Course Requirements

1) The TExES Exam

Students who plan to graduate in May of 2027 must PASS the Music Content Test (TExES) to be approved for clinical teaching. To do this, purchase CertifyTeacher, create study groups to review the material, and take the practice test. When the score on the practice test is 80% or higher in all domains, approval will be granted to take the Music Content Test through Pearson. Lastly, take and pass the PPR using same procedure. **Students who do not pass the MCT and the PPR by the final day of this course will receive an automatic failing grade for MUS 325 and will have their clinical teaching placement cancelled.**

Detailed instructions can be found below.

2) Field Experience Placements: Students will complete 50 hours of placement in two local schools and submit required documentation in their Tk20 binders. Keep up with your field experience hours (50 hours are required). **Students who do not complete all 50 hours and submit the paperwork to Tk20 by the deadline will receive an automatic failing grade and will have to repeat the course, regardless of how well they performed on the other assignments.** This will postpone clinical teaching.

Additional assignments to be selected from:

- Personal Reflection: Students will respond to questions about their own potential or ability for success in a music teaching career.
- Context for Learning: Upon receiving permission to complete FBE hours in a PK-12 school, students will research their district, neighborhood, school, and class and complete a C4L form.
- Learning Objectives: Students will translate a selection of TEKS music objectives into student learning outcomes. Your grade is based on your ability to distil instructional content from stated objectives into a cohesive writing style.
- Advocacy Scenarios: Students will participate in an advocacy scenario and respond to reflective questions. Your grade will be based on your knowledge of advocacy data, presentation, and organization.
- Philosophy of Music Education: Students will submit a philosophy of music education that reflects course content and scholarly writing. Your grade is based on your ability to support your beliefs with course content in the appropriate context and writing ability.

- **Article Review:** Students will submit one written review of an article from a professional journal of their choosing, related to one of the major course topics. Your grade is based on the thoughtfulness of your analysis of the article and ability to relate the topic to current issues in music education.
- **Resume:** Students will craft a resume following the directions in the Resume Guide for Music Educators.
- **ePortfolio:** Students will compile artifacts displaying their teaching and planning process and share them via an electronic portfolio.

Taking the TExES Exam

The TExES Exam has two parts:

- the Music Content Exam (MCT)
- the Pedagogy and Professional Responsibilities Exam (PPR)

You must take and pass both the MCT and the PPR to apply for certification to teach in the state of Texas. We work very hard to prepare you for these requirements and are proud of the university's very high success rate.

Beginning with the graduating class of May 2027, all music education students must PASS both the Music Content Test and the PPR to be approved for clinical teaching. Over the next few semesters, we are gradually working toward this end. Tentative schedule:

If your Graduation Date is...	Your task for the Penultimate Semester	Your task for the Clinical Teaching Semester
Dec 2026	Spring 2026 – You must PASS the Music Content Test (TExES) to be approved for clinical teaching. You must PASS the practice PPR (CertifyTeacher) with 80% accuracy in every domain to be approved for clinical teaching.	Fall 2026 – You must PASS the PPR Test (TExES) to graduate.
May 2027	Fall 2026 – You must PASS the Music Content Test (TExES) to be approved for clinical teaching. You must PASS the PPR Test (TExES) to be approved for clinical teaching.	

Music Content Test (MCT)

Take the Music Content Test MCT first. You will need School of Music approval to take the MCT. To earn this approval, you must pass the practice test from CertifyTeacher (see instructions below) with a score of 80% or better in EVERY DOMAIN.

To get approval to take the MCT, complete this Laserfische form:

<https://dms.tamuc.edu/Forms/TEXES-Certification-Program>. You will be asked to submit your scores from the practice test.

Once you submit it, it will first be sent to Dr. Meek. Her approval will be sent to the Department of Educator Certification. Ms. Bryan in Educator Certification will then contact you with instructions. Please contact Ms. Bryan directly if you have difficulties registering for the exam.

Pedagogy and Professional Responsibilities Exam (PPR)

After you pass the MCT, follow the same process to receive authorization to take the PPR. You will receive an email from the Educator Certification office with instructions on how to register for your PPR exam.

Assignments	40% of final grade
Field Experience Packet COMPLETED: 50 HOURS	30% of final grade

Grading Scale

A = 90 to 100% / B = 80 to 89% / C = 70 to 79% / D = 60 to 69% / F = 59 and below

How to keep track of your grades:

Your grades will be posted in the D2L shell. Some assignments are automatically graded. Others (written work, for example) will be graded manually and may take extra time.

Course-Specific Procedures / Policies

Virtual Learning Expectations

The following expectations are provided should virtual synchronous events be utilized for any reason (such as class, convocation, or a workshop):

- Students should maintain a professional appearance as would be expected in the classroom.
- Students attending synchronous classes should have their video turned on and be attentive throughout the class. Please position your camera in a well-lit professional environment so that your face is displayed.
- Virtual attendance will be taken for any class that is met virtually. The camera must remain on and the student must actively participate to receive credit for the class or workshop.
- Consult the Rules of Netiquette for more information regarding how to interact with others in an online forum: <https://www.britannica.com/topic/netiquette>

Student Responsibilities or Tips for Success in the Course

- Consider this course to be a study guide for the TExES test.
- Download any materials that are not in the course pack from D2L and organize them in an orderly fashion in your notebook.
- Attend every class and perform to the best of your ability.
- Prepare all assignments thoroughly and completely.
- Refer to MyLeo Online/D2L Brightspace for assignment instructions.
- Contact the instructor with any questions.

All students are expected to follow the Tenets of Common Decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the Student Guidebook: <https://www.etamu.edu/student-code-of-conduct>. The tenets apply to all communication to the instructor and your classmates.

Demonstrate commitment to your course of study by contributing thoughtfully to class discussions, turning in assignments in a timely manner, being prompt and dependable, supporting your peers and

the instructor, and accepting critiques graciously. Be open-minded about other's opinions and thoughts, encouraging them to stretch their boundaries and take risks, and listen attentively to their performances.

Cell phones should be turned off before class begins and concealed from view throughout the duration of the class period. Please take care of any necessities (food, drink, restroom) before coming to class so that we may proceed without interruption. If you need to bring a bottle of water, please take care keep the cap secured. Dispose of all food and chewing gum before class begins. No food, chewing gum, or drinks other than water are allowed in the classroom.

Please be careful with our classroom materials and use them only when instructed. Failure to bring class materials will result in a loss of 50 points.

Be open-minded about other's opinions and thoughts, encouraging them to stretch their boundaries and take risks, and listen attentively to their performances. Failure to conform to these expectations of behavior will result in a lowered grade. Engagement/Performance grades will be given according to the instructor's discretion:

- An A will be earned by the student who arrives early with all materials, exhibits superior attentiveness, is fully prepared for class, participates with enthusiasm, and is a leader and role model to others.
- A B will be earned by the student who exhibits excellent attentiveness, is prepared for class, participates with enthusiasm, and is a valued asset to others.
- A C will be earned by the student who exhibits average attentiveness, preparation, and class participation.
- A D will be earned by the student who exhibits little attentiveness, preparation, and participation.
- An F will be earned by the student who exhibits no attentiveness, preparation, or participation. This student will be instructed to drop the course.

Attendance, Engagement and Civility Policy

Regular and prompt attendance and active engagement in the class is expected. Students who do are present but not engage in the discussion will earn an engagement grade at the discretion of the instructor.

It is expected that, as future teachers, education students model professional and courteous behavior by attending every class and arriving to class on time. Unexcused absences are unprofessional, and they will not be allowed when you are a clinical teacher or a professional educator in the field. Excused absences include illness with a doctor's note, jury duty, or the death of an immediate family member.

If you must miss class for any reason, such as of sudden illness or car trouble (for commuters only), you are expected to communicate with the instructor via text or email before class begins. Absent students will, by default, earn a grade of zero for that day's work until proof of excused absence is provided. Failure to provide a physician's note, jury summons, or other proof confirming the legitimacy of the absence will result in the classification of that absence as unexcused.

The instructor reserves the right to drop any student who misses more than two classes, regardless of the reason. If absences are accumulated after the drop date, the student will receive a failing grade. Take care to note any required university-sponsored events, tour dates, or other activities that may cause you to miss class and communicate this to the instructor by **September 3**. These will be considered on a case-by-case basis. They are not automatically excused. Final classification of absences will at the sole discretion of the instructor. **Do not schedule any personal obligations, including recitals, hearings, or rehearsals, during class time, as they will be counted unexcused.** Arriving to class late and leaving early are also discourteous and unprofessional. Two instances will equal one unexcused absence.

Students are expected to remain fully engaged in class activities during class time. Any student who disengages from class (texts, checks social media, works on assignments for other classes) will be asked to leave the classroom and an unexcused absence will be recorded in D2L.

Late Assignments or Work

Late papers, assignments, and exams are not accepted *unless prior arrangements have been made*. A student who is absent on the day of a quiz or exam will receive a "0" for that quiz/exam *unless prior arrangements have been made* (in the case of university-sponsored absences in accordance with campus policy).

Use of Computers and Cell Phones

As a courtesy to the instructor and the other students, please silence all cell phones before class. Computers and tablets may be used for taking notes or accessing course materials. Other use of technology during class (texting, emailing, social media, homework from other courses, etc.) is not permitted. At the discretion of the instructor, you may be asked to put your technology away or you may be asked to leave the classroom.

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.
