

# How to Change Header Images

There are several approved header images available for your use. Visit the following:

- Within Cascade - /MainSite/Images/2010/headerImages
- Marketing Communication Flickr site at <http://flicker.com/photos/tamuc>
  - Note: Images on Flickr site are pre-approved. Contact Marketing Department for image approval not on Flickr

## Adding Multiple Header Images

To add an image to the list of images,

1. Select the plus sign in the upper left corner fo the **Featured Images > Images > Images(s)** box.
2. Browse and select to the image. Be sure to enter an **Alternate Text** to describe the image
3. Select the **Submit** button to confirm your images.

Creating a Header Slideshow

1. To create a slideshow, add multiple images as detailed in the above section. The images must all be same height.
2. Click the checkbox labeled **Use Slideshow?**
3. Enter the **height** of your slideshow images.
4. Submit the page.

**Important Note:** Make sure that all of the images you are using are published. If you are making multiple changes, it is best to publish your entire folder.
