COURSE INFORMATION

Materials – Textbooks, Readings, Supplementary Readings

Textbook(s) Required: No textbook purchases are required for this course. We will use free online reading and resources, which will be linked in the D2L course each week.

Software Required: Students will need access to a standard office suite (e.g., Microsoft Word or compatible software) for written assignments. A reliable web browser is also required to access the D2L course and any linked online content. Some assignments may involve creating short videos, which can be completed using free or built-in recording tools such as [ScreenPal](#) or similar software. Please note that ScreenPal is provided as an example; students may use any comparable video capture program that meets the assignment requirements.

Optional Texts and/or Materials: None

The syllabus/schedule are subject to change.

Course Description

This course offers a comprehensive overview of classroom management strategies grounded in evidence-based behavioral and instructional frameworks. Teacher candidates will explore proactive and responsive management techniques for creating a positive classroom environment that supports engagement, responsibility, and respect. Emphasis is placed on setting expectations, establishing routines, using positive reinforcement, and implementing interventions for challenging behaviors. Candidates will also examine tiered systems of support (ex. PBIS, RTI, and restorative practices) and design classroom management plans that promote a safe and inclusive learning community.

Student Learning Outcomes (SLOs)

By the end of this course, students will be able to:

1. Identify and explain foundational classroom management theories and systems that support positive student behavior.
2. Develop and implement routines and procedures that promote a safe, inclusive, and productive learning environment.
3. Apply strategies for addressing challenging behaviors through proactive, trauma-informed, and supportive interventions.
4. Demonstrate effective communication skills and build positive teacher–student relationships to enhance engagement.
5. Integrate technology, SEL competencies, and data to design classroom management plans that foster responsibility and student voice.
6. Reflect on personal management philosophy and growth aligned to T-TESS/T-PESS professional practices.

The syllabus/schedule are subject to change.
