Course Description

Digital marketing is an exciting area of marketing practice. This course is designed to arm students with a comprehensive understanding of the field of digital marketing and social media. The topics covered will include web design, analytics, search engine optimization, search engine marketing, online advertising, email marketing, social media, and reputation management.

Student Learning Outcomes

By the end of the course, students will be able to:

- **Discuss** the digital marketing framework and its key elements.
- **Use** various tools and technologies to measure digital marketing programs.
- **Discuss** social listening and analytics concepts and tools such as Google Analytics 4.
- **Interpret** and **translate** digital marketing metrics into actionable recommendations for digital marketers.
- **Evaluate** digital marketing campaigns in line with business objectives.

REQUIREMENTS

Minimal Technical Skills Needed

The course requires the use of the learning management system (D2L), and the use of Microsoft Office for assignments.

The syllabus/schedule is subject to change.

Instructional Methods

The course will use a combination of lecture ppts, videos, and online discussions. All course materials are provided in D2L. Although the course is fully online (i.e., we do not have a specific class meeting time), it is robust and requires significant engagement. Students are expected to participate regularly each week on D2L in all activities (viewing, listening, reviewing, writing, discussing). Missing some or all of a week's activities will reduce your grade.

Note: Each week a section in D2L will provide access to everything you will need to be prepared for that week. Each week's section will be available from Monday at 6:00 AM (CST).

Each week's section follows a similar pattern, as outlined below:

- **Introduction & Overview:** At the start of each week, click on the appropriate section and read the Weekly Introduction and Overview to get an idea of what will be covered and what will be required for that week.
- **Resources:** Each week's section provides you access to all materials that you need to read, watch, or review that week, such as chapter slides and video lectures for the week. Note that the book chapters are available via the Stukent platform (for access to Digital Marketing Essentials e-book materials).
- **Assignments:** All assignments and related information for each week are also provided in this section.

IMPORTANT: The course D2L site features a dedicated Mentorship & Career Development module. In this module, I include carefully selected readings, videos, and practical tips designed to support your professional growth, career exploration, and long-term development.

Student Responsibilities/Tips for Success in the Course

Regularly logging into the course website is required. Students should check their emails frequently to receive notifications and updates on course processes. Although the professor will send reminder emails when an assignment is due, it is your responsibility to meet all deadlines. It is the student's responsibility to ensure that all notifications and materials sent to the professor are received. You should plan your time carefully.

IMPORTANT: All graded components of the course must be completed by the due date. Late work will not be accepted and will be graded as zero.

IMPORTANT: When sending me an email, be sure to include the course title (MKT569) and section number in the subject line.

GRADING

Grading Rights and Responsibilities:

Most assignments will be graded within 10 business days of the deadline. All written assignments must be turned in on time. **Late assignments will not be accepted.** In addition, **plagiarism will result in a grade of “F” for this course.** Students are expected to be familiar with what constitutes plagiarism. If you are uncertain, please ask!

Your final grade is your total points earned divided by the course’s total points. The following scale will be used to assign final grades:

Score	90-100	80-89.9	70-79.9	60-69.9	59 or Lower
Letter Grade	A	B	C	D	F

Grading will be based on your performance on the following evaluation instruments:

Assignment	Points	%
1. Digital Marketing Analytics Workshops (4 @10)	40	40%
3. Google Analytics 4 Certification	10	10%
4. Semrush Academy Certifications (4@5)	20	20%
5. Semrush Keyword Research Content Marketing Project	30	30%
Overall	100	100%

Assessments and Assignments:

- 1. Digital Marketing Analytics Workshops/Hands-on Learning (40 points):** Throughout the semester, students will participate in four workshops focused on various digital marketing analytics tasks. The workshops are individual hands-on activities that require students to follow the instructions to complete specific tasks. Students are provided with instructions/video tutorials, as well as a list of tasks for each workshop. They should complete the tasks listed for each workshop and submit them via D2L. The workshops focus on the following topics:
 - *Workshop#1: Website Analytics with Google Analytics 4*
 - *Workshop#2: Paid Media Analytics with Google Analytics 4*
 - *Workshop#3: Social Media Analytics with Facebook Insights*
 - *Workshop#4: Mobile App Analytics with Google Analytics 4*
- 2. Google Analytics 4 Certification (10 points):** Google Analytics 4 is one of the most popular digital marketing analytics software. Throughout the semester and in various workshops, we discuss Google Analytics 4 functions and demonstrate how to work with it. Students are required to complete Google Analytics 4 certifications and submit the certification via D2L. The certification could be earned for free through Google Skillshop. The link to the certification exam is provided below:
 - Google Analytics 4 Certification – [Google Skillshop](#)

3. **SEMrush Academy Certifications (20 points):** Semrush is a leading online visibility management and content marketing software as a service (SaaS) platform trusted by over 10 million. Through Semrush for Education Partner Program, you get free access to several training modules and certifications. While you may choose to complete several trainings per your personal interest, the following certifications are required for our course:
- SEO (SEO Essentials with Semrush by Kyle Byers)
 - Content Marketing (Content Marketing Principles for Business by Chima Mmeje)
 - Social Media (Social Media Marketing Crash Course by Janet Machuka)
 - Analytics (Fundamentals of Marketing Analytics by Jeff Sauer)

IMPORTANT: You must submit proof of completion of the certifications on D2L to receive credit.

4. **Project (30 points):** You will complete one individual project as listed below:
SEMrush Keyword Research and Content Marketing Project: This project requires students to work with Semrush's Guru plan to identify keywords to be used for writing a blog that drive sales to a company's specific product line. Project instructions provide detailed step-by-step information on how to work with Semrush. Free access to the Semrush Guru plan will be provided to students as part of the Semrush Academy partnership.

Technical Support

If you are having technical difficulty with any part of Brightspace, please contact Brightspace Technical Support at 1-877-325-7778. Other support options can be found here: <https://community.brightspace.com/support/s/contactsupport>

Interaction with Instructor Statement

Email Response: The preferred method of communication is through emails. I usually respond within 24 hours (generally quicker than that). In weekend and holidays, the response time may vary.

8. When you send me an email, be sure to include the course title (MKT569) and section number in the subject line.
9. Please use proper salutations (i.e., “Dear Dr. Y” or “Dear Dr. Yazdanparast”) and communicate professionally. Make sure you read the syllabus and check the emails/announcements. In most cases, your question is already addressed either in the syllabus or via D2L announcements. If your question is already answered in the syllabus, I will refer you to the syllabus.

Note: If you send an email through the Leo account, the course title and section number will be automatically shown there.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

Attendance Policy: Regular class attendance is required to keep up with assigned readings, lectures, and assignments. Excessive class absences, tardiness, and/or failure to keep up with assigned readings will inevitably result in lower grades. For online classes, class attendance is measured by the frequency and duration of time spent in the course on D2L.

Assignment Policy: All assignments will be graded within 10 business days of the due date. Some students might turn in the assignment earlier than the due date. I grade all assignments together unless you make specific requests.

Deadline Policy: Deadline is absolute. Missed assignments and exams will result in 0 points. Under exceptional circumstances, a late assignment may be accepted with the professor's permission. However, under no circumstances will an assignment be accepted more than one week late.

Time Zone Policy: The default time zone is Central Standard Time (CST) for all assignments, exams, discussions, etc.

Extra credit policy: No extra credit will be available unless it is offered to the entire class. Don't attempt to ask for individual extra credit at the end of the semester to raise your grade. It is not fair to other students. A list of available extra credit/bonus point opportunities is provided at the end of the syllabus. If any other extra credit opportunities become available, they will be announced by email and/or D2L announcement in advance.

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

University Specific Procedures

Student Conduct

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the Student Guidebook.

<https://inside.tamuc.edu/admissions/registrar/documents/studentGuidebook.pdf>.

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: <https://www.britannica.com/topic/netiquette>

AI use policy [Draft 2, May 25, 2023]

Texas A&M University-Commerce acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course. Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism). Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.
