PROFILE

As a trained and experienced school counselor, private practice counselor, and LPC-supervisor, I have worked extensively in the field of mental health, education, and related services. I have worked in both the public and private sectors, with teams and independently, gaining expertise in adolescent and family therapy, mediation, academic advising, college and career development, counselor education, and in working with individuals with learning disabilities and at-risk youth.

OBJECTIVE

I am seeking a teaching position at a college or university to assist in the implementation of counselor education on campus and remotely. I feel my expertise in working in the field will also enhance my abilities as a professor and support me in connecting with counseling-students. As an LPC-Supervisor, I can also provide supervision services for graduate students and counseling associates.

JENNY GAGNON, M.ED., LPC-S COUNSELOR
