About the Texas A&M University-Commerce University Galleries

The A&M-Commerce Department of Art reserves The University Gallery for exhibitions from students and visiting artists. The gallery has featured exhibitions by nationally and internationally recognized artists and designers. The gallery also hosts graduate critiques, thesis reviews, and the annual student show.

Additional galleries include Gallery 219, The Dean's, and President's Galleries for exhibitions from current TAMUC students. The exhibitions include solo, and group shows featuring artwork created by students while enrolled at the university.
