, all changes will be announced in class, on MyLeoOnline and/or through e-mail. It is your responsibility to become aware of any such changes.
- **E-mail:** Routinely check your **ETAMU** email account. This is my primary mechanism for communicating outside of the class and MyLeoOnline. Additionally, I check my e-mail several times a day, so this is the best way to reach me. I strive to respond to any email within 24 hrs (even if it just to acknowledge receipt of the email while I continue to work on the request).

ASSIGNMENTS:

1. **Format & Naming Convention:** All submitted assignments should be MS Word (.doc or docx) documents unless otherwise posted in the assignment instructions. Put your “LastnameFirstname” in the title of all submitted documents. Example: “WilliamsAlex Assignment 1.docx”
2. **Due Dates & Times:** Assignments are due at the **date** and **time** listed in MyLeoOnline. You will have until **11:30 PM CST on the due date** to submit assignments.
3. **Assignments must be complete.** You must complete and submit all components at the specified due date and time to receive credit for the assignment. Please don’t turn in work that is incomplete.
4. **Late Policy:** I will accept late assignments, but with penalty. For each day that your assignment is late, I will deduct **10 POINTS** from your grade. If you do not meet the 11:59 PM deadline (even by one or two minutes), I will deduct 10 points. If you do not turn the assignment in by 11:59 PM CST the next day, I will deduct an additional 10 points, and so on. Saturdays and Sundays count towards the total days late.
5. **Make-up Exams or Late Assignments are only accepted if you obtain university approved documentation for your excuse.** There are no make-up assignments for poor performance on a previous assignment.

Exam Information

Exams will be given to assess your understanding of course material. The timed part will be multiple-choice, fill-in-the-blank and/or short answer, and possibly essay.

EXAM PROCTORING:

Your degree is a significant investment, and its value in the community relies on the integrity of the assessment process. As part of a College of Business (COB) initiative to uphold these academic standards, we utilize a proctoring service for certain course exams. This measure also protects the integrity of your learning, helping to ensure that your grade is a genuine measure of your individual achievement.

Using Respondus LockDown Browser and a Webcam for Online Exams

This course requires the use of Respondus LockDown Browser and a webcam for online exams. The webcam can be built into your computer or can be the type that plugs in with a USB cable. Before starting the test, know how much time is available for it, and that you've allotted sufficient time to complete it. Turn off all mobile devices, phones, etc. and don't have them within reach. Clear your area of all external materials (books, papers, other computers, or devices). Remain at your desk or workstation for the duration of the test. LockDown Browser will prevent you from accessing other websites or applications; you will be unable to exit the test until all questions are completed and submitted.

More information (including the ability to download and test the functionality prior to the first exam) will be provided within our course shell.

Further details on all assignments and grade components will be provided in MyLeoOnline.
