

## **BUSA 542: Applied Decision Modeling**

### **COURSE SYLLABUS: Fall 2026 (01W)**

**Professor:** Dr. Bo Han

**Office:** Dallas Campus

**Office Hours:** 4 - 6 PM (In-Person only, Dallas Campus) on Tuesdays  
12 – 3 PM (Zoom only) on Wednesdays

**Email Address:** [bo.han@etamu.edu](mailto:bo.han@etamu.edu)

**Preferred Form of Communication:** Email.

**Response Time:** will reply everyone's emails within 24 hours except for Saturdays, Sundays, and the university approved holidays. Emails received during Saturdays, Sundays, and the university approved holidays will be replied on the next business day.

### **Welcome!**

Hello everyone,

Welcome to BUSA 542 Applied Decision Modeling class! This is an online course. You will mainly use recorded lecture videos to study the course content. If you need real time support, please meet me on Zoom during office hours. The Zoom link is listed in the "Office Hours" page on D2L.

Please feel free to email me any time when you have questions. I'm here to help! To protect your academic privacy, please always use your leo email. Email is the fastest way to reach me. All class announcements will be sent to your leo email as well.

## **COURSE INFORMATION**

### **Required Textbooks**

Spreadsheet Modeling and Decision Analysis: A Practical Introduction to Business Analytics (7<sup>th</sup> Edition)

by Cliff Ragsdale

ISBN: 978-1285418681

The 8<sup>th</sup> or 9<sup>th</sup> edition of the book with same title also works for this class. Used book works just fine. We do not need the access code of this book.

If you don't plan to purchase a textbook, that's fine. But make sure you study every content listed on myLeo Online (D2L).

## **COURSE DESCRIPTION**

This is an applied course developing fundamental knowledge and skills for applying management science models to business decision making. Topics include decision

analysis, simulation and risk models and optimization models, including the use of software for business applications.

### Course Goals

1. Explain the purpose of optimization modeling.
2. Understand sensitivity analysis.
3. Describe goal programming.
4. Develop an ability to create technical reports for use in decision making.

### College of Business Student Learning Outcomes:

1. Students will demonstrate proficiency in spoken communications by delivering clear and well-structured business presentations.
2. Students will demonstrate proficiency in written communications by creating clear and well-structured business documents.
3. Students will identify and evaluate ethical business issues.
4. Students will identify and evaluate global business challenges.
5. Students will be analytical problem solvers in business environments.

| COB Student Learning Outcomes (SLOs) | Course Outcomes - After successfully completing this course, students will be able to:                                                                                                                                                                                                                                           | Measurement Methods (Outcome Assessments)                                |
|--------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------|
| 2, 5                                 | <ul style="list-style-type: none"><li>• Demonstrate an understanding of optimization modeling by creating and running linear programming models to solve business problems.</li><li>• Demonstrate an understanding of network models.</li><li>• Demonstrate skill in creating technical reports for decision analysis.</li></ul> | <ul style="list-style-type: none"><li>• Exam</li><li>• Project</li></ul> |

## GRADING

### Exams (A Maximum of 60 Points)

Three exams will be given during this semester. You can get a maximum of 20 points from each exam. **Please see “Exam Instructions” on D2L for more details.**

**No late exam submission will be accepted by the system!**

### Group Project (A Maximum of 40 Points)

An optimization analysis group project will be given during this semester. You can get a maximum of 40 points from this project. Please note:

- Project points are very important to your final grade! **The due date for the project is 6 PM on October 5. No late submission will be accepted!** Early submission is highly recommended.
- If you like, you can complete the project by yourself. If you like to form a group, make sure your group has 4 or fewer members. **Submissions from groups with more than 4 members will not be graded.**
- **Each group** only needs to submit **one copy** of the project. **Make sure to clearly list each member's first and last name on the cover page of the submission.**
- If you need to find group members, please go to Activities > Discussions on D2L to post your information or browse the information posted by other classmates.

### Final Grade

At the end of this semester, if your total point is between 90 and 100, you will get an A; if it's between 80 and 89, you will get a B, and so on. **Please note that the actual points will be used to calculate your final grade.** No percentage or curving will be used in this class.

| Points   | Grade |
|----------|-------|
| 90-100   | A     |
| 80-89    | B     |
| 70-79    | C     |
| 60-69    | D     |
| below 60 | F     |

### Bonus points

You can participate in the instructor assigned activities to get a maximum of 3 points for bonus in this semester.

## COMMUNICATION AND SUPPORT

I will reply everyone's emails within 24 hours except for Saturdays, Sundays, and the university approved holidays. Emails received during Saturdays, Sundays, and the university approved holidays will be replied on the following business day.

**If you have questions in software operations, please be sure to include the screenshots of the issues in the emails.**

All assignment due dates, project deadlines, and exam time are central time in the United States.

## TECHNOLOGY REQUIREMENTS

**Microsoft Excel is required for this course.**

# **COURSE AND UNIVERSITY PROCEDURES/POLICIES**

## **Syllabus Change Policy**

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

## **University Specific Procedures**

### **Student Conduct**

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the [Student Guidebook](#).

<http://www.tamuc.edu/admissions/registrar/documents/studentGuidebook.pdf>

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: [Netiquette](#)

<http://www.albion.com/netiquette/corerules.html>

### **TAMUC Attendance**

For more information about the attendance policy please visit the [Attendance](#) webpage and [Procedure 13.99.99.R0.01](#).

<http://www.tamuc.edu/admissions/registrar/generalInformation/attendance.aspx>

<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/academic/13.99.99.R0.01.pdf>

### **Academic Integrity**

Students at Texas A&M University-Commerce are expected to maintain high standards of integrity and honesty in all of their scholastic work. For more details and the definition of academic dishonesty see the following procedures:

[Undergraduate Academic Dishonesty 13.99.99.R0.03](#)

<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/undergraduates/13.99.99.R0.03UndergraduateAcademicDishonesty.pdf>

[Graduate Student Academic Dishonesty 13.99.99.R0.10](#)

<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/graduate/13.99.99.R0.10GraduateStudentAcademicDishonesty.pdf>

## **ADA Statement**

### **Students with Disabilities**

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

#### **Office of Student Disability Resources and Services**

Texas A&M University-Commerce

Gee Library- Room 132

Phone (903) 886-5150 or (903) 886-5835

Fax (903) 468-8148

Email: [Rebecca.Tuerk@tamuc.edu](mailto:Rebecca.Tuerk@tamuc.edu)

Website: [Office of Student Disability Resources and Services](#)

<http://www.tamuc.edu/campusLife/campusServices/studentDisabilityResourcesAndServices/>

### **Nondiscrimination Notice**

Texas A&M University-Commerce will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

### **Campus Concealed Carry Statement**

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in Texas A&M University-Commerce buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and A&M-Commerce Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations.

For a list of locations, please refer to the [Carrying Concealed Handguns On Campus](#) document and/or consult your event organizer.

Web url:

<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/34SafetyOfEmployeesAndStudents/34.06.02.R1.pdf>

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all A&M-Commerce campuses. Report violations to the University Police Department at 903-886-5868 or 9-1-1.

## **Counseling Center**

The Counseling Center at A&M-Commerce, located in the Halladay Building, Room 203, offers counseling services, educational programming, and connection to community resources for students. Students have 24/7 access to the Counseling Center's crisis assessment services by calling 903-886-5145. For more information regarding Counseling Center events and confidential services, please visit [www.tamuc.edu/counsel](http://www.tamuc.edu/counsel)

## **AI use policy**

Texas A&M University-Commerce acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.
