FIELD PLACEMENT TERMINOLOGY

Counselor trainee: Counseling Program student seeking or fulfilling practicum and/or internship experiences.

Director of Training & Placement: Counseling Program faculty member with responsibility for coordinating clinical courses, including field site placements for practicum and internship. Other roles are listed below:

- *Reviewing student's applications and site supervisor's credentials*
- *Have a separate email to review and respond to students*
- *Conducting orientation for students and site supervisors*
- *Collaborating with faculty teaching internship and practicum via zoom or email*
- *Revising practicum/internship handbook*
- *Monitor/administer the clinical application website, linked to the department*
<https://www.tamuc.edu/guide/clinical-applications/>
- *Post-graduation follow up and review from the site-supervisor or employee*

Field Placement Site: school or agency setting where counselor trainees provide counseling and counseling-related services to clients under supervision from both the field site and the Counseling Program.

- Emergency certified school counselors may use their work setting as a field placement site.
- Clinical Mental Health/Community Counseling-track students may use their work settings as a field placement site ONLY if they can demonstrate they will perform duties different from those currently performed (on the basis of a bachelor's degree), with a different site supervisor, and with an agency.

Practicum – an *initial* supervised field experience course in which the counselor trainee develops basic counseling and conceptual skills and integrates professional knowledge under close supervision, both on site with a minimum of one hour of individual supervision by the field site supervisor. Practicum includes a field placement site consistent with the student's selected emphasis area: clinical mental health/community counseling or school counseling. During practicum, the student engages in a broad range of clinical activities similar to those provided by a professional counselor or school counselor. Practicum is completed in one semester and earns 3 credit hours.

Internship – an *advanced supervised* field experience course (following practicum) in which the student refines and enhances counseling and conceptual skills and integrates professional knowledge under close supervision. Internship includes a field placement setting consistent with the student's selected emphasis area: clinical mental health/community counseling or school counseling.

Internship approximates as a full-time counseling position and is considered the “capstone” experience in the counseling program. Internship is completed over two semesters and earns 6 semester hours.

Field Experience Hours – the activities making up practicum and internship experiences are counted as hours in direct service, indirect service, and supervision at the field placement site and on campus. Many direct service hours must be recorded (video/audio recording).

- A. **Direct Service** involves hours of actual client/student contact; consultation with parents/caregivers.
- Clinical setting: individual, family, and group counseling; parent consultation/conference, intakes.
 - School setting: individual and group counseling; classroom and group guidance; consultation.
- B. **Indirect Service** involves hours of preparation for student/client contact. Generally speaking, indirect service is anything that SUPPORTS the direct delivery of services to clients.
- Clinical setting: staffing, recording keeping and review, field site supervisions, recoding review, attending staff meetings, informal assessments, observations, conferences, webinars, and trainings.
 - School setting: information assessments and observations, field site supervisions, recording keeping and review, recording review, case conferences, program coordination.

C. **Supervision** - a tutorial and mentoring form of instruction in which the supervisor monitors the counselor trainee's activities and facilitates learning and skill development. Supervision in practicum and internship courses is provided by:

Field site supervisor – an experienced counselor familiar with the particular school/agency in which the trainee is working. The site supervisor must be readily accessible to the counselor trainee and, preferably, located in the same building. A qualified field site supervisor MUST have the following:

- A minimum of a master's degree in counseling or a related profession with equivalent qualifications, including appropriate certifications and/or licenses*. A field site supervisor for a school setting MUST be a fully certified school counselor; a field site supervisor for a clinical setting must hold a Texas LPC license, LMFT, LP, or a Texas Clinical Social Work License.
- A minimum of two years of pertinent professional experience in the program/site area in which the student is enrolled.
- Knowledge of the program's expectations, requirements, and evaluation procedures for students.
- Relevant training in counseling supervision.

*Licenses include LPC, LPC-S, LMFT, LMFT-S, LP, and LCSW

Faculty instructor/supervisor – the instructor for the practicum/internship course. All faculty members hold appropriate licenses and certification for the relevant fields. The faculty instructor/supervisor leads group supervision in class and may sometimes provide individual supervision in practicum. The faculty reviews the weekly logs and other needed documentation for the state licensure; and connects with the site supervisor via phone minimum three times the semester to review progress of each student and gatekeeping.

Supervision hours do not count towards direct or indirect hours.

Licensed Professional Counselor (LPC) - An individual licensed by the state to practice as a professional counselor under the laws and regulations of that state. Texas licensure is regulated by the Texas State Board of Examiners Standards and qualifications for professional licensure vary by state but usually require a master's degree in counseling or a counseling-related field, specific topical training (e.g., ethics, addictions, and diagnosis), a period of post-master's degree work under supervision, and one or two examinations.

Certified School Counselor - An individual who holds a Texas School Counselor Certificate. Texas school certification is regulated by the State Board for Educator Certification Standards and requirements for school counseling certification vary state by state and are governed by state education accreditation boards.

CACREP: *Council for Accreditation of Counseling and Counseling-Related Educational Programs*. CACREP is an independent agency recognized by the Council for Higher Education Accreditation to accredit master's degree counseling programs. The Dept. of Counseling at Texas A&M University-Commerce carries CACREP accreditation for its master's degree programs in clinical mental health/ community counseling and school counseling as well as its doctoral degree program. Most of the policies and procedures for practicum and internship reflect CACREP standards. Counseling programs are reviewed regularly by CACREP for compliance.

CACREP accreditation is a highly valued standard in the counseling profession.

GENERAL GUIDELINES & POLICIES FOR PRACTICUM & INTERNSHIP: CLINICAL SETTING

All counselor trainees are expected to read these guidelines and policies prior to application for practicum or internship classes. All trainees are expected to follow these guidelines and policies.

ELIGIBILITY & PRE-REQUISITES FOR PRACTICUM & INTERNSHIP

The following criteria exist for enrollment in Practicum (COUN 551):

- A or B grade in COUN 516 Basic Skills
- A or B grade in COUN 548 Advance Basic Skills
- The student must have completed the following class COUN: 501, 510, 516, 528, 512; 522; 530; 517; 540; 545; and 564.
- Degree-seeking students must be fully admitted to Counseling Program and have a degree plan on file in the Department office

If you do not know your admission, status connect with the graduate school or your faculty advisor from the department.

Pre-requisite for Internship I and II (COUN 552): a “Satisfactory” grade in Practicum Pre-requisite for Internship II (COUN 552): a “Satisfactory” grade in Internship I

ATTENDANCE, PARTICIPATION, RESTRICTIONS

Counselor trainees are expected to attend all class and supervision meetings (group, individual, on-site, off-site). Be prompt and be prepared. Trainees should develop a schedule with their field sites regarding attendance and come prepared to fully participate in the field site experience. Practicum trainees should plan to spend approximately 10 hours a week at their field sites; internship trainees should plan to spend approximately 20 hours a week at their field sites.

Supervisors and field sites must be notified in a timely manner if you will be delayed or will miss attendance. It is the responsibility of the trainee to arrange make-up supervisions. Consistent failure to attend class or supervision meetings in a timely manner or prepare client cases (with recordings) for review may result in the trainee being dropped from the class or receiving a failing grade.

IMPORTANT NOTE: Counseling Program trainees are not permitted to make home visits during their practicum and internship unless accompanied by licensed supervisor or other licensed professional. Counselor trainees must always have immediate access to a professional colleague or the site supervisor for consultation and support when at their field sites. Trainees may not work alone in a building at their field sites.

PROFESSIONAL DEMEANOR

Counselor trainees should conduct themselves in a professional manner in dress and behavior at their field sites. Consult with your field site supervisor about appropriate dress. The counselor trainee’s professional demeanor must be consistent with the current ethical guidelines of the American Counseling Association (posted on the Department website).

LOCATIONS FOR CLASS AND GROUP SUPERVISION MEETINGS

Trainees can choose to take their practicum and internship classes from the following locations Metroplex Center in Mesquite, TX, the Collin Higher Education Center in McKinney, TX, Dallas Location, TX, or on the Texas A&M University-Commerce campus. Students have to proactive in submit applications and registering for classes. Individual supervision meetings with faculty instructor's supervisors may occur ONLY at these locations.

DOCUMENTATION

It is important that counselor trainees carefully manage the documentation required for practicum and internship. The numerous forms are designed to facilitate your learning process and verify information for Department records, CACREP review, and Texas licensure and certification. Many of the forms you will be using this semester will remain in your department file as verification of your field experience coursework. It is in your best interest to complete all required documentation in a timely and efficient manner. Trainees should retain a copy of all completed forms they submit to the Department during Practicum and Internship.

SUPERVISION

A critical element in practicum and internship experiences is the extensive supervision received by counselor-in-trainees. Counselor trainees are expected to present client cases for review and discussion in individual supervision with their faculty instructor's supervisor (individual supervision), their field site supervisor (site supervision), and their peers (group supervision during class). Case presentation typically includes recordings (audio or video) of counseling work; these recordings have to be kept in password protected laptop or flash drives. The recordings must be deleted after completing the respective course work.

The class supervision is group; individual or triadic supervision is done by the field site supervisor. The students can meet with the faculty instructor to watch the tape as well individually or in small groups. Missing supervision meetings or being unprepared for supervision (e.g., no recording to review) will result in a failing grade. A defensive or non-receptive posture regarding supervision is unacceptable behavior and will seriously impair the trainee's progress through the clinical sequence.

CONFIDENTIALITY

Counselor trainees are responsible for maintaining the confidentiality of all information related to their clients. Trainees must understand and follow the confidentiality practices of their field sites and maintain documentation and recordings in a secure manner.

- Do not identify clients by full name in practicum or internship documentation (e.g., recording, notes, recording critiques), except for recording consent forms. Instead, use first names, initials, or some other coding method.
- NEVER fax or email anything with client names (e.g., consent forms).
- Do NOT discuss clients over email. Instead, indicate to your supervisor that you wish to discuss a client situation and arrange to do so via meeting or phone conversation.

The maintenance of client confidentiality extends to classroom discussion and viewing or listening to recorded counseling sessions. Never discuss clients outside the classroom or with anyone other than supervisors, faculty members, and professionals at the field site.

RESPECT FOR CLIENTS

Clients who consent to receive counseling services from practicum and internship students are helping trainees to become effective counselors. Treat them respectfully. Clients do not exist to serve the needs of trainees. It is inappropriate to keep seeing a client whose goals have been met or pull a student/client from class simply to meet your needs for recording or accumulating direct service hours.

AUDIO AND VIDEO RECORDING COUNSELING SESSIONS

Counselor trainees are expected to record many of their counseling activities during their field placement courses. Trainees present portions of their recorded sessions for review during weekly supervision meetings with faculty instructor's (practicum), during group supervision (class), and recorded sessions are graded by the instructor in both practicum and internship.

Trainees should record as many counseling activities as possible so that they can select the best/worst recordings for learning purposes. Individual instructors will give directions regarding how many recordings will be graded, session critique forms, and related matters. **Signed consent forms (provided elsewhere in this Handbook) must be completed before any recording is done and must accompany any recording handed in for a grade or review.** If your site has a different consent forms, kindly use those as well. Additional suggestions regarding recording equipment is found elsewhere in this Handbook.

CRISIS PROCEDURES

Counselor trainees must know the appropriate procedures at their field site regarding crisis situations (e.g., suicide, violent behavior). Trainees should notify their field site supervisors immediately of actual or potential crisis situations with clients and follow the supervisor's directives. In the event of a death (esp. suicide or homicide) of a client, the counselor trainee must notify her/his practicum/internship faculty instructor or, in their absence, the Director of Training & Placement or the Department Head.

PROFESSIONAL LIABILITY COVERAGE

The university provides liability insurance for all the students enrolled in practicum and internship semester. Additionally, counselor students/trainees are **required to obtain professional liability coverage** (insurance) during practicum and internship. This is NOT homeowners insurance, but insurance that specifically addresses counseling services provided by a counselor trainee during practicum and internship. Most counselor trainees will find professional liability insurance from the Texas Counseling Association (TCA) or American Counseling Association (ACA) easiest to obtain. These professional organizations require membership (student rate) in addition to a nominal fee for the coverage. You should purchase the coverage specifically for students. The benefit of joining these organizations goes far beyond simply buying insurance and is highly recommended by the Counseling Program.

The Department does not endorse any particular insurance plan and the rates quoted below may vary.

- THE AMERICAN COUNSELING ASSOCIATION, via the ACA Insurance Trust (ACAIT). Call 800.347.6647 or visit their website (<https://www.counseling.org/>). The student fee for insurance can be located under the membership benefits.
- THE TEXAS COUNSELING ASSOCIATION. Call 800.580.8144 or visit their website (<http://www.txca.org>; click on join/renew w/ insurance). Liability insurance available for an extra fee.

IMPORTANT NOTE: Purchase the insurance at least 6 weeks before your practicum semester so that coverage can begin on time. Proof of liability coverage, usually a certificate of insurance, must be provided at the first class meeting.

Emergency certified school counselors can provide a letter from their district insurance carrier verifying their coverage. Trainees will not be able to see clients - collect direct service hours - if they do not have liability coverage. There might fee involved

BACKGROUND CHECKS & CRIMINAL RECORDS

Counselor trainees are advised that some field site placements may run background checks, especially regarding any history of legal or criminal difficulties. You may be denied a placement if you have a conviction record. Felony or misdemeanor convictions will impair, and quite possible prevent, licensure as a professional counselor in Texas. Please also note the Texas LPC rules and regulations (681.164) regarding this matter <https://www.bhec.texas.gov/texas-state-board-of-examiners-of-professional-counselors/index.html>

REMOVAL FOR CAUSE OF TRAINEE FROM FIELD SITE

The counselor trainee may be removed from a field site placement for the following reasons:

- Failure to obtain and show proof of professional liability insurance
- Failure to function in a mature, responsible, and professional manner
- Failure to follow the ethical guidelines of the counseling profession (ACA and Texas BHEC)
- Dishonesty regarding field placement log or contract, recording, obtaining client consent
- Failure to maintain confidentiality of client records and/or client situations
- By request of the field site administrator/field site supervisor.

Removal for Cause from practicum or internship will be investigated and could possibly result in a failing grade in the course and a Counseling Student Competency Evaluation. The outcome of this evaluation could be a remediation plan or removal from the Counseling Program.

TEXAS LICENSE PROFESSIONAL COUNSELOR (LPC)

The Texas State Board of Examiners of Professional Counselors requires a minimum of 300 hours of supervised experience that is “primarily counseling in nature” during the degree program. Students who wish to become LPCs in Texas should refer to the LPC Board Rules (Title 22, Texas Administrative Code, Subchapter C, §681.83, amended to be effective November 21, 2021, 46 TexReg 7786) in regard to which, if any, of their internship experiences may apply to LPC requirements.

Please note, the degree program in Counseling requires 700 hours of practicum and internship (combined) and Texas LPC only requires 300 hours. The additional 400 hours may **not** be applied to the 3000-hour post-degree internship requirement for the LPC, according to board rules.

FIELD PLACEMENT POLICIES

Counselor trainees must submit an application and get approval from director of training and placements; email found on the website and the handbook. If the student wants to change a site or add a site in the middle of the semester, they have to notify the class instructor and the director of training and placements. If a student is staying in the same site through practicum to internship, one and two, there is a different application.

All the application is found in the clinical application page; TAMUC counseling department.

The student may have more than one site and not more than two.

There are deadlines for Application submissions for practicum. The deadline will be posted on the department website (clinical application page).

Counselor trainees must meet all course requirements, including documentation, as required by the Department and faculty instructors.

Counselor trainees must enroll in practicum/internship until the required number of hours has been completed. Any re-enrollment requires a full semester commitment.

Trainees must complete their practicum and internship experiences in a setting appropriate to their selected program specialization. The setting must provide a wide range of opportunities appropriate to the role of a licensed professional counselor.

- Trainees following the clinical mental health/*community-counseling* track **MUST** complete their practicum and internship experiences in a clinical setting (e.g., non-profit agency) under the supervision of a Texas LPC.

The Department cannot guarantee that a trainee will be accepted by a particular field placement site. The Department cannot guarantee that a trainee will complete the required hours in a given semester.

Practicum is NOT offered in the summer. At the present time summer semester internship is available **ONLY** for Clinical Mental Health/Community-counseling track trainees.

Trainees are responsible for making the initial contact and arrangements with potential field site placements. All contact information regarding the field site must be provided to the Director of Training & Placement. All field placement sites **MUST** be approved by the Department (contact the Director of Training & Placement).

Trainees may use their regular employment as a field placement site only under the following conditions:

- *Clinical Mental Health/Community-track trainees* may use their work setting if: the work setting is an agency; they will perform duties different from those currently performed on the basis of a bachelor's degree; their field site supervisor is different from their current work supervisor. Trainees must obtain a letter from their field site supervisor verifying how these conditions will be met. The letter must be delivered to the Director of Training & Placement before the beginning of practicum and internship semesters.

Internship counselor trainees may accumulate up to 30 hours of direct and indirect service between Internship I and Internship II semesters (see Between-Semester procedures elsewhere in this Handbook).

IMPORTANT NOTE: All counselor trainees **MUST** complete a Practicum Orientation or Internship Orientation prior to beginning classes. The orientation is provided online/face to face. Failure to complete the orientation may result in a trainee being dropped from the class.

APPLICATION FOR PRACTICUM & INTERNSHIP COURSES

All counselor trainees should read this information before considering application for practicum and internship classes. Remember that procedures change – check the Department website for the most current information.

Practicum and Internship classes present special circumstances regarding enrollment procedures because of limitation on class size (12 trainees per class).

Using diverse field placement sites and checking the qualifications of field site supervisors necessitates a great deal of co-ordination. Also, there are legal and ethical matters involved with field placements that demand careful attention and documentation. In order to manage these circumstances, the Department of Counseling requires counselor trainees to make a formal application for practicum classes and approved permit from the department before registration.

The following items will guide the trainee in their application process:

1. Trainees must submit application to enroll into practicum class. It is very important that you provide accurate and complete information on applications since this will be the basis for contacting you regarding your application. Follow this link for applications

<https://www.tamuc.edu/guide/clinical-applications/>

2. Trainees make application for practicum the semester BEFORE they wish to take the class. Applications are posted on the Department website, simply check the website under the “Clinical” tab where they are posted. There are deadlines for submitting application. The deadline will be advertised via department website; clinical application page.

NOTE: The primary means for communicating with you regarding your practicum/internship application is email. Be sure you check your MyLeo email frequently.

3. The submitted application will be reviewed by the director of training placements; the application will be reviewed on first come first serve basis.
4. The director of training and placement will approve the student with a permit to register to practicum or internship class. The department admin or graduate school personal will be copied with the email.
5. Upon receiving the permit the student, the student is responsible to register to the class in a timely manner. If the student has any trouble registering after the permit is granted by the department admin/ graduate school personal; the student can reach out to the director of training placements.
6. **All counselor trainees enrolling in a field placement course must complete the face to face/online Practicum or Internship Orientation prior to the first class meeting.** There is form at the end of this Orientation that tells the Department that you have completed it. Trainees who have not completed the Orientation will not be allowed to collect direct service hours and may be dropped from the class.

Questions regarding the application process for practicum and internship should be directed to the Director of Training & Placement (email works best) or to the Department office (see contact information in this Handbook).

REMEMBER: you must make a separate application for practicum or internship classes in the semester BEFORE you plan to take the course; check the website for deadlines; follow directions carefully; always provide accurate contact information including a current email; complete the online Practicum or Internship Orientation promptly; enroll in your assigned course section as directed.

PRACTICUM REQUIREMENTS & PREPARATION FOR 1ST CLASS MEETING: CLINICAL SETTING

During Practicum a counselor trainee should expect to spend 8-10 hours weekly at their field site, attend class weekly for group supervision and classroom instruction, meet weekly with their site supervisor, and meet weekly with their faculty supervisor.

Liability coverage	Trainees in Practicum <i>must have proof of liability coverage</i> (insurance). Trainees should retain the original documentation (e.g., letter from insurer) and hand in a copy. Trainees will not be allowed to collect direct service hours until liability coverage is proven.
Direct & indirect servicehours	<p><i>Direct Service</i> involves the application of counseling, consultation, or human development skills to actual client contact and consultation with professionals/other pertinent persons.</p> <ul style="list-style-type: none"> • Examples of direct service include: Individual, group, couple, and family counseling; consultation with parent. <p><i>Indirect Service</i> generally involves anything that <u>supports</u> the direct delivery of counseling services to clients.</p> <ul style="list-style-type: none"> • Examples of indirect service include: Charting and reviewing records, attending staff meetings, informal assessments, observation of another counselor providing counseling services, conference, webinar, some supervisions, and program coordination.

INTERNSHIP I&II REQUIREMENTS & PREPARATION FOR 1ST CLASS MEETING: CLINICAL SETTING

Review *General Guidelines for Practicum & Internship* found elsewhere in this Handbook.

Internship is spread over two semesters (Internship I & Internship II) to meet the CACREP requirement of 600 total hours in internship. The two internships occur independently, receive separate grades, and each must total 300 hours in the field site experience.

Usually counselor trainees continue to use their practicum field site during internship. Some field sites will require this commitment when they take you on at practicum. However, trainees may change to another field site if they desire different experiences. It is very important that counselor trainees discuss their concerns and desire to change field sites with their practicum or internship faculty instructors OR the Director of Training & Placement BEFORE making a change.

During Internship counselor trainees should expect to spend approximately 20 hours weekly at their field site, meet weekly with their site supervisor and attend class for group supervision and classroom instruction. Often the class is divided so that trainees meet every other week during some of their internship.

Liability coverage	Trainees in Internship must have <i>proof of liability coverage</i> (insurance). Trainees should retain the original documentation (e.g., letter from insurer) and hand in a copy. Trainees will not be allowed to collect direct service hours until liability coverage is proven.
Direct & indirect service hours	<i>Direct Service</i> involves the application of counseling, consultation, or human development skills to actual client contact and consultation with professionals/other pertinent persons. Examples of direct service include: individual, group, couple, and family counseling; consultation with parent. <i>Indirect Service</i> involves anything that <u>supports</u> the direct delivery of counseling services to clients. Examples of indirect service include: charting and reviewing records, attending staff meetings, informal assessments, observation of another counselor providing counseling services, some supervisions, and program coordination.
Regular recording of counseling services.	Trainees must arrange to, with consent, regularly record (audio or video) much of their direct service activities for review and assessment. These recordings are the basis for individual and group supervision. Some recorded sessions will be graded. <u>All recordings and consents must be destroyed by the end of the semester.</u>
1 hour weekly individual supervision w/ field site supervisor.	Trainees in Internship meet one hour weekly (usually more) with their field site supervisor to review and discuss their work at the field site. Field site supervisors are responsible for facilitating an appropriate client caseload and professional experiences for the internship trainees.
Group supervision & instruction.	Trainees in Internship attend weekly class meetings (2 ½ hrs.) for group supervision and instruction. During group supervision trainees review issues and present client cases for

	discussion with the entire class. Often this includes playing sections of audio/video recorded of counseling sessions. Classroom instruction is aimed at developing conceptualization and technical skills, enhancing professional development, increasing self-awareness, and acquiring theoretical knowledge.

FINDING A FIELD PLACEMENT SITE – CLINICAL SETTING

Good field placement site and field site supervisors are critical ingredients in successful practicum and internship experiences. Counselor trainees should approach their decision about seeking a field site with careful and realistic thought regarding their career goals, their current work and family situation, and their special interest areas. You should consult with your professors, your faculty advisor, other professional counselors, and/or the Director of Training & Placement regarding appropriate field sites and field site experiences that would make for the best “fit” for you. Remember, ALL clinical placement sites need to have departmental approval before negotiating a field site contract with that particular site. Check our approved list first to see if the site you are considering has already been approved. It is on the list, it is an approved site, and you can move forward with negotiating a fieldsite contract with them. If the site you are interested in is NOT on the approved list, then fill out the site application form and submit to the department for approval. We will contact you regarding our decision on site approval.

Practicum and Internship courses require a significant commitment of time and energy. Trainees are expected to put in a minimum of 8- 10 hours weekly at their field site during Practicum and 20 hrs weekly at their field site during Internship. Clinical Mental Health / **Community counseling track trainees must realize that it is nearly impossible to work a full-time job and also complete internship (and difficult to complete practicum) unless they use their job as their field site placement. While some agencies have evening and weekend hours, the majority do not, therefore most prefer counselor trainees be available during weekday hours.**

NOTE: Most counselor trainees complete both practicum and internship at the same field placement site. Some field sites may require the trainee to commit to two or three semesters at their

Finding a field site placement is the responsibility of the counselor trainee. Clinical Mental Health / Community counseling-track trainees must complete their practicum/internship at an approved site under supervision from a licensed professional.

Some field placement sites are not appropriate because they do not provide adequate/qualified supervision, do not allow audio or video recording of counseling sessions, or are in some other way inappropriate for practicum or internship counselor trainees. An appropriate field placement site provides the following:

- Opportunities to participate in a range of counseling and counseling-related activities appropriate to the role of a full-time professional counselor;
- Permission for trainees to audio or video recorded counseling sessions (with client/parental consent);
- Referral of a sufficient number of clients to generate the required hours of direct client contact necessary for practicum or internship (this cannot be guaranteed by the site or by the department);
- A qualified field site supervisor who oversees and evaluates the trainees work and meets regularly for supervision of the client caseload.

Clinical mental health/community counseling track trainees may use their work setting as their field placement site **ONLY** under the following conditions: a) the work setting is a non-profit agency; b) they will perform duties different from those currently performed on the basis of a bachelor’s degree; and c) their site supervisor will be a different person from their current work supervisor.

STEPS TO SECURING A PRACTICUM FIELD PLACEMENT SITE – CLINICAL MENTAL HEALTH/COMMUNITY COUNSELING TRACK:

Step 1. During Basic Skills (COUN 516) you should begin by considering those sites already approved by the Department. The online **Field Site Listing** contains information and contacts. You should also review the *Practicum & Internship Handbook* so that you are well informed about all practicum and internship requirements. Remember the following:

- Counselor trainees may NOT make home visits, unless accompanied by a licensed staff from the site providing the service, as part of their field site placement.
- A qualified field site supervisor MUST have the following: a) master's degree in counseling or a counseling-related field; b) a minimum of 2 years of experience in counseling; c) hold a Texas professional license in the mental health field.
- A potential field site must have the delivery of counseling services as its major focus and meet the other requirements outlined in this document.
- The site supervisor has to commit in providing weekly supervision and you should be able to record your counseling sessions.

Obtaining approval for a site NOT currently on the approved field placement site list: ALL clinical placement sites need to have departmental approval before negotiating a field site contract with that particular site. Check our approved list first to see if the site you are considering has already been approved. If it is on the list, it is approved site and you can move forward with negotiating a field site contract with them. There is a possibility that the approved site could have maxed out with interns; there is no guarantee that approved site from list will hold a spot for our students.

If the site you are interested in is NOT on the approved list, then fill out the site application form and submit to the department for approval. We will contact you regarding our decision on site approval.

Step 2. Contact and interview at a field site. Select at least 3 sites which appeal to you and write or call to determine if they are accepting students for field placement during the semester you plan to register. It is recommended that you send a resume and cover letter to the site director and follow up later with a phone call. Your cover letter should be brief and specific and indicate your interest in the placement site. NOTE: *some sites may call counselor trainees "interns" regardless of practicum status.*

Be prepared to give site directors whatever information or meeting times they require. They don't have to take you so making a good impression (organized, informed, motivated, and professional) is important to your getting the placement. Sites vary in their requirements and policies. For some a phone interview will be sufficient; others will prefer a live interview. It is up to you to make yourself available for interviews. Make it easy to contact you and be sure you get all appropriate contact information yourself. Be prompt and prepared when you interview.

Step 3. Once you have a verbal commitment from the appropriate site director for you to do your field placement, contact the Director of Training & Placement, preferably by email. Provide the following ACCURATE information (Site Information Form)

- Student name & contact information (email; phone, address);
- The semester you plan to do practicum;
- Name & address of potential field site;
- Name & contact information for the site director with whom you have discussed your placement;
- Name & contact information for potential field site supervisor (email required, phone, address, credentials).

Step 4. The Director of Training & Placement will contact the site director to obtain official agreement for your placement as a practicum counselor trainee.

Step 5. If the site needs any specific affiliation agreement, the students are responsible to get it processed by the counseling department.

**INTERNSHIP FIELD PLACEMENT SITE – CLINICAL MENTAL
HEALTH/COMMUNITY COUNSELING TRACK**

If CONTINUING at a field site:

Counselor trainees completing practicum or Internship I should approach the appropriate entities (e.g., field site supervisor, site director) before the next semester regarding their willingness to continue as the trainee's field site placement.

After the trainee completes the Department application process, he/she should notify the Director of Training & Placement by email and provide the following information (Application and Site Information Forms):

- Trainee name & contact information (email, phone, address);
- Which course you have applied for (Internship I or II);
- Name & address of potential field site;
- Name & contact information for the site director with whom you have confirmed continued placement;
- Name & contact information for potential field site supervisor (email required; phone, address). This information is included in the application and site information forms that you send in.

If CHANGING field sites for Internship I or II:

Discuss the matter with your present faculty instructor, then contact the Director of Training & Placement before the end of the semester you are doing practicum or internship I to discuss procedures. Once you receive approval from the Director of Training & Placement, you will need to supply the same contact information listed above.

SUGGESTIONS FOR AUDIO AND VIDEO RECORDING

It is the responsibility of counselor trainees enrolled in practicum and internship to supply appropriate equipment for recording counseling sessions. In most cases, this means audio recordings or video recordings. DVDs are acceptable if your instructor/supervisor agrees to that format.

These recordings are the basis of individual supervision, group supervision, and evaluation leading to the final course grade. Some field site placements will have recording equipment, especially video recording equipment, but many will not. Video recording is always preferable since it allows for visual review; however, some field placement sites will only allow audio recording. Whatever format you use, remember that all recordings must be clearly audible.

THERE ARE SOME STEPS YOU CAN TAKE TO INSURE YOU HAVE THE BEST RECORDINGS POSSIBLE:

1. DO NOT use the handheld, mini-recorders since they do not have the power and range necessary. Video recorders, captured on a computer and transferred to a USB, or other media are acceptable as long as your instructor or supervisor is willing to accept them. Just make sure you follow guidelines to protect confidentiality in recording and transferring client protected information, by encrypted or password protected means.
2. The purchase the separate external microphone may be needed. The microphone embedded in your recording device may not pick up all voices and/or allows too much interference (e.g., recording itself, recording the air conditioner). An **“omni-directional” microphone is highly recommended since it picks up sounds coming from different directions**. Please check ahead of time for quality of recordings.
3. Always check your equipment before a session to be sure it is working adequately. Place the external microphone, if using, away from air conditioning/heating vents, clocks, and fluorescent lights. Sometimes it helps to place the recording device on a book or towel to reduce table vibrations that can impair sound quality. Video cameras should be aimed so as to include both counselor trainee and the client, not just the client. Remember that the further away a video camera is, the less effective the microphone mounted in the camera will be (therefore, it is best to attach an external microphone).
4. All consent forms for recording must be signed before you ever turn on a recorder. Never record a session if you do not have signed permission to do so. Provide copies of the consent forms to your supervisor/ instructor when they receive a recording from you.
5. Label and store recordings/disks securely. Never use a client name to label a recordings; instead use some sort of code. The only people who should ever hear/see a counseling session recordings are: you, your course instructor, your site supervisor, your doctoral student supervisor, your class. Do not review recordings where family members or friends can hear or see them. Do not carry your recordings around everywhere you go – keep them secure, encrypted or password protected is needed for these.
6. You **MUST** dispose of all recordings by the end of the semester. There is no reason to save recordings. Once you have reviewed them or used them for supervision/grade, dispose of them. **Remember:** You are required to delete them by the end of the semester

DIRECTIONS OF KEEPING THE PRACTICUM LOG: CLINICAL SETTING

It is important to record information carefully, accurately, and legibly on the Practicum Log. This document verifies the hours accumulated during practicum so is valuable when the counselor trainee seeks certification or licensure. The forms are also reviewed as part of the Department’s CACREP accreditation process. Logs are kept permanently on file in the Department office.

Your instructor may have additional directives for the Practicum Log.

NOTE: Emergency Certified School Counselors may only count 12 hours weekly of their total work time toward their practicum hours.

1. Make one “working copy” of the Log. You will enter each week’s activities/hours as you progress throughout the semester. **Begin each week on a Monday and end on a Friday/Saturday.** Therefore, at the midpoint of the semester your Log should show 8 weeks of activities and, at the end of the semester, your Log should show 15 or 16 weeks of activities.
2. Complete the information requested at the top: Practicum section number (e.g., 551-401); semester dates – first date through last date of semester (e.g., 08/26/21 through 12/10/21); check which semester and the year for your practicum; print your name and provide your social security number; print the name of your field site; check which counseling program track you are following.
3. Enter the month/day for each week of the semester in the DATES column (you don’t need to enter the year).
4. Consider your total practicum experience as having 2 locations: campus and the field site. Record the number of hours you fulfill in that activity each week. **Record time in terms of hours and minutes (not decimals).**

CAMPUS	FIELD SITE
<p>Classroom and Group Supervision: 2.5 hrs weekly</p> <p>If needed the course faculty can meet with student/s for individual or triadic supervision; this is separate from classroom hours.</p>	<p>DIRECT SERVICE/HOUR Client Counseling Contact: individual, couple, family, group counseling; consultation with parent of the client.</p> <p>OTHER DIRECT: e.g., psycho-educational group, recovery group</p> <p>INDIRECT SERVICE/HOUR Staff meeting, recordings preparation, recordkeeping, observations; program coordination, training, conference</p> <p>Supervision one hour per week is not counted into direct or indirect hour; it is separate.</p>

5. Near the bottom of the Log are places for your to record the totals for each category. Add together the total hours you have accumulated thus far in practicum each week and record them where indicated.
6. Make a copy of your “working copy” Log to turn in **at each class meeting**. Be sure to include the totals you have accumulated thus far in the semester For example, you will turn in the Log that ends on the Friday/Saturday of the previous week (e.g., LOG ending with the week of 11/07/21-11/11/21 is due at the

next week's class). This will help you and your instructor keep track of your hour accumulation over the semester.

7. **At the end of the semester** add and record final totals in all the areas indicated. In the Total Direct Client Couns Contact (FOR LPC FORM) box record the total of individual+group+consult columns. This total will be used if you apply for licensure.
8. **At the end of the semester** review the Log with your field site supervisor and have them sign a “clean” copy of the log as verification of the hours you have accumulated. You sign it also, and then submit it with your other documentation at your last class meeting. Your practicum instructor will sign it before adding it to your Counseling's Program file. You and your instructor will complete the **PRACTICUM/GRADUATE INTERNSHIP DOCUMENTATION** (summary of hours from your log that is required by the Texas State Board of Examiners of Professional Counselors (LPC Board). This form can be found on the Clinical Application page and in the handbook. **IMPORTANT: BE SURE TO KEEP A COPY OF YOUR LOG AND PRACTICUM/GRADUATE INTERNSHIP DOCUMENTATION FOR YOUR OWN FILES.**

RESPONSIBILITIES OF THE COUNSELING PROGRAM, THE COUNSELOR TRAINEE, AND THE FIELD SITE PLACEMENT:

The Counseling Program Agrees To:

1. Provide counselor trainees who have completed the required pre-requisites for internship.
2. Identify a qualified faculty instructor to coordinate the internship experience. The faculty instructor will make initial contact with the student's site supervisor within the first three weeks of the semester. Thereafter the faculty instructor will be available for consultation with the field site supervisor regarding trainee progress. Finally, sometime during the semester, the faculty instructor will arrange for a site visit to take place.
3. Provide weekly group supervision of counselor trainees.
4. Collaborate with the field placement site regarding placement procedures and concerns. The designated contact person in the counseling program is the Director of Training & Placement.
5. Require the counselor trainee to provide liability insurance.

The field placement site agrees to:

6. Provide sufficient opportunities for the trainee to fulfill during the semester a minimum of 120 hours of direct client contact (individual, family, and group counseling). The field site supervisor will assist the counselor trainee in generating direct client contact opportunities.
7. Provide opportunities for trainee to regularly record (audio recording/video recording) counseling sessions with informed consent. Recordings are used for the supervision and evaluation purposes. Recordings remain in the possession of the trainee and/or faculty instructor at all times, and all recordings are erased by the end of the semester.
8. Provide a range of experiences to acquaint the trainee with the various duties and responsibilities of a professional and provide oversight of the trainee's work including an orientation to the field site and its policies and procedures.
9. Develop a weekly attendance and activity schedule with the counselor trainee based on a minimum of 20 hours weekly spent at the field site.
10. Provide a safe location and appropriate space to work with adequate supplies and staff support to conduct professional counseling activities. Counselor trainees are not permitted to do home visits unless accompanied by their field site supervisor, to work alone in a building, or be without immediately accessible consultation services.
11. Provide a qualified field site supervisor who will oversee the trainee's field site experience and provide a minimum 1 hour weekly of individual supervision of the trainee's work. **A qualified field site supervisor is a minimum of a master's degree in counseling or a related profession with equivalent qualifications, a minimum of two years of pertinent professional experience, including appropriate certifications and/or licenses***. A field site supervisor for a school setting MUST be a fully certified school counselor, for those students in the School Counseling track; a field site supervisor for a clinical setting, required for those students in the Clinical Mental Health track, must hold a professional mental health license such as, Texas LPC, Texas LMFT, LP (licensed psychologist), or a Texas Clinical Social Work License; knowledge of the program's expectations, requirements, and evaluation procedures for students; relevant training in supervision. If the trainee is using a work setting for internship, the field site supervisor must be different from the employment supervisor.
12. Provide a written evaluation of the counselor trainee's progress at the midpoint and end of internship.
13. Collaborate with the designated faculty instructor for internship and the Director of Training & Placement regarding placement procedures and concerns.

16. Provide counseling and counseling-related services consistent with the trainee's level of training and supervision and the professional counseling role.

18. Be acquainted with and follow field site policies and procedures and the directives of field site supervisors.
19. Purchase liability insurance and adhere to the current ethical guidelines of the American Counseling Association.
20. Maintain documentation in good order and follow guidelines for maintaining the confidentiality of client-related records for both campus and field site placement.
21. Provide the Counseling Program with a renegotiated field placement contract if there is a change of field site supervisor of the field site.

Termination: It is understood and agreed upon by all parties to this contract that the field site placement may terminate the TAMU-C practicum experience of the counselor trainee if, in the opinion of the field site supervisor, the trainee's behavior is detrimental to the operation of the field site and/or client care. The field site supervisor will notify the faculty instructor or Director of Training & Placement of a termination action. DIRECTIONS FOR KEEPING THE INTERNSHIP LOG

It is important to carefully, accurately, and legibly record information on the Internship Log. This document verifies the hours accumulated during internship so is valuable when the counselor trainee seeks certification or licensure. The forms are also reviewed as part of the Department’s CACREP accreditation process. Logs are kept permanently on file in the Department office.

Your instructor may have additional directives for the Log. The Internship Log is slightly different from the Practicum Log.

NOTE: Emergency Certified School Counselors may only count 20 hours weekly of their total work time toward their internship hours – do not record more than 20 hours during the week.

1. Make one “working copy” of the Log. You will enter each week’s activities/hours as you progress throughout the semester. **Begin each week on a Monday and ends on a Friday/Saturday.** Therefore, at the midpoint of the semester your Log should show 8 weeks of activities, and, at the end of the semester, your Log should show 15 or 16 weeks of activities.
2. Complete the information requested at the top: Internship section number (e.g., 551-401); semester dates –first date through last date of semester (e.g., 08/26/21 through 12/10/21); check which semester and the year for your internship; print your name and provide your campus ID; print the name of your field site; check which counseling program track you are following.
3. Enter the month/day for each week of the semester (you don’t need to enter the year).
4. Consider your total internship experience as having 2 locations: campus and the field site. Record the number of hours you fulfill in that activity each week. **Record time in terms of hours and minutes (not decimals).**

CAMPUS	FIELD SITE
<p>Group Supervision: 2.5 hrs weekly</p>	<p>DIRECT SERVICE Client Counseling Contact: individual, couple, family, group counseling; consultation with parent of the client.</p> <p>OTHER DIRECT: e.g., psycho-educational group, recovery group</p> <p>INDIRECT SERVICE/HOUR Staff meeting, recordings preparation, recordkeeping, observations; program coordination, training, conference</p> <p>Supervision one hour per week is not counted into direct or indirect hour; it is separate.</p>

5. Near the bottom of the Log are places for you to record the totals for each category. Add together the total hours you have accumulated thus far in practicum each week and record them where indicated.
6. Make a copy of your “working copy” Log to turn in **at each class meeting**. Be sure to include the totals you have accumulated thus far in the semester. For example, you will turn in the Log that ends on the Friday/Saturday

of the previous week (e.g., LOG ending with the week of 11/07/21-11/11/21 is due at the next week's class). This will help you and your instructor keep track of your hour accumulation over the semester.

7. **At the end of the semester** add and record final totals in all the areas indicated. In the Total Direct Client Couns Contact (FOR LPC FORM) box record the total of individual+group+consult columns. Add the adjacent column hours for couple or family work. This total will be used if you apply for licensure.
8. **At the end of the semester** review the Log with your field site supervisor. Make a “clean” copy and have them sign the Log as verification of the hours you have accumulated. You sign it also, and then submit it with your other documentation at your last class meeting. Your practicum instructor will sign it before adding it to your Counseling's Program file. You and your instructor will complete the **PRACTICUM/ GRADUATE INTERNSHIP DOCUMENTATION** (summary of hours from your log that is required by the Texas State Board of Examiners of Professional Counselors (LPC Board). This form can be found on the Clinical Application page and in the handbook. **IMPORTANT: BE SURE TO KEEP A COPY OF YOUR LOG AND PRACTICUM/GRADUATE INTERNSHIPDOCUMENTATION FOR YOUR OWN FILES.**

NOTE: Internship II trainees: If you are seeking the LPC, you will send in your completed Texas State Board of Examiners of Professional Counselors PRACTICUM DOCUMENTATION forms to be included with your LPC-A application to the Board.

BETWEEN-SEMESTER HOURS

It is possible for counselor trainees to earn a maximum of 30 hours of direct and indirect service hours between the end of Internship I semester and the beginning of Internship II semester (“between semester” hours) if that is agreeable to their field site placement. However, field site administrators must understand that the Counseling Program has no legal/supervisory responsibility for the trainee during this time (when they are not enrolled in an internship class).

PROCEDURES:

1. Discuss the arrangements for accumulating between-semester hours with your site supervisor and receive permission from the appropriate field site administrator (e.g., school principal/agency director). You must secure a letter (on field site letterhead) signed by the field site supervisor that verifies this situation and conditions. Suggested wording for this document is provided below.
2. **Turn in the letter or have the letter sent from your field site to your instructor of record, to be included in your end of semester paperwork.** Be sure to keep a copy for your records. This letter will be placed in your department file.
3. Keep careful record of the direct and indirect hours you earn at your field site using the *Between-Semester Log* form in the Practicum/Internship Handbook. Have your field site supervisor verify this record by signing and dating the form. **Keep a copy for your records.**
4. Provide the signed and dated *Between-Semester Log* to your Internship II instructor on the first night of class. Record these hours in the space provided on the Internship Record of Hours that you are using for Internship II semester. The *Between-Semester Log* will be placed in your department file.

RESPONSIBILITIES OF FIELD SITE PLACEMENTS – CLINICAL AGENCY

Thank you for your interest in providing a field placement to an advanced student in the counseling program at Texas A&M University-Commerce (TAMUC). Counselor trainees are responsible for making the initial contact with potential field sites to discuss practicum and/or internship placement. The field site selects counselor trainees based on its own criteria. This document briefly outlines the requirements and policies established by the Counseling Program for field site placements.

Our program is a 60-hour master's degree program offering clinical mental health counseling track. The TAMUC counseling program is nationally accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP) and adheres to CACREP guidelines for field site experiences. The clinical sequence of the counseling program includes 6 courses: 3 skills- based counseling courses (introduction, pre-practicum, group counseling) followed by 3 field site placements in which counselor trainees work directly with clients: Practicum, Internship I, and Internship II.

FIELD SITE RESPONSIBILITIES DURING PRACTICUM & INTERNSHIP

Practicum is an initial supervised clinical experience in which the student develops basic counseling and conceptual skills and integrates professional knowledge under close supervision. During practicum the student engages in a broad range of clinical activities similar to those provided by a professional counselor. Practicum must be completed in one semester and earns 3 credit hours.

Internship is an *advanced supervised* clinical experience (following practicum) in which the student refines and enhances counseling and conceptual skills then integrates professional knowledge under close supervision. Internship approximates a full-time counseling position and is considered the “capstone” experience in the counseling program. Internship is completed over two semesters and earns 6 semester hours. Internship I & II trainees often continue at the same field placement site they used for practicum but are not required to do so. The field site supervisor and the counselor trainee should consult regarding continuation of field site placement from practicum to internship.

During Practicum & Internship the Field Site is expected to:

- Provide a consistent client case load so that trainees can reasonably expect to generate during the semester a minimum **40 hours** of direct client contact during practicum & **120 hours** of direct client contact during each of two internships. Direct contact means the trainee provides face-to-face individual, family or group counseling services, outreach services, and consultation.
- Provide opportunities for trainee to regularly audio/video recording counseling work with informed consent. A substantial number of counseling sessions must be recorded for supervision & evaluation purposes. Use of audio/video recording for recording sessions & later review in supervision is a standard of the counselor preparation field. Recordings remain in the possession of the trainee and/or faculty instructor and all recordings are deleted by the end of the semester.
- Provide a range of experiences to acquaint the trainee with the various duties and responsibilities of a professional counselor and provide oversight of the trainee's work including orientation to the field site and its policies and procedures. Practicum trainees are expected to work 8-10 hrs. per week at their field site placement. Internship trainees are expected to work 20 hours per week at their field site placement.

- Provide a safe location and appropriate space to work. TAMUC counselor trainees are not permitted to do home visits unless accompanied by their field site supervisor. Counselor trainees are also not permitted to work alone in a building or without consultation services. Trainees who use their work setting as a field site placement must demonstrate that they will perform duties different from those currently performed (on the basis of a bachelor's degree), with a different site supervisor, and with a non-profit agency.
- Provide a qualified field site supervisor who will oversee the trainee's field site experience *and provide a minimum 1 hour weekly of individual supervision* of the trainee's work. **A qualified field site supervisor is a minimum of a master's degree in counseling or a related profession with equivalent qualifications, a minimum of two years of pertinent professional experience, including appropriate certifications and/or licenses.** The field site supervisor also provides formal evaluation of counselor trainee progress at the midpoint and end of semester. Supervisions must take place on agency property.
- Collaborate with the faculty instructor and the Director of Training & Placement, Counseling Program, TAMUC regarding placement procedures and concerns.

COUNSELOR TRAINEE RESPONSIBILITIES AT FIELD SITES DURING PRACTICUM/INTERNSHIP

- Be consistent and prompt in attendance at the field site on a regular schedule worked out with the field site supervisor.
- Provide counseling and counseling-related services consistent with the trainee's level of training and supervision and the duties of a full-time professional counselor.
- Follow the field site's policies and procedures and the directives of field site supervisors. Be consistent and prompt in attendance at campus and site supervisions. Dress and behave in a professional manner consistent with the practices of the field site placement.
- Adhere to the ethical guidelines of the American Counseling Association
- Maintain documentation in good order from campus and/or field site.

TAMUC COUNSELING PROGRAM RESPONSIBILITIES DURING PRACTICUM/INTERNSHIP

- Provide a qualified course instructor available for consultation with the field site supervisor regarding trainee progress.
- *Practicum*: Provide 1 hr weekly individual supervision with faculty instructor or doctoral student supervisor and weekly group supervision (class).
- *Internship*: Provide weekly group supervision with faculty instructor. Supervisions are mainly focused on review and discussion of counseling session recordings provided by the counselor trainee.
- Collaborate with the field placement site regarding placement procedures and concerns. The designated contact person in the counseling program is the Director of Training & Placement

We hope this document provides sufficient introduction to the guidelines for field placement sites used by the Counseling Program, TAMUC. We look forward to working with you to provide future professional counselors with superior training opportunities.

Please contact the Director of Training & Placement for more information or to discuss concerns.

RETENTION/DISMISSAL PROCEDURE

All students admitted to Counseling programs will receive a copy of this document and a copy of the current Counseling Student Competency Evaluation upon acceptance into the program. It is the responsibility of the student to review this document and to inquire as to current revisions that may be applicable.

Academic dismissal will result from failure to maintain the university's required grade-point average.

The student should consult the appropriate university catalog regarding academic probation and suspension from degree programs.

Any student who wishes to contest a final grade shall follow the provisions outlined in Texas A&M University-Commerce Procedure 13.99.99.R0.05.

In order to receive a master's degree and/or be recommended for school counselor certification, the student must pass the Program's *Master's Comprehensive Examination*. Students receiving a doctorate must pass the *Doctoral Comprehensive Examination*.

Master's program: The following course grades are required for progression in the clinical skills sequence: COUN 516 (Pre-practicum) requires a grade of "B" or higher; COUN 548, COUN 551 (Practicum), COUN 552 (1st), and COUN 551 (2nd) require grades of "S".

Doctoral program: a course grade of "S" is required to progress from one doctoral internship to another.

In accordance with Texas A&M University-Commerce Procedure 13.99.99.R0.10 (Academic Honesty), a student may be suspended or expelled for academic dishonesty, including, but not limited to, cheating, falsifying assignments, and plagiarism. If the student disagrees with the charge or level of penalty related to academic honesty, University procedure 13.99.99.R0.10 provides the appeals process.

University Procedure 11.04.99.R0.16 (Academic Probation, Retention and Suspension from Graduate Programs) states "individual departments may reserve the right to suspend from their programs, students who, in their judgment, would not meet the professional expectations of the field for which they are training." (Revised April 2004). Therefore, a student who fails to demonstrate appropriate communication, interpersonal, or professional skills as identified by a faculty member may be required by the department to seek remediation including, but not limited to, repeating a clinical skills course and/or receiving counseling. In addition, a student who demonstrates personal limitations that impede professional performance, who is harmful to clients, or who violates ethical standards, may be asked to leave the program.

The Counseling Program is obligated by professional ethics and University procedure to assess students as to their potential for meeting the expectations of the professional counseling field. The *Code of Ethics of the American Counseling Association* (2014) includes the following:

- F.8.a. *Standards for Students.* Counselors-in-training have a responsibility to understand and follow the ACA Code of Ethics and adhere to applicable laws, regulatory policies, and rules and policies governing professional staff behavior at the agency or placement setting. Students have the same obligation to clients as those required of professional counselors. (See C.1., H.1.)
- F.8.b. *Impairment.* Counselors-in-training refrain from offering or providing counseling services when their physical, mental, or emotional problems are likely to harm a client or others. They are alert to the signs of impairment, seek assistance for problems, and notify their program supervisors when they are aware that they are unable to effectively provide services. In addition, they seek appropriate professional

services for themselves to remediate the problems that are interfering with their ability to provide services to others. (See A.1., C.2.d., C.2.g.)

Retention/Dismissal Procedures (9.5.07), cont.

- F.9.b. *Limitations*. Counselor educators, throughout ongoing evaluation and appraisal, are aware of and address the inability of some students to achieve counseling competencies that might impede performance. Counselor educators 1. assist students in securing remedial assistance when needed, 2. seek professional consultation and document their decision to dismiss or refer students for assistance, and ensure that students have recourse in a timely manner to address decisions to require them to seek assistance or to dismiss them and provide students with due process according to institutional policies and procedures. (See C.2.g.)

RETENTION/DISMISSAL PROCEDURE

If a faculty member has sufficient concern regarding the personal limitations of a student she/he should consult with colleagues and with the Department Head.

1. The faculty member will confer with the student, clarifying that the student's continuation in the program could come under review according to the Department's *Retention/Dismissal Procedure*. The faculty member will document concerns using a *Counseling Student Competency Evaluation* form (CSCE). If warranted, a remediation plan will be developed, including a review date. Copies of the completed CSCE and remediation plan will be placed in the student's Department file and given to the student. It is the responsibility of the faculty member to monitor the remediation plan according to the review date and provide follow-up documentation in the student's file.
2. If an agreement is **NOT** reached with the student, if the student fails to progress satisfactorily after the conference, or if the situation is of a nature that suggests Departmental action might be necessary, the faculty member will consult with the Department Head regarding options. If resolution is not reached at this point, the Department Head will refer the matter to the Departmental Retention Committee (DRC). The faculty member will provide the DRC with a written summary of the situation, other pertinent documentation, and his/her recommendation. The DRC may consult with other professionals as appropriate.
3. The Department Head will notify the student in writing that the DRC will review the matter and that the student may (a) prepare a written statement for the committee's consideration and (b) has the option to appear before the committee in person. If the student wishes to present a written statement to the DRC, this is due within 14 days of the date of the notification letter from the Department Head. If the student wishes to appear before the DRC in person, the student must notify the committee chair in writing within 14 days of the date of the notification letter from the Department Head. The DRC chair will establish the date, time, and location of the meeting and inform the student in writing.
4. The DRC will make its decision regarding the case and inform the student in writing, with a copy to the Department Head. If the student wishes to appeal, the appeal goes to the Dean for Graduate Studies and Research

The Counseling Program is obligated by professional ethics (see ACA Code of Ethics, 2014) and University procedure to assess students as to their potential for meeting the expectations of the professional counseling field. The competencies outlined in this document (CSCE) are specific to professional counseling and are in addition to academic requirements. The Counseling Program may suspend from the program any students judged incapable of meeting these expectations. Procedures regarding potential dismissal are outlined in the Program's Retention/Dismissal Procedure.

The CSCE may be used by any faculty member with any student enrolled in a Counseling course to provide that student with feedback regarding their potential for meeting the expectations of the professional counseling field and the Department. Completion of a CSCE is required in the following courses: COUN 516, COUN 548, COUN 551, COUN 552, COUN 620, and COUN 660. **Each use of the CSCE must be placed in the student's Department file along with any remediation plan developed by the faculty in conference with the student.**
