- VIII.** *I am instrumental for developing a new statistics course -Statistical Applications- which is now in the university catalog as GBUS 580. The course outline and efforts to get it approved came from me.*
- IX.** *Developed "Computer materials" for accessing Statistical Analysis Systems (SAS) from the Main Frame and for use of EASY-STAT computer software. These are the main packages used in our statistics courses. None of these materials were put together before. In this sense, the effort was fruitful and has continued to help our teaching of statistics.*
- X.** *Helped 4 faculty members solve their dissertation bottlenecks.*
- XI.** *Helped 3 faculty members to get their research work submitted to good journals.*
- XII.** *Gave a workshop in College of Business (TAMU-C) on "Pooling Time and Cross Sectional Data" in 1988.*
- XIII.** *At the present I am working with 4 PhD students on their dissertations. One student is from SMU, Dallas, two other from UNT, and Colorado State University.*
- XIV.** *Panel of Scholarship Speakers on "Fast Track to Tenure: Publishing Without Perishing in a Teaching University" Organized by Faculty Development Committee April 14, 1994.*
- XV.** *Established a Department Gift/Condolence Fund, which continues to be needed: Current balance is about \$300.*
- XVI.** *Taught PhD students in the College of Business Administration at Drexel University, Philadelphia, "Statistical Applications and Data Analysis," - 2 weeks workshop, Summer 1988.*
- XVII.** *Corrected the entire chapter on Multiple Regression in Business Statistics by Johnson and Siskin for Duxberry Press.*
